# THE PHILADELPHIA Real Estate Record AND BUILDERS' GUIDE.

DEVOTED TO REAL ESTATE, BUILDING, ARCHITECTURAL AND INSURANCE INTERESTS.

[ENTERED AT THE PHILADELPHIA POST OFFICE AS SECOND-CLASS MATTER.]

VOL. VI.—No. 16.

PHILADELPHIA, WEDNESDAY, APRIL 22, 1891.

PRICE 15 CENTS.

A well known Philadelphia architect would like to know why the architects of this city have not been recognized in any way by the committee having in hand the matter of sketches and plans for the buildings of the World's Fair. In spite of this inexplicable oversight, two Philadelphia architects will be represented independently of the committee, one a woman—who will draw the plans for the Isabella Pavilion, and the other Mr. Windrim, whose position as Supervising Architect will insure him representation in the Government building or buildings. As a class, Philadelphia architects are equal to those of any other city, and examples of their work are not confined to the limits of Philadelphia by any means. Why one, at least, was not selected by the Committee on Ground and Buildings is a question no one as yet has seen fit to answer. New York is represented by Richard M. Hunt, G. B. Post and McKimm, Meade & White; Boston by Peabody & Stearns; Kansas City by Van Brunt & Company, and Chicago by H. I. Cobb, Adler & Sullivan, Burling & Whitehouse, W. L. B. Jenney and S. S. Beman. Out of these sixteen or eighteen required architects it strikes one that Philadelphia deserved some consideration, and a chance for her architects to show their mettle.

PHILADELPHIA, WED'Y. APR. 22d, 1891.

For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communications for publication may be left.

#### Architects Notes.

Minerva Parker architect, 14 S. Broad street, is making plans for a residence for Mrs. E. L. McCammon, to be erected at Gettysburg, Pa., to be of stone and shingle, two-and-a-half stories high, hot air heat, electric bells and all modern improvements, etc.

John T. Windrim architect, 132 S. Third street, will prepare plans for an elegant house, which the Hon. Edwin S. Stuart, will erect upon a lot owned by him on Broad street, above Tasker. It is too early for plans in detail, but the structure will be quite ornamental and furnished with all modern comforts and be in keeping with the class of homes in that vicinity.

A. J. Dempwolf, York, Pa., has made plans for the new church of the Trinity Lutheran congregation, of Coatesville, Pa. The estimated cost when completed, is \$12,000. The building committee is composed of Frederick Slotter, James P. Moffit, James S. Russell, Rich Strode, John S. Hope, H. K. Kurtz, Wm. Mann and David Bard. As soon as the specifications are made, the committee will ask for bids.

George Nattres architect, 430 Walnut street, Philada., has made plans for a house 19x50 feet, three-stories high, with bays, brick, stone trimmings, slate roof, porch at main entrance, interior hard wood finish, hot air heat, best of sanitary plumbing, etc. Contract given to Will T. Wilkins, contractor, 430 Walnut street, Philada. The structure will be erected at Thirty-eighth and Hamilton streets, West Philadelphia.

Will H. Decker architect, 1407 1/2 Chestnut street, Philada., has placed upon the boards of a number of contractors, the plans and specifications of the John F. Betz office building, which is to occupy the S. E. corner of Penn Square and Broad street, for estimates. This structure has been fully described in this journal, in previous issues. Work will be commenced as soon as award of contract has been made.

Isaac Pursell architect, 119 S. Fourth street, Philada., has finished plans for erection of a large four-story structure, at Broad street and Ridge avenue, east side, for M. M. Owens, owner of the site and present occupant. The new building will be largely of iron, ornamented by copper work, also considerable press brick and some stone trimmings. First floor will be for stores and the upper floors will be used for society and club purposes. It is expected work will be commenced at an early day.

J. C. Worthington architect, 1305 Arch street, Philada., has made plans for alteration and rebuilding many of the old properties standing on Girard avenue, between Fortieth and Forty-first streets, which were erected during the Centennial Exhibition. William Trautwine and Henry Goldbeck, owners of the above properties, intend to make these houses second to none in the way of fine homes, fitted with every convenience. Estimates will be invited for the work at an early day.

Harrison Albright architect, 508 Walnut street, Philada., has made sketches for First Baptist church, of Charleston, West Virginia and they have been adopted by the building committee. Work will be commenced at an early day. Excavations have been made for the hotel, at Kanawha City, W. Va.; also for a smaller Inn, at same place, the work upon each, being awarded to the several sub contractors. Mr. Albright has in preparation, drawings for several other large buildings in same locality.

Otto C. Wolf architect and engineer, Broad and Arch streets, Philada., has made plans and specifications for a large grain storage house, for the Louis Bergdoll Brewing Company, to be erected on site bounded by Parrish, Twenty-ninth street and Fairmount Park. The structure will be of stone, iron and wood, and considerable corrugated iron, used in the general construction. Concrete work for foundation and cement flooring. It will be supplied with all modern improvements. Plans are now upon boards of contractors for estimate.

Yarnall & Goforth architects, 14 So. Broad street, Philada., are engaged on plans for a large Hotel, to be erected at Shendun, Va., to be three and a half stories high, buff brick, stone trimmings and Spanish tile roof. Handsome facades and entrances of ornamental design, will be quite a feature. The structure will be built as a hollow square, which will be utilized for a court-yard and a grand driveway introduced. The interior will be in hard woods, fresco work, handsome wall paper, unique hardware on doors and windows, which will be mainly of French plate, lavatories, baths and closets, to be of the best sanitary designs, elevators and electric work, steam heat and all modern conveniences will be introduced. The same architects are filling in detail work upon a large school-house, heretofore noted in this journal, as well as considerable other Southern work.

T. Frank Miller architect, 1221 Arch street Philada., has made plans for a number of fine three-story houses, to be erected by the Messrs. Gunn, of Toga, on Carlisle street and Allegheny avenue. All to have yards and porches in front, to be of stone and very artistic in architecture. The cellars are to be floored with cement and each dwelling fitted with electric work, steam

heat and all conveniences. Also plans for nine three-story houses, to be erected at Bangor, Pa., by O. W. Boskirk. They are to be of brick, facings and steps of slate, interior of hard wood and fitted with modern improvements. Same architect has made drawings for extensive alterations and additions to the house of J. C. Miller, at Bangor, Pa. These contemplate remodeling interior and addition of a story upon rear building. The cellar to be floored with cement and steam heat introduced. A fine National Bank will be commenced in a few days, at same place under his supervision.

#### Building and Real Estate Notes.

Messrs. Walker & Milner, of Frankford, are the contractors for the new St. Luke Reformed Episcopal church.

Edward De V. Morrell, of Tacouy, Phila., has purchased 29 acres of ground, located on Bristol pike, from A. B. Stevenson, for \$29,000.

Jacob Myers, 1315 Sansom street, Philada., has been awarded the contract for the improvements to Secretary Blaine's residence, at Washington, D. C.

James Hood builder, 212 New street, is about to erect sixteen fine three story houses on Fortieth, between Aspen and Fairmount avenue, of press brick, stone trimmings and best of modern conveniences.

Thomas H. Connell, has been awarded the contract for the new parkway, at Wilmington, Del., by the Park Commission, of that place. Contract price, \$15,038 68. The road will be 6000 feet long, 150 feet wide.

Fred J. Amweg contractor, Lucas Building, Chestnut and Juniper streets, Phila., has been awarded the contract for the erection of the Hamilton school, at Forty-first and Chestnut streets. Contract price about \$35,000.

Edwd. J. Toole, real estate operator and builder, 913 Walnut street will erect a row of nineteen houses, two-story, on south side of Oakford, west of Twenty-seventh street, all to be of press brick, stone trimmings and best modern conveniences.

The Real Estate Investment Company has taken title to the S. E. corner of Twelfth and Locust streets, from Wm. H. Morris, for \$2,000, subject to a ground rent of \$57, and a mortgage of \$8,000; also, to a property on Bradford street north of Pine, for \$2,500.

After opening the bids for erection of the police and fire station, at Roxboro, they were found to be in excess of amount appropriated, which is \$15,000. No contract was awarded and cannot be, unless Councils raise the amounts by items from other appropriations.

Geo. F. Payne & Co. contractors, 401 S. Juniper street, Philada., will erect the six-story addition to factory of Hale & Kilburn Manufacturing Company, on Sixth street below Arch. This will be of brick and stone and fitted with modern improvements and conveniences.

William F. Albrecht builder, will at once begin the erection of twenty, two-story houses, on Arizona avenue, west of Thirty-first street, and seven of the same kind on west side of Thirty-first, north of Herman. All to be of brick, stone trimmings, etc.

Work will at once commence on the Jewish Educational Society school, to be erected at Tenth and Carpenter streets. The work will be under supervision of Will H. Decker architect, 1407 1/2 Chestnut street, who drew the plans. P. H. Somerset is the contractor for the work.

Arrangements have been made by the Grace Baptist Church Mission, to purchase lots on north Broad street, for the erection of a chapel and probably the organization of a larger church. The work is at present being carried on under the title of the "Tioga branch," of the Grace church.

Charles A. Porter, 1902 Green street, contractor, is to at once begin the work of construction of the Manufacturer's Electric Light plant, which consists of two buildings, one 50x121 feet the other, 47 1/2x151 feet, each two stories high, of brick, stone trimmings and fitted with powerful and most approved machinery.

GEO. C. NEWMAN.

ADOLPH NEWMAN.

**The One Thing Needful**

in a building nowadays is Terra-Cotta,  
 and this for many reasons. We pre-  
 sent two of them:

**First.**

The object of building is perman-  
 ency. A house, or a church, or a  
 theater is not put up to be blown down  
 or destroyed by time. It is built to last,  
 otherwise the money and labor spent  
 in its erection are wasted. It naturally  
 follows that the material which is not  
 vulnerable to fire, penetrable by water  
 or destructible by time is the best to  
 use in building. That material is  
 Terra-Cotta.

**Second.**

A great aim in modern building is  
 beauty of ornamentation. But stone,  
 marble and granite have to be carved  
 at great cost. With superior strength  
 and lightness, Terra-Cotta can be  
 easily and quickly molded to any de-  
 sired shape, size or design, and at far  
 less cost than any other material.

There are no disadvantages attached  
 to the use of Terra-Cotta; on the con-  
 trary, its advantages are far greater  
 than those possessed by any other  
 building material.

## Men who Build HOUSES

### Need To Buy Ranges !

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

There has been a growing demand for Lamps in **WROUGHT IRON**. No one has shown a full line of these goods. As the oldest house in the Lamp business, and desiring to keep up with the times, we feel that no want of the public in our line should be neglected.

We therefore have placed on sale the finest display of these goods. Consisting of

**PIANO, BANQUET,  
TABLE AND HALL  
LAMPS.**

Prices are very reasonable, and designs truly artistic. We also show a fine line of

**Onyx, Gold-Plated, Silver & Bronze  
LAMPS,  
AT POPULAR PRICES.**

We desire the trade of suburban builders, and will be pleased to mail you illustrated sheets, with price attached.

We offer a complete outfit for a 9-room house for \$25. We have all the improved burners, and will assist by our experience, in making suitable selections.

JOHN N. GALLAGHER, Prop'r.

PHILADELPHIA, WED'Y. APR. 29th, 1891.

For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communications for publication may be left.

The enterprising firm of N. & G. Taylor Co., 301 Branch street, Philada., has completed arrangements by which it is enabled to supply its customers with genuine American Tin Plate, from its own factory, particularly that well known and justly appreciated brand known as the "Old Style" brand of roofing tin and whose guarantee will now possess an added value. Although the company is now prepared to make American Tin and Terne plates at once, it will be impossible to supply the trade in general for a few weeks to come. This firm is the first of importers to make its own fine grades of goods, a step in a new path of American industry, deserving the highest commendation and of importance not only to the trade, but to the country at large.

#### Lot Buyers.

*Architects and others had better correspond with the following lot buyers, as many of them contemplate building.*

At Germantown, Philada., Calvary Episcopal church, will be enlarged. The improvements will include new pews, better ventilation, etc. Rev. Dr. De Wolf Perry, rector. J. Gates and Joseph S. Harris, committee.

The School Directors of the 35th Ward, have petitioned the Board of Education, to ask Council to appropriate the sum of \$1,000 for the purchase of a lot at Lawndale, upon which to erect a new school house.

James H. Stevenson & Son, builders, are about to begin another operation of three story houses on Thirty-first street, north of Diamond street. All to be of press brick, stone trimmings and best of modern conveniences.

Charles A. Warfield builder, has began a large operation of two and three-story houses, at

Twenty-eighth and Cumberland streets. All to be of press brick, stone facings and steps, with best of modern conveniences. Mr. Warfield supervises the construction in person.

A start will be made during this week, upon the new Memorial Presbyterian church, at S.W. corner of Nineteenth and York streets. Structure to be of brick and stone, two-stories high, steeple in front, handsomely finished on interior and will cost about \$50,000.

The Building Committee of the Wyoming avenue Baptist Mission, consisting of E. P. Frick, Thomas Harvey and David Tetlow, has purchased four lots of ground on Wyoming avenue, North-east of Front street, on which it is proposed to erect a chapel, at once. It will be 32x78 feet in size, one story high.

The Fourth Presbyterian congregation, has purchased a lot 105x125 feet at Forty-seventh street and Kingsessing avenue, upon which it is proposed to erect a church and chapel. This congregation recently sold its church to the colored R. C. congregation. The pastor is Rev. W. N. Richie, 2220 Christian street, Philada.

The contracts for work upon the parochial buildings of St. Malachy's R. C. church, Eleventh and Jefferson streets, Philada., and those of the church of St. Aloysius, R. C., at Pottstown Pa., are being let under the supervision of P. A. Welsh architect, 429 Walnut street, Phila., who drew plans for both structures.

John G. Ruff builder, 619 Cherry street, Phila., is about to erect quite a number of fine houses, at North College avenue and Ridge Road and extending to Market street. These will be built after plans by M. S. Rainey and will be fitted with every modern convenience. These are to stand upon the site now occupied by an old sash and door mill.

Messrs Flanigan & Beverlin builders, are about to begin an operation of two and three-story houses, on Fifteenth street, below Moore and upon both sides of the street. These will be of press brick, trimmed in sandstone and marble. The interior will be models of comfort, having all modern conveniences. These gentlemen have an office on the ground.

John Stafford builder, 1606 Susquehanna avenue, will begin at once, an operation of fifty-four houses, two and three-story, of which, twenty-four will be on Hazel street and twenty-four on Dakota street, west of Fifteenth, six more on Cumberland street, north side, west of Fifteenth, all to be of press brick fronts, stone trimmings and best of modern conveniences on interior.

The Stock Company formed out of the owners of stock in the Twelfth street market, say a hotel will be erected upon another site in the immediate vicinity, should the decision of the Supreme Court, be adverse to the Company in its appeal. nothing is attracting more attention at present than Terra-Cotta.

There is nothing new about it except its popularity. The material, for building purposes, was known to the ancient Greeks and Romans.

It is therefore strange that Americans, who revere antiquity, should have been slow to appreciate a connecting link between to-day and 2000 years ago.

But it is not strange that, when appreciated, it has immediately become popular. Its beauty, strength, lightness, indestructibility, commend it to builders and architects.

Fire-proof, damp-proof, time-proof, it surpasses every other building material known. A common thing like a fire-place, for instance, becomes a work of art when constructed of Terra Cotta. Its cost is less than that of stone.

### EXCELSIOR RANGES.

\* 24 Sizes and Varieties. \*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot-air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers,

**Isaac A. Sheppard & Co.,** 4th STREET AND MONTGOMERY AVENUE, PHILADELPHIA,

All responsible Dealers supply them.

for their pamphlet "Perfect Cooking" giving full description.

## Men who Build HOUSES

### Need To Buy Ranges!

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

### Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

"Excelsior" or the "Fidelity?"

### FIDELITY RANGES.

7 and 8 inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle, Hot Water in abundance. The latest and the best of their class.

John E. Vallee.

Sidney M. Burk.

Cope & Stewardson architects, 320-4 Walnut street, Philada., are asking bids for erection of additional buildings to House of Refuge. These are to be of stone, brick and iron, with slate roofs and have been noted before in this journal.

Angus S. Wade, 20 S. Broad street, Philada., has made plans for five dwellings and a stable, to be erected at Twenty-seventh and York sts., for Mr. David Mann. They will contain all modern improvements.

John Fraser & Son architects, 413 Walnut street, Philada., are engaged on plans for three dwelling houses to be erected in the city of Washington, D. C., to be two-and-a-half stories, with basement, brick and stone, fitted with all modern conveniences.

The plans prepared by Furness, Evans & Co., architects, 209 S. Third street, Philada., for a new Women's department, to be erected at the Pennsylvania Hospital for the Insane, has been approved and the contracts will now be made, when estimates have been submitted.

All bids for the John F. Betz Building, at Broad and Penn Square, must be in by May 5, at office of Will H. Decker architect, 1407 1/2 Chestnut street, after which, they will be considered and the contract given out. This will likely be the work of but a few days.

O. S. Teale architect, Roselle, Pa., has prepared plans for a church to be erected at that place, in Union Co, Pa., to be two-stories high.

frame and stone, with slate roof, steam heat, plain and stained glass, inside blinds and good modern comforts and conveniences.

Frank R. Watson architect, 518 Walnut street, Philada., has awarded Wilson, Milnor & Co., the contract for superstructure of St. Luke's P. E. church, to be erected under his supervision at Frankford, Philada., a full description of which, has been given in former edition of this journal.

Minerva Parker architect, 14 S. Broad street, Philada., is engaged on plans for a pair of brick houses, colonial in style, three-stories high, to be built of brick and stone, fitted on interior with electric bells and all modern conveniences. They are to be built for Miss Mary Campbell, on School Lane, Germantown.

Hazelhurst & Huckel architects, 410 Walnut street, Philada , some time ago completed the plans for alteration and addition to the church of the Restoration, (Universalist) at Sixteenth and Master streets and awarded the contract to W. W. Rea & Son, who will at once begin the work under supervision of the above named architects.

Louis C. Hickman and O. Frochter architects, Penn Mutual Life Building, Chestnut street, below Tenth, Philada., have drawn competitive plans, which have been accepted, for the erection of a synagogue, by the Keneseth Israel congregation, upon a lot of ground, Broad street below Susquehanna avenue. The style of architecture will be Italian Renaissance and the struc-

ture will be surmounted by an immense dome, building to be 120x150 feet in size. Seating capacity will be about 1700.

Edwin F. Bertolette architect, 257 S. Fourth street, Philada., has made plans for a public school building, at Pottstown, Pa., and is at present receiving estimates. The structure is three-stories high, base ash-colored stone, rock-faced, remaining two stories, of red brick, slate roof, interior to have steam heat, hard wood finish, and considerable iron work, doors and windows are very ornamental, there are three main exits. All modern improvements; also alteration to the building at N. E corner of Third and Chestnut streets, which will consist of considerable interior work and additional story, stairways, enlarged, etc.

J. F. Stuckert architect, 524 Walnut street, Philada., is now engaged upon elaborate plans for a hotel to be erected by a syndicate, at N W. corner of Twelfth and Market streets, opposite the site of the Philada., & Reading, proposed Terminal. This company is headed by Mr. Chas. H. Vendig, seegar dealer, 637 Market street and others, quite as prominent. It is to have a front of 50 feet by 100 feet in depth. The structure will be quite ornamental and will be of stone and fancy brick work, fitted on interior with all modern improvements, elevators, electric work, culinary department unexcelled, well heated by steam and well ventilated by the best methods, sanitary plumbing, etc. Cost will be about \$250,000.

PHILADELPHIA, WED'Y. MAY 6th, 1891.

For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communications for publication may be left.

Will the subscriber who paid about 2 o'clock Thursday to the office boy, please send his name, as it was not taken by the boy and credit cannot be given for it.

ONE of the vacant places in the Board of Inspectors of the Eastern Penitentiary has been filled by the Governor, in the selection of W. Frederick Snyder, the well-known conveyancer and real estate agent. This appointment in connection with the selection of Mr. Windrim, the architect, for Director of Public Works by Mayor Stuart is a timely recognition of the real estate and building interests of this city. It is only fair to add that there is plenty of like timber among the associates of these gentlemen waiting for a call to do good service for Philadelphia.

At Chicago, Ill., the Building fund of the Chicago University, has been increased to \$1,250,000, and the trustees have decided to purchase additional ground. The erection of buildings for the academical department will be commenced at once. Prof. W. E. Harper, of New Haven, will be at the head of the new institution.

#### Building and Real Estate Notes.

J. Ross Ritter, contemplates enlarging the Drawing Room, at Fortieth and Locust streets, Philada.

The Berkshire mills on Church street near Josephine, Frankford, are about to erect a new boiler house.

George Roney, Director of Public Safety, of Philadelphia, favors the erection of a police and patrol station, at Chestnut Hill. Action will be recommended strongly to City Councils.

Firth & Foster, will erect a large factory building on Taylor street, west of Emerald, to be of brick, 113x54 ft, three stories high and fitted with the necessary outfit of convenience.

Ground has been broken at Holmesburg, Philada., for two brick stores, for the estate of Joseph Brown. Charles W. Fetter has been awarded the contract for erection.

James E. Dingee, brick-maker, Twenty-sixth and York streets, will rebuild at once, the portion of his works destroyed by fire. New machinery will also be put in.

A club headed by Mr. Morrell, has purchased the estate of J. B. Myers, Bories and E. Hopkins, and will make a summer boarding house out of the Hopkins property. A number of cottages will also be erected.

East Allegheny avenue M. E. church, has just purchased a lot 50x100 feet, south side of Madison avenue, west of Frankford road. It is for the purpose of erecting a church at some future day, not as yet settled upon definitely.

Locust street is about to be paved with asphalt, from Ninth street west until it joins on the west, the improvement already made. All property owners have been notified to reset the curbing along the line, previous to paving.

James C. Moore, builder, 4201 Walnut street, will soon begin nine new two-story houses, on Almond street near Allegheny avenue. These are to be pressed brick, stone trimmings, interior in hard pine and best modern conveniences.

The Fidelity Insurance Trust and Safe Deposit Company has purchased two additional lots on Fourth street, north of Chestnut, east side, and adjoining those already owned by them. It is believed with a view of enlarging the present building at some future day.

James H. Lyons, builder, 19 North 9th street, is starting a row of six three-story houses south side of Brown street, west of Twenty-fifth, dimensions will be 15x44 feet, all to be of press brick, marble facings and best of interior work as well as modern conveniences.

G. W. Stewart, contractor, 2536 North 6th street, has been given the contract for the large office building of John Bromley & Sons. This structure is five stories high, brick and stone, and fitted with steam heat, electric work, elevators and modern conveniences.

The Lester Piano Company, 1308 Chestnut street, Phila., has purchased a fine lot at northwest corner of Twentieth and Clearfield streets, and propose to erect thereon, an immense factory at a future day; lot is 101 1/4 x 225 feet, price paid \$4,500.

Messrs. Widener & Elkins, have just concluded a large purchase of land at Broad and Ritner streets. This in conjunction with former purchases in the vicinity, gives them a large scope for the building operations, which they intend to inaugurate in the near future.

The Abram Cox Stove Company, 144 North Second street, owing to the great increase in business is about to erect another foundry on the east side of American north of Dauphin street, this structure will be 42 1/2 x 48 feet, two-stories high, brick and stone, work will be started at an early day.

James B. Carey, carpenter, 3806 North Broad street, is about starting an operation of twenty-six three-story houses on north side of Lehigh avenue west of Twenty sixth street, they are to be 16x30 feet, press brick and stone facings, interiors to be in hard woods, mantels, etc., all the latest improvements will be introduced.

Hunter & Nock, builders, Drexel building, are about to start a fine row of houses on Columbia ave, east of Thirty-second st, all to be of press brick front, ornate finish, stone trimmings whilst the interior will be models of comfort in plumbing, electric work and fine wall paper, all modern conveniences.

George F. Payne & Co., contractors, 401 S. Juniper street, Philada., has taken the contract to erect a foundry for Stanley G. Flagg & Co., on north side of Pennsylvania avenue, west of

Nineteenth street. The structure will be 32x101 feet, two-stories high and has been noted in previous issues of this journal.

The Columbia Iron Foundry Company, 1631 N. Fifth street, (Steel, Van Rossum & Co.,) has given the contract for erecting the works of its immense plant at Jackson and Sixth streets, Camden, N. J., to Harry Foulkes, contractor, of Camden and work will be commenced at an early day. A full description of this work was given in this journal, April 1, 1891.

E. A. Roth builder, 1638 N. Twenty-sixth street, has been given the contract to erect the large market house, at Seventh and Callowhill streets and of which plans were described in full in this journal, some months since. The structure will stand on west side of Seventh south of Callowhill street, and be 114x110 feet in size. Work begins at once.

Wilson Bros, architects and engineers, Drexel Building, for the Reading Terminal, have made two large contracts for the work upon that structure, north of Cherry street. are rapidly rising throughout America. Most of them are built for posterity, to show succeeding centuries that we have built strongly, wisely and well.

These are largely constructed of Terra-Cotta, which laughs at corroding time and the devouring elements. Fire, water and age alike are powerless to injure it. It is the strongest, lightest and cheapest building material known.

**And its beauty !**

Easily and rapidly fashioned into the most tasteful and artistic designs, of varied and attractive colors, it stands to-day without a rival. Stone, marble, iron and wood are insignificant in strength, endurance, and beauty when compared with it.

For capitals, columns, panels, corbels, all tracery and ornamentation, it has no peer. Fire-places are enriched by it and made impervious to fire.

No modern dwelling should be constructed without it.

## EXCELSIOR RANGES.

\* 24 Sizes and Varieties. \*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot-air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers,

All responsible Dealers supply them.

Isaac A. Sheppard & Co., 4th STREET, AND MONTGOMERY AVENUE, PHILADELPHIA, for their pamphlet "Perfect Cooking" giving full description.

## Men who Build HOUSES

### Need To Buy Ranges !

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

### Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

### "Excelsior" or the "Fidelity ?"

## FIDELITY RANGES.

7 and 8 inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle, Hot Water in abundance. The latest and the best of their class.

Harold Godwin architect, 905 Walnut street, Philada., has made drawings for alteration of house, 108 S. Thirteenth street, which will include much interior and exterior work, contractors are estimating on plans.

Henry D. Dagit architect, 122 S. Second street, Philada., has prepared plans for three fine stores and four dwellings, to be erected at Fifteenth

and South streets, to be three stories high, of brick, stone trimmings and interiors to be fitted with all modern conveniences.

Willis G. Hale architect, 1524-6 Chestnut street, Philada., drew the plans for the six, four story houses, being erected by Benjamin Ketcham & Sons, on west side of Broad street, north of Poplar, which were noted in our issue of the 13th inst. Mr. Hale will supervise the construction.

Romulo Vasquez, Holmesburg, Philada., is engaged on plans for a magnificent stone house, to be erected at 3836 Frankford avenue, for Mr. Isaac Slichter. The dimensions are 48 feet 10 inches by 80 feet 4 inches. It will have all the latest conveniences, including electric lighting, steam heat, plate glass, hard wood finish, etc.

Theophilus P. Chandler, Jr. architect, Brown Building, Fourth and Chestnut streets, Phila., is preparing plans for a handsome residence for Mr. L. Z. Leiter, of Washington, D. C. The drawings contemplate a stone and brick structure, with every modern comfort, electric work, plumbing of the best and interior decorations.

Liudley Johnson, architect, Girard Building, Philada., has made plans for a house for Mr. Bispham, at Merion, Pa., just outside the city limit, on the Main line of the P. R. R. It will be of stone, three-stories high and have all modern conveniences. Estimates are being received on the work.

T. Frank Miller architect, 1221 Arch street, Philada., is now engaged upon plans for a new structure to be erected by St. John's P. E. church, Frankford road and Cemetery Lane. They contemplate a handsome stone structure, one-story, a high tower, will be placed at one corner, plain and stained glass windows, handsome interior finish.

Collins & Auteureith architects, 410 Walnut street, Philada., have made plans for a store to be erected at 925 Market street, for Henry C. Lea, Esq., and placed them on boards for estimates. It will be a very ornate structure, four-stories high, of brick, stone and iron and fitted on the interior, with elevator and all modern conveniences.

Edward F. Durang architect, 1200 Chestnut street, Philada., has made plans for a parochial residence for R. C. church, Our Lady of Mercy, Broad street south of Susquehanna avenue. The structure is 36x75 feet, four stories high and will be in keeping with architectural style of church, stone and brick front, steam heat, hard wood finish on interior, best of plumbing and all modern conveniences.

Frank R. Watson architect, 518 Walnut street, Philada., has made plans for erection of thirteen houses, for John R. White, of the carpet firm, of Boyd, White & Co., at Twentieth and Ontario streets. The fronts are to be of pressed brick, very ornamental, with facings of English red stone. Interiors are to be fitted in hard wood and best of trimmings, with good sanitary plumbing, electric bells, etc.

W. Frisby Smith architect, 1345 Arch street, Philada., has made plans for an operation of fine houses, to be built at Thirtieth and Ridge avenue, for James H. Stevenson & Sons. They are to be three-stories high, ornamental fronts, stone facings and best of interior finish and will all be in keeping with this builder's former large

operations. Mr. Smith is also engaged on the preparation of plans for other work, which will be given in detail, in future numbers.

Wilson Bro's. architects, Drexel Building, Philada., have prepared drawings for alteration and addition to the residence of A. J. Drexel, Jr. 3804 Walnut street. These will include an additional structure in rear, which will contain an immense hall or reception room, servants quarters, etc., considerable interior work upon the main structure, will also be done. Work is to be done during the summer months and estimates will be received at once.

### EXCELSIOR RANGES.

\* 24 Sizes and Varieties. \*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot-air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers,

All responsible Dealers supply them.

Isaac A. Sheppard & Co., 4th STREET, AND MONTGOMERY AVENUE, PHILADELPHIA, for their pamphlet "Perfect Cooking" giving full description.

## Men who Build HOUSES

### Need To Buy Ranges!

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

### Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

"Excelsior" or the "Fidelity?"

### FIDELITY RANGES.

7 and 8 inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle, Hot Water in abundance. The latest and the best of their class.

John E. Vallee.

Sidney M. Burk.

### A Rare Chance for Investors.

Among the remarkable features distinguishing the present time, there is perhaps none so wonderful as the development of the South, and the "New South" has become an expression familiar to all interested in the development of the resources of our country, particularly that rich section so little known until late years. This has been brought about by various means, prominent among which, are the energy and wisdom of those who have not hesitated to invest in a field so rich in promise and returns. Among these the Staunton Development Company occupies a leading position, brought about by thorough business methods and conservative management. Many new industrial plants have been secured as the proper nucleus for a true development of this region, and on June 2 and 3, the first sale of lots will take place on the property of the company which comprises about 2500 acres of land immediately contiguous and in the thriving city of Staunton, Va. The property has been cut up into residence and industrial lots and liberal provision has been made for the accommodation of industries. Full information can be obtained by applying to The Staunton Development Company, Staunton, Va., or to D. Z. Evans, Jr., N. E. corner Fifth and Chestnut streets, Phila.

### Architect Notes.

Otto C. Wolf architect, 1345 Arch street, Phila has completed plans for a very large livery stable, two stories high, upon which estimates will be invited at an early day.

Angus S. Wade architect, 20 S. Broad street, Philada., has made plans for alteration to house of James E. Dingee, 1707 Master street. These will include introduction of modern comforts and conveniences.

Hazelhurst & Huckel architects, 410 Walnut street, Philada., have made plans for two fine houses for Mr. Gilbee, to be three stories high, of Pompeian brick, ornamented fronts, elec-

tric work, hard wood interior finish, with all modern conveniences.

William L. Bailey architect, 138 S. Fourth street, Philada., has made plans for alteration of house of Mrs. Frank D. Lalanne, 2201 Trinity Place, they consist of interior work, new dining room and stairs, enlarging library and other minor work.

David S. Gendell architect and contractor, 2219 Chestnut street, Philada., has completed plans for a large pavilion, to be attached to the Baptist Orphanage, Gray's Lane and Fifty-eighth street, to be 50x60 feet in size, the same gentleman, will have the supervision of work.

Robert T. Marshall architect, 1237 S. Fifteenth street, Philada., has prepared plans for three fine houses, to be erected at Carlisle and Diamond streets, for Price T. Lewis, Esq. These will be very ornate, of stone and brick, three-stories high and interior to be of hard wood finish, with all modern conveniences.

Romulo Vasquez, of Holmesburg, Philada., reports that he has plans prepared for a pair of two-and-a-half-story brick stores and dwellings, for Mr. George T. Mills, of Philadelphia, to be erected at Pulaski City, Va. The dimensions are 31 feet 4 inches by 87 feet 1 1/2 inches. The estimated cost is \$9,500.

J. F. Stetler architect, Middelburgh, Pa., has prepared plans for an Evangelical Lutheran church, to be erected at that place, 48x48 feet, one-story high, material, pressed brick and stone, slate roof, stained glass windows and doors, steam heat, interior hard wood finish, ventilators, fitted with pews and church furniture, pipe organ, etc. Cost about \$6,000.

F. W. & W. L. Price architects, 731 Walnut street, Philada., have made plans for an elegant residence for E. M. David of Germantown, to be two-and-a-half stories high, stone, with veranda extending half around structure, shingle roof, heat not settled definitely, hard wood finish, electric work and all modern conveniences, the contract has been given to H. D. Livezey, of Doylestown, Pa.

Wilson Eyre, Jr., architect, No. 927 Chestnut street, Philada., has made plans for two fine houses, to be erected on east side of Twenty-second street, opposite Trinity Place. They are respectively for John Neill and Frank Muran, and will be four-stories high, ornate fronts, hard wood finish, electric work, best of plumbing, each to contain two bath outfits, wood mantels, dumb waiters and all modern conveniences.

### Building and Real Estate Notes.

At Frankford, Philada., Wm M. France, has purchased a lot of ground on Unity street, on which he will erect seven dwellings. George Lindley, will also erect a number of dwellings.

J. C. Moore builder and real estate operator, 4201 Walnut street, will start a row of ten, two-story dwellings, on south side of Allegheny avenue, west of Mercer street. All to be of press brick, stone facings and good conveniences on interior.

The new Lien law, proposed by House Bill No. 230, at Harrisburg, Pa., has passed that body by a vote of 155 to 1 and is the cause of great satisfaction to the Master Builders of this city,

an endeavor will be made to push it through the Senate at an early day, after which, it goes to the Governor for his signature.

A bill to appropriate \$65,000, for boilers, dynamos, etc., is under consideration by the Legislature, for the House of Refuge, near Glenn Mills, Delaware Co., Pa. The subcommittee of the House appropriation committee, Messrs. Fow, Boyer and Baldwin, have the matter in charge.

David Carrick & Co., cracker manufacturers, 1905 Market street, have bought the large soap factory and ground, of W. T. Marks, at Twentieth and Wood streets and will erect a large bakery, 150x200 feet in size, to be of brick and furnished with steam machinery, ovens, furnaces, mixers, etc.

F. J. Amweg contractor, Lucas Building, Philada., has been given a contract to erect an electric light plant, at Seventeenth and Clearfield streets, to be in two structures of 94x73 feet and 66x86 feet, two stories high, of brick and stone and fitted with the most approved machinery. Yarnall & Goforth, 14 S. Broad street will be supervising architects.

Jacob Garber, 52 N. Thirteenth street, has contracted to erect a handsome residence, for Mr. Clay Kemble, near Glenside, Montgomery Co., Pa. It will be of Norristown stone, 58x73 feet, handsomely finished on the interior, and furnished with all modern conveniences and improvements. The estimated cost is about \$35,000. The plans have been drawn by James H. Windrim, of Philada.

The Belmont & Standard Oil Companies, located at Point Breeze, on the Schuylkill river, whose works were partially destroyed by fire on the 14th inst., will at once begin the work of rebuilding the houses and tanks, as well as the steam machinery, so badly damaged. These works comprise about eight acres of tanks, stills and houses, for manufacture of refined oils of all kinds, which are extracted from the crude material.

John Buchanan builder, has bought of Wm. Flood and others, a large plot of ground, extending from Twentieth to Twenty-second, Dauphin to York streets, upon which, about 250 houses, two and three-story, will be erected, new streets will be cut, ground graded and made ready at once. This purchase includes the large planing mill of Wm. Singerly, which will now disappear. The houses will be in keeping with other erected in same vicinity.

The Trustees of the Academy of Natural Sciences, Nineteenth and Race streets, are making special endeavors to raise the \$150,000, estimated as necessary to complete the proposed addition to the south of the main building, the foundations of which has been completed and ready for the superstructure. The Legislature of Pennsylvania, has an item in the appropriation bill of \$50,000, for the above purpose, favorably reported upon and which will likely be passed in a few days.

Samuel Hart & Son contractors, for part of construction of the Terminal road, within the limits of the city, have notified Wilson Bros., architects and engineers, Drexel building, that they will not accept the contract, because subsequent to the estimate based on certain material, the authorities of the road, have changed

the kind of stone to be used and placed too short a limit upon the time for completion of the work. It is definitely settled that a new award will be made of one half the construction.

We are authorized by the German American Trust and Title Company, Broad and Arch sts., Philada., to state in the most positive way, that the report which appeared in one of the daily papers, during the first week of the current month, to the effect that the company would erect a five-story building, at Ninth and Filbert streets and that the plans of a New York architect, had been accepted or considered, is not true. No such move is contemplated by the company, but if it were, Philadelphia architects and builders would do the work.

At a recent meeting, held by the Board of Managers of the Pennsylvania Hospital, (Kirkbrides,) the subject was discussed of removing the Insane Department, at Forty-fourth and Market streets, to a site purchased at Newtown Square, Delaware Co., Pa. This new site contains about 600 acres and comprises five farms, and cost about \$150,000. To this place, the whole department will be eventually removed. This move is made necessary by the large number of patients and the extension of the city westward. James T. Shinn, is one of the Board of Managers.

Considerable work is going on, at and about Wayne Junction, in which Walter Bird builder, is interested. Beside that now under way, Mr. Bird will erect twenty-nine two-story houses on Newcomb street and the same number on Cayuga street. These are all of first class material, press brick, stone facings and modern improvements. About sixty fine houses three-stories high and of good dimensions, being nine, ten and eleven rooms each, will be erected on the property of Mr. Lloyd Bailey, Germantown avenue, south of the Reading R. R. These like the above, will be fitted with the latest conveniences.

The new Synagogue to be erected by the Reformed congregation, Keneseth Israel, on Broad street, will be of the Italian renaissance style of architecture, with a frontage of 120 feet on Broad street and a depth of 150 feet. The seating capacity will be 1700. The base courses, pilaster columns, two towers, cornices, balustrades, etc., will be of light buff cut stone, the other portions of the exterior will be light grey brick. The floor will be of marble tiles and the seating will be semi circularly arranged, steam heat, electric and other conveniences, will be introduced. The second floor will contain school rooms, also a large room for entertainments. Rev. Joseph Krauskopf, D. D., is in charge of the congregation. Louis C. Hickman and O. Frochter, Penn Mutual Building, are the architects.

The "Philadelphia Bourse," can now be regarded as one of the fixed institutions of the city and when consummated, will be the largest organization of the kind in the United States. The general idea being to consolidate under one roof, the exchange and sale of not only stocks, bonds, investments of all kinds, but of the manufactured products of the city and those purchased in other markets. There will also be a grain market, of a varied character, a branch for iron, crude and finished, oil in all varieties. An immense exhibition hall will be one of the features. A board of directors has been chosen as follows: Francis B. Reeves, Louis H. Ayres, John Lucas, Emil P. Albrecht, Robert Dornan, Frederic Schoff, Rich'd L. Austin, Walter Wood, Edward H. Hance, Charles W. Henry, George C. Hetzel, Charles N. Thorpe, John T. Bailey, George H. McFadden, George E. Bartol, D. Levis Moore and William W. Harkness.

The appropriation of \$400,000 recently made by the city for the building of new schools was distributed yesterday by Committees on Property of the Board of Education and Councils on Schools, as follows: The Eighteenth section received \$61,000, for a new Twenty-one division school; the Twenty sixth, \$55,000, for the erection of a school, at Twenty-first and Moore streets; the Twenty-seventh, \$50,000, for a new school at Thirty-sixth and Chestnut; to the

Twenty-eighth section, \$50,000 was awarded for a new school at Sixteenth and Cumberland; to the Twenty-fifth, \$50,000, for a new school at Richmond and Ontario. To the First section, \$45,000 was allotted for the purpose of making additions to the school at Seventh and Dickinson; to the Twenty-fourth, \$35,000, for a new school, north of the Pennsylvania Railroad; to the Twenty-second section, \$34,000 for a new school house at Woodbine and Sprague, and to the Twenty-first, \$20,000. The city owns all the lots on which the school buildings are to be erected.

### Washington, D. C.

M. J. Weller, real estate agent, will erect a handsome dwelling on C street, between Fourth and Fifth streets, from plans prepared by Fred G. Atkinson. It will be of press brick and Hummelstown brown stone, white pine, stone interior finish, cabinet mantels, electric bells, etc. The estimated cost is \$13,000. A. H. Sanford will make a number of improvements costing about \$60,000 to his properties adjoining the Palais Royal, new fronts will be added and the whole fitted for stores and offices, elevators, speaking-tubes, electric-bells, steam heat, etc., will be introduced. I. W. Swainson, the builder, has made the plans and will do the work. Mr. Swainson will also make plans and erect for Mr. Sanford another office building to contain all modern improvements and conveniences, to cost \$18,000. The plans for a new apartment house to be erected for Dr. J. M. Gregory and others at new Hampshire and Oregon avenues, have been prepared by O. Von Nerta. Charles A. Harkness is preparing plans for a handsome summer residence to be erected for U. S. Dunbar, the sculptor, at Muskoka, Ontario, Canada. It will be of stone and frame, tiled floors, etc. L. E. Dessez has prepared plans for two dwellings to be erected for James Robbins, on R street, at a cost of \$12,000. Plans have been made for a handsome dwelling to be erected for William S. Teel, on R street, between New Hampshire avenue and Eighteenth street. It will be of press brick and stone, hard wood interior finish, red slate roof, etc. The estimated cost is \$13,000. Contractor W. S. Plager will erect a dwelling for himself from plans prepared by E. J. Short, cost \$6,000. The plans for a large office building which will be erected for James H. McGill, on G street, between Ninth and Tenth streets, N. W., have been drawn by Paul J. Pelz. The structure will be seven stories high, front of Hummelstown brown stone, floors of iron beams and cement, iron and marble stairways, passenger hydraulic elevator, steam heat, electric lights, etc. The estimated cost is \$80,000.

### Through Maryland.

At Oakland, Garrett Co., a new Methodist Episcopal church will be erected. The contract has been awarded to Messrs. Spedden & Bolden, for \$5,140.

At Baltimore, the most important building permits issued to date, are as follows: To John T. Elsroad, to erect twenty-six two-story brick dwellings. To Frederick Volkert, to erect one three-story brick dwelling. To St. John's church congregation, to erect a two-story brick addition to parsonage. To I. Kopanski, to erect a three-story brick dwelling. To Odd Fellows order, to erect a four-story building, at the corner of Cathedral and Saratoga streets. To G. C. Herschman, to erect a three-story brick dwelling. To Charles T. Lewis, to erect one two-story brick dwelling. To Henrietta Glessner, to erect one three-story brick dwelling. To Henry L. Brock, to erect four two-story brick dwellings. To F. Adam, to erect seven two-story brick dwellings. The Mayor has signed the following resolutions, granting permission to the Choptank Steamboat Company, to extend their wharf fifty feet. Appropriating \$15,000 to improve Johnston Square. To provide for the sale to the Baltimore Belt R. R. Company, of a portion of the old Bolton depot

property and for the improvement of the residue of said property, as a public park. Appropriating \$281,000, for the rebuilding of the bridge over Jones' Falls. —At Norristown, Montgomery Co., an application has been made through Jacob Strassburger, attorney, for a new bridge over the

Perkiomen. Charles Loch, of Gwynedd, Pa., is one of the Commissioners.

—At Lancaster, Lancaster Co., the special committee of Councils on the erection of a new reservoir has made a recommendation that a new reservoir be constructed at an early date, with a capacity of 5,000,000 gallons. Charles B. Brush, civil engineer, can give additional information.

—At Williamsport, Lycoming Co., the Special City Hall Committee is considering plans for a City Hall, but has not as yet decided on any particular one. Another meeting will be held, at which definite action will probably be taken.

—At Washington, Washington Co., P. Connors has given the contract to Nelson Vankirk & Son for the erection of a handsome dwelling to cost \$8,000. The plans have been prepared by W. M. Ely. The structure will be handsomely finished on the interior and will contain all modern conveniences and improvements.

—At Media, Delaware Co., Joseph E. Walker has purchased a lot 150x200 feet from Swithin C. Shortlidge, upon which the purchaser will erect a number of dwellings. Ten dwellings will be erected by Messrs. John T. Reynolds, W. Roger Fronefield and Frank B. Rhodes. Work has been begun on the new building to be erected by John A. Wallace for the Daily Times.

—At York, York Co., at a special meeting of the School Board last week the proposals were opened for the proposed new ten-room school house, to be erected from plans prepared by B. F. Willis. The contract was awarded to George W. Gilbert for \$23,150. It will be of brick, handsome interior finish, modern improvements, iron stairs, improved ventilating, etc.

—At Bristol, Bucks Co., the contract for the erection of the new building for the electric light company has been awarded the Messrs. Wright & DeGroot. The subject of a system of sewerage is being agitated by the Board of Trade, and Carrol P. Bassett has been invited to make estimates as to cost, etc. About five miles of sewers will be required and the estimated cost is \$50,000. Messrs. C. E. Scheide, Frank P. Bell, A. W. Gilkeson and John Maule are interested in the matter.

—At Pittsburg, plans have been prepared by Frank I. Cooper, Court House, for two dwellings to be erected for Mr. Harry Chess, of the firm of Chess, Cook & Company, who recently purchased a piece of ground 163 feet on Aiken avenue, on which the proposed dwellings will be erected. The exterior will be cement on expanded metal lathing and wood will be used but very little on the interior, so as to make the structure as fire proof as possible. The exterior of cement will be tinted in solid colors. This is somewhat of a new departure, but one which will likely be followed by builders who are watching the result of this experiment. Plans have been prepared by Architect Barr for repairs to the Anchor Bank building to cost about \$25,000. The site between Cherry and Script alleys, on Fifth avenue, will be utilized by the erection thereon of a nine-story office building. The property is owned by a company, of which Judge Reed, of the United States Court, is one of the leading members.

OPINIONS OF THE PRESS.

[From the Northwestern Architect.]

MINNEAPOLIS, MINN.

"As is compatible with this progressive period, even wall plaster has succumbed to inventive genius, and 'the day is nearly done' when our handsomely decorated walls and ceilings shall be ruined by reason of the utter unreliability of the old style mortar. To meet this demand for a non-porous plaster, Adamant has appeared on the market, and is now being manufactured in nearly every State in the Union."

[From the Scientific American.]

"Some of the advantages Adamant possesses above the other plaster is the extreme hardness of the wall. It will neither crack nor crumble. It is a strong support to a building. It does not swell timbers by an absorption of the moisture, as the material itself absorbs most of it. It dries so quickly after it is applied to the wall, that in a few hours frost will have no effect on it. We are convinced that this Adamant is destined to revolutionize the business of house plastering."

[From the Baltimore Commercial.]

"Adamant makes a wall as hard as marble, at a slight cost."

[From the Leader and Herald.]

CLEVELAND, O., March 22, 1889.

"The problem has been to provide a substitute that would not only produce a perfect wall, but be comparatively cheap and easily applied as well. Repeated tests, under the most exacting conditions, clearly prove that such a happy combination has at last been secured in the plastering material called 'Adamant,' now being so extensively introduced in this city."

[From the Builder, Decorator and Wood-Worker.]

PHILADELPHIA, PA.

"Nothing in house building has so long withstood the 'march of improvement,' notwithstanding it has failed to give a substantial wall, while many houses become defaced and old in a few months on account of broken walls and ceilings. 'Adamant' obviates all this, and is the coming wall plaster."

[From the New York Commercial News.]

"There is not the least doubt about 'Adamant' wall plaster will last as long as the building upon which it is used."

### Architects Notes.

Thomas P. Lonsdale architect, Fourth and Walnut streets, Philada., has made plans for improvement to Olivet Baptist church, Sixth and Federal streets. These contemplate a new dome, tin roof, new pulpit and organ gallery, new pool, entire ceiling and sides frescoed and exterior painted, stained glass windows and other detail work, will be done. Plans are upon boards for estimates.

Brown & Day architects, Penn Mutual Building, Chestnut below Tenth street, Philada., has made plans for a residence for Mrs. Anna B McElroy, to be built at 115 S. Twentieth street, structure to be four-stories high, to be of stone and fancy brick, fitted with all modern conveniences, electric bells and good sanitary plumbing, etc. Wm. R. Dougherty contractor, 1608 Sansom street, has the contract for building.

Yarnall & Goforth architects, 14 S. Broad street, Philada., have made plans for a Presbyterian church, at Shendun, Va. These have been accepted and contemplate a brick and stone structure, one-story, tile roof, seating capacity about 600. It will have all church comforts on interior, steam heat; style of architecture Romanesque, special attention given to acoustic properties. Estimates on hotel and other work at above place, will all be in by the 23d inst.

Baker & Dallet architects, S. W. corner of Fifth and Walnut streets, Philada., have pre-

pared plans for alterations and additions to the house of Dr. Wharton Sinkler, 1606 Walnut st. These contemplate interior work entirely; also plans are on boards for alteration and addition to residence of Dr. Roberts, 1627 Walnut street. The same architects are at work on drawings for a large stone stable, for Edwin N. Benson, Esq., of Chestnut Hill, to be fitted with all modern conveniences.

Will H. Decker architect, 1407½ Chestnut street, Philada., who drew the plans for the John F. Betz Office Building, has been directed to have new estimates submitted for the addition of three more stories, to the original drawings, in which the bidders will be limited as to number. This new phase will make drawings for a thirteen-story structure, above the level of the street, interior work in detail, will however, remain the same as described in previous numbers of this journal.

Brothers de Sausure & Waters, Roanoke, Va., have made plans for an Academy of Music, to be erected at Roanoke, Va. Structure to be three-stories high, brick and stone, fitted with all theatrical improvements and conveniences, inclusive of electric work, steam heat, best of sanitary work, two galleries will encircle the interior and proscenium boxes upon either side, finely upholstered in plush, fire escapes and means of exit are supplied, to meet any emergency which may arise. Plans and specifications are upon the boards of a few Philadelphia contractors for estimates.

Adam Feldspaugh architect and engineer, P. R. R. Depot, Broad and Market streets, Phila., has made plans for a handsome residence, to be built at Thirty-third and Mooreland avenue, for William J. Latta, general manager of P. R. R. The structure will be three-stories high, of stone, Spanish tile roof and copper trimmings. The house will be 40x80 feet in dimensions, whilst an immense veranda will extend upon three sides, chimneys to be of Pompeian brick, interior finished in hard wood, wood and stone mantels, electric work, steam heat, best of sanitary plumbing and all modern conveniences will be introduced. Every well regulated Chimney-top. The most practical and ornamental are made of Terra-Cotta. Impervious to heat or weather, light, strong, tasteful and durable.

They protect the bricks of chimneys from the weather, greatly improve

the draught, and when placed on common brick chimneys make a highly ornamental finish. Chimney-tops with the "wind-guards" are especially recommended as a cure for smoky chimneys, which are generally caused by the wind blowing into the top of the chimney and obstructing the ascending current of smoke. ## EXCELSIOR RANGES.

\* 24 Sizes and Varieties. \*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot-air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers,

All responsible Dealers supply them.

**Isaac A. Sheppard & Co.,** 4th STREET, AND MONTGOMERY AVENUE, PHILADELPHIA,  
for their pamphlet "Perfect Cooking" giving full description.

## Men who Build HOUSES

### Need To Buy Ranges !

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

### Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

"Excelsior" or the "Fidelity ?"

## FIDELITY RANGES.

7 and 8 inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle. Hot Water in abundance. The latest and the best of their class.

Proposals for building an Elevated Railroad, in the City of Philadelphia. Office of the Mayor, May 2nd, 1891. Sealed proposals will be received by the Mayor of Philadelphia, until the 16th day of June, 1891, at his office, room No. 214, eastern entrance of City Hall, at 12 o'clock M., on said day, for sale to the highest competent bidder, the permission to build a double-track elevated railway in the middle of Market street, from the Delaware river to Juniper street, on Juniper street to South Penn Square, on South Penn Square to Broad street, on Broad street to Market street, and in the middle of Market street to Sixty-third street, in accordance with the specifications, provisions and conditions of the ordinance approved February 16th, 1891. Any company, party or corporation who shall bid for said permission must first file a bond, with good and sufficient security, to be approved by the City Solicitor, for five hundred thousand (500,000) dollars, for the faithful performance of the work, and to do all and singular the matters and things required by said ordinance, and further, to enter security at the Law Department of the city of Philadelphia, in the sum of five hundred (500) dollars, conditioned that if his or their bid is the lowest, and he or they shall decline to do the said work, or furnish said material, he or they shall pay to the city the difference between amount of his or their bid and the bid of them or him who shall actually perform said work or furnish said materials, and no bid shall be considered unless there be a certificate that the provisions of this ordinance have been complied with. The accepted bidder or bidders shall file a bond in the sum of fifty thousand (50,000) dollars, with security, conditioned to pay all damages caused to the city, and also an additional bond in the sum of twenty-five thousand (25,000) dollars, with security, to secure quarterly payment to the city an accepted rate per centum upon gross receipts, and also an additional bond of two million (2,000,000) dollars to secure the payment of all damages to property owners or tenants. The bids received will be submitted to Councils for their approval, and within thirty days from the acceptance thereof, the company, party or corporation, whose bid is approved, shall execute the contract with the Mayor. Plans, specifications, including the ordinance, and blank proposals, may be obtained upon application to James H. Windrim, Director of Department of Public Works, room 212, City Hall. The Mayor reserves the right to refuse any and all bids not deemed for the best interests of the city. Edwin S. Stuart, Mayor of Philadelphia.

PHILADELPHIA, WED'Y. JUNE 3d, 1891.

For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communications for publication may be left.

THE citizens of Springfield township, Delaware County, held an election on Thursday evening, May 21st, at Morton, for the purpose of voting upon the question of issuing bonds to raise money for road improvements. The sentiment of road improvements is not only growing but the necessity for telford and other lasting roads is now fully conceded as against the old method of constantly patching mud roads.

ON May 12th The Operative Builder's Association held its second annual banquet at the hall of the association, Broad street and Columbia avenue. The tables, which were arranged to accommodate about two hundred guests, were beautifully decorated with flowers and candelabra, and the orchestra which furnished music for the occasion was concealed by a mass of growing palms. William T. B. Roberts, the President of the association, presided and after a few preliminary remarks, introduced the new Director of Public Safety, George Roney, who made a brief speech, followed by Joseph L. Caven, who in the course of his remarks said, that through the recent operations of the Operative Builders, over one hundred millions had been added to the city, and two million dollars to its income. Allusion was also made to the active efforts of Operative Builder's Association on behalf of rapid transit. Addresses were also made by ex-mayor William B. Smith, Concilmen Thomas L. Hicks, Lewis E. Beitler, and others, complimentary to the valuable work being done by the Association.

MR. J. R. BANNON, JR., having resigned his position as Philadelphia manager of the A. A. Griffing Iron Co., of Jersey City, N. J., the firm

will be represented by Mr. Throop Mason, at the Builders' Exchange, 18-24 S. 7th street, Philadelphia.

Miscellaneous.

Commodore Coulson, has purchased twenty acres of land, two miles north of Huntsville, Ala., the Commodore will organize a syndicate to erect factories and a summer hotel, on the land, also construct an electric car line to Huntsville.

At Asheville, Buncombe, Co., N. C., Stock & Co., will erect a brick office building, to cost \$75,000, from plans prepared by E. W. Burkholder. Mrs. J. E. Albaugh, will erect a residence to cost \$40,000. S. S. Godley, architect.

At Buffalo, N. Y., C. K. Porter & Son have been chosen as the architects to prepare the plans for the new Builders' Exchange. The congregation of the Universalist Society will erect a church from plans prepared by Green & Wicks.

At Dallas, Texas, arrangements have been made with Sister Catharine (Miss Catharine Drexel), by Bishop Brennan, of the diocese of Dallas, by which a school will be established for colored children at Dallas. The money will be furnished by Sister Catharine.

Architects Notes.

Albert W. Dilks architect, 1001 Chestnut street, Philada., is engaged on plans for a bank building, to be erected at Woodstown, N. J. It will be of stone, two-stories high and fitted with all improvements for the business of banking, safe vaults, electric work and good conveniences.

John C. Smith architect, 6 1/2 N. Market street, Harrisburg, Pa., has placed blue print of plans for High school, to be built at the above city, on boards of Philadelphia contractors, for estimates and they are now being figured on. This structure has been noticed in Architects Notes, in previous number of this journal.

John T. Windrim architect, 132 south Third street, Philada., has made plans for a factory to be erected at Twenty-third and Ritner streets, for Clark, Thomas & Co., structure to be two-stories high, extending over almost the entire block, of hard brick, roof to be of asbestos paper, covered by slag stone. Estimates are being made on the work.

Yarnall & Goforth architects, 14 S. Broad street, Philada., have made plans for two fine houses, to be built for Mr. Davis Yarnall, on Fortieth street, north of Powelton avenue. They will be three-stories high, with ornamental fronts, brick and brown-stone, interior to have all modern conveniences, electric work, hard wood, best of sanitary work, etc.

J. J. Deery architect and engineer, formerly of 435 Chestnut street, now of New York, prepared plans and survey for erection of the railroad, extending from Winslow Junction to Sea Isle, N. J., and has awarded the contract for construction, to Mr. C. T. Hobart, of New York. Work will now be pushed to completion under Mr. Deery's supervision.

Frank R. Watson architect, 518 Walnut street, Philada., has in charge and completed, all plans for improvements to be erected on the old Womrath property, at Frankford, which consists of grading of grounds, a number of new dwelling houses and a large foundry for John Sibebotham. Some of this work is already in progress and the remainder will be pushed rapidly to completion.

Gifford Slocum architect, 902 Walnut street, has made drawings for Y. M. C. A., building, to be erected at Glenn's Falls, N. Y., to be 60x120 feet, built of buff brick, light colored stone and terra cotta, slate roof, interior to have electric work, galvanized iron cornice, steam heat, terra cotta mantels, best of plumbing, American tiling and all modern improvements.

E. W. Thorne, 1307 Arch street, Philada., has just completed plans for a fine stone residence, to be built at Radnor, Pa., for Mr. Moses Paxson, of the firm of Paxson, Comfort & Co., of Philada. The lines of said plans are now staked out on the lot, this having been done by the architect, a few days since. The style of the house is "modernized colonial," it will have all modern and first-class equipments, etc. A detailed description will appear later.

W. L. Plack architect, 1403 Filbert street, Philada., has on boards plans for a large Music Hall and Club room, for the Freepsin Singing Society of Altoona, Pa. The drawings show a very handsome structure of stone, iron and brick. The whole building will be taken up by the society, being only two-stories high. The large auditorium is placed on the second floor and special means of exit are embodied in the drawings, electric and gas light will be introduced, as well as all modern comforts and conveniences.

Constable Bro's architects, 902 Walnut street, Philada., have made plans for a store and office building, to be erected at Ninth and Filbert streets, for Carl Lauber. To be 34x70 feet, five stories high, of common and pressed brick, with an iron front, slate roof, interior to be fitted with electric bells and wiring for light, passenger elevator, gas fixtures and best of plumbing, plate and stained glass, steam heat, hard wood finish and all modern conveniences. Same ar-

chitects have made plans for considerable other work, some of which, is now in course of erection.

W. Frisby Smith architect, N. E. corner of Broad and Arch streets, Philada., has prepared drawings for a fine residence for Mr. Robert James, Mechlin street, N. E. of Main street, Germantown. These contemplate a stone front, with Indiana limestone trimmings, slate roof, plain and stained glass, a veranda, will extend around front and side. The yard will be paved with artificial stone. Interior will be fitted in hard and soft wood finish, electric bells, hot air heat, best of sanitary plumbing, skylights and all modern improvements. Same architect has under way a number of plans for structures in various localities and which will be noted at an early day.

Wilson Eyre, Jr. architect, 927 Chestnut street, Philada., has made plans for a new residence for Henry Cochran, Esq., to be erected at Thirty-sixth and Baring street. This structure is in addition to a new back building, started some time since and the drawings contemplate a three-story house, Italian Renaissance style of architecture, to be of terra cotta and Pompeian brick, roof to be of Spanish tile and the interior will be fitted with every convenience, including electric bells and light, steam heat, a swimming pool, lavatories and to let rooms in tile works, frescoing, plain and stained glass, dumb waiters, ventilators, cement work in yard and basement, and best of sanitary plumbing, etc. Jacob Myers, Juniper and Sansom streets, has the contract for building the entire structure.

The work will consist of front of Indiana limestone and Pompeian brick. The parlor to be finished after alteration, in gold and cream colors, the dining room to be in quartered oak, whilst the library and sitting room, will be finished in cherry. Electric bells and wiring for gas fixtures and best of sanitary plumbing, with tile and marble work in bath room, together with hot air heating, will be introduced. Estimates are being made on this work; also plans for an office building, two stories high, of brick, containing four rooms, to be erected at Tasker street wharf, for Henry Goldner machinist; also some minor alteration, to the machine and boiler shop, at same place.

#### Building and Real Estate Notes.

Isaac B. Wanger, has purchased two building lots, at East Lansdale, for \$425,00, from William H. Wade, real estate, 104 N. Fifteenth street, Philada.

John Gallagher, builder, will erect eleven two-story houses on Moore street east of 19th street, to be of press brick, stone trimmings and modern conveniences.

C. B. Prettyman, will construct twenty-one two-story houses of press brick and stone trimmings, with all modern conveniences, on south side of McClellan street east of 19th street.

Charles Warfield, builder, is about beginning an operation of twenty-two houses on Newkirk street north of York street, two-stories high, facings and steps of brownstone, and best of modern conveniences on interior.

P. E. Costello builder, will start an operation of eight houses, at Knorr and Hagerman streets, at once, to be of brick, with stone facings and steps and all modern improvements. Mr. Costello will supervise the work.

W. F. Simes, Drugs, 13 S. Thirteenth street, has broken ground for a large store building, 21x100 feet, four stories high, to be built at 614 S. Third street, to be of brick, stone and iron, with modern conveniences.

Jacob Myers, contractor, 1315 Sansom street is about to begin work on the new addition to the Insane Department for Women at (Kirkbride's) Penna. Asylum, also work upon a splendid mansion, at 36th and Baring streets.

Miss Mattie Taylor, daughter of Capt. John Taylor, Receiver of Taxes, with other associates on behalf of the Young Ladies' Temperance Society of Kensington, to erect a fountain in Norris Square and the matter has now gone to Director Windrim, for the requisite permission.

T. W. Smaltz builder, Howard and Cambria streets, is about erecting a row of twenty-one houses, on west side of Hancock street, south of Cambria. They with one exception, will be two-story high, of press brick fronts, stone trimmings and fitted with all modern comforts.

M. McManus contractor and builder, will at once erect six, fine three-story dwellings, on east side of Nineteenth, north of Ontario, to be of fine press and common brick, with stone facings and steps, with best modern conveniences on interior.

By the will of the late Benjamin Johnson, attorney, a fund has been left to the church of the Ascension, Broad below South street, for the purchase of a lamp, to be placed before the altar and in which a light is to be kept perpetually burning.

Chas. Hillman & Co., ship builders, Beach street North of Palmer street, are about to erect a two-story machine shop for manufacturing ship work. The structure will be very extensive, 40x206½ feet, of brick, and fitted with steam throughout and necessary machinery.

The work of erecting the superstructure of the immense seven-story printing office of Dunlap & Clarke, will at once begin and pushed forward as fast as possible, the building has been fully described in previous number of this journal, its location is Filbert street west of 13th street.

John Loughran builder, has begun an operation of thirty-four houses on west side of Colorado street, north of York. These will conform in style of architecture, to those built in the same vicinity, by Mr. Loughran, being of press brick fronts, stone trimmings and all modern improvements.

The following improvements will be made by order of the property committee of the Board of Public Education: a retaining wall to be constructed at Wissahickon school, pave yard at Fairview school, paint roof of Alfred Crease school and repair water closets; also either to put another story on school at Schuylkill, or purchase adjoining lot and erect a new school house next year.

The Secretary of the Treasury has decided to appoint a commission, to serve without compensation, to select a site for the Mint building at Philadelphia, provided for at the last session of Congress, but for which no specific appropriation was made. In doing this he said he was following the precedent established in the case of the original Mint building. The members of the Commission will be selected at once.

An appropriation of \$14,000, has been made for the purpose of purchasing a lot at Sixty-second and Woodland avenue, upon which to erect a school house for the Twenty-seventh sectional School Board. The question of making the purchase complete, is being agitated by the board and now awaits action on the resolution of Mr. Frank Leech, a member of that section.

Addison Hutton architect, 400 Chestnut street, Philada., has appealed from the action of the Building Commission, interfering with the construction of the Nurses' Home, at the University of Pennsylvania, after their approval of plans. Mr. Hutton alleges that he is building in accordance with a custom which has become law, by its usage and therefore asks that he be allowed to proceed.

Measures have been about consummated by the citizens of Germantown, for the purchase of the old Wistar property, known as "Vernon," on Main street, above Cheltenham avenue, for the purpose of a public park, \$15,000, of the \$20,000 needed for the purchase, has been on hand for some time and now the balance is directly in sight. Hon. Richard Vaux and Councilman

Thomas Meehan, are now moving in the matter with a likelihood of success.

Thomas McCarty carpenter, 345 York street, has been awarded the contract to erect the hotel upon the site of the former "Seven Presidents" at the S. E. corner of Seventh and Germantown avenue. The structure will be 37x124 feet, four stories high, of brick and stone, fitted with hotel accommodations. A full description of the above, appeared in our Architectural Notes, more than one year ago. The plans are by Frank R. Watson architect, 518 Walnut street, Philada., who will supervise its construction.

Preparation is being made by the Highway Department, to open up McKean street from Second street, to Moyamensing avenue through the lower end of the ground occupied by the immense plant of Thomas, Roberts, Stevenson Company, manufacturers of stoves, ranges and heaters, the doing of which, will in no wise interfere with that company. After this has been done, John J. Cassidy builder, will at once, begin the erection of quite a large number of houses, on both sides of the new street, two-story houses, fitted with all modern improvements.

Quite a number of operations are at this time in progress in the city, in different stages of construction, among which, are the large warehouse at Sixteenth and Hamilton streets, a dormitory and Nurses home at the University of Pennsylvania, new Deaf and Dumb Institution, at Mount Airy, new House of Refuge and Williamson School, near Elwyn Station, on P. W. & B. R. R.; a Theatre and Hotel, at Broad and Locust streets; the construction of the Terminal road from Twelfth and Filbert streets, north; the New Century Club House, on Twelfth street, south of Sansom; factory for Hale & Kilburn, on Filbert, west of Sixth street, the immense printing and office building of Dunlap & Clark, Filbert street, west of Thirteenth; office building on Filbert street, north side, west of Twelfth street, Joseph Bird, contractor and many others of minor importance, in the way of single or larger operations of dwelling houses and public buildings.

The great Belt Line Railroad, projected just two years ago, is at last to be realized and agreements were executed on the 27th inst. to construct seven miles of the work, extending from Tacony to Queen street, in this city. After reaching the latter point, the route will be up Queen to Front street, thence south to a point at Meadow and Tasker streets and thence to the Delaware river front, along which it will continue to Point Breeze, the terminus of the road. It is understood that the contracts, great and small will be given out at once and the work proceeded with under the charter granted. No particular road can monopolize the way of this important adjunct to the prosperity of the commercial interests of the city, as the right of transportation is guaranteed to all the main lines centering here. Among the projectors of this enterprise, will be found Francis B. Reeves, president; John Norris, secretary; Jas. Dobson, Wm. M. Singlerly, E. C. Knight and others.

—At Susquehanna, Susquehanna Co., F. F. & W. H. Langford, will erect a building for hotel purposes, to cost \$15,000, from plans drawn by T. I. Lacey & Son, Binghamton, N. Y. It will contain modern improvements, such as steam heat, electric lights, sanitary plumbing, &c.

—At Johnstown, Cambria Co., Smith & Robinson have completed plans for the school house on Somerset st. The cost will be \$30,000, also plans for school on Park avenue, also plans for alterations to the Morrell House, to cost \$7,000. A residence will be erected by A. J. Haws, from plans prepared by the same architect.

—It is reported that a syndicate of Philadelphians is negotiating for the purchase of Solebury Deer Park, containing about seventy-five acres of land on the line of the Northeast Pennsylvania Railroad, about two miles from New Hope. The property is owned by Timothy Eastburn, Mrs. Hiram Scarborough and George A. Cork. If purchased, it will be fitted up as an excursion resort.

—At Lancaster, Lancaster Co., plans have been drawn by C. Emlen Urban, for a store to be erected by S. H. Libhart, of Marietta, Pa. Steam heat, elevator &c. Contracts not let. Work will be commenced on the improvements to Zahm's building, a four-story mill will be added, and the building fitted up for stores and offices. Messrs. Erisman & Eichholtz, have the contract. Architect C. E. Urban, of No. 10 1/2 E King street, has prepared the plans.

—At West Chester, Chester Co., nine bids were received for the erection of the proposed Recitation Hall, and the residence for Prof. George M. Philips. They were held for further examination, and the building committee will report at a special meeting to be held in about a week. A. P. Reid, Esq., is President of the Board of Trustees. The plans will be modified of the opera house, as all the bids were too high. After this is done by the architect, T. Roney Williamson, new bids will be invited.

—At Hummelstown, Dauphin Co., the school Board has about decided to erect a new school house to cover the yard of the present school property. It will be three-stories high, and provided with complete heating apparatus, modern school furniture, system of ventilation, &c. The third floor will probably be fitted up for a public hall. The board will have plans prepared at once for the proposed structure. Work on the new planing mill will be begun in a short time. It will be erected on the lot at 2nd and North Hanover streets.

—At Norristown, Montgomery Co., ground has been broken for the Episcopal chapel to be erected on Haws avenue, between Marshall and Airy streets. It will be of rock faced dressed stone and handsomely finished on the interior. The contract for erection has been given to John W. Spencer. The outlook for the establishment of a Gentlemen's Driving Park Association is very favorable, the stock being about taken. The proposed grounds are situated at Swede street, Germantown pike and Penn Square and include sixteen acres of ground, upon which is a stone dwelling, which will be converted into a handsome club house. The By-Laws of the Belmont Trotting Park Association will be adopted.

## EXCELSIOR RANGES.

\* 24 Sizes and Varieties. \*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot-air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers, **Isaac A. Sheppard & Co.,** 4th STREET AND MONTGOMERY AVENUE, PHILADELPHIA,

All responsible Dealers supply them.

for their pamphlet "Perfect Cooking" giving full description.

## Men who Build HOUSES

### Need To Buy Ranges!

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

### Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

"Excelsior" or the "Fidelity?"

## FIDELITY RANGES.

7 and 8 inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle, Hot Water in abundance. The latest and the best of their class.

**\$5.00** INVESTED in a yearly subscription to this journal, if carefully read, and you are not too lazy to see the man who's going to build, will certainly prove the best investment you ever made in your life. Thousands of dollars in profit have been made by those who caught on to this idea years ago. Your economy that prompted the saving of five dollars per year by refusing to subscribe, has cost you many a cool hundred. Get aboard now Brother, while the fruit is ripening and the "lucky fellows" are reaching out far and wide for trade, while you are sorrowing because it doesn't come your way.

**Building and Real Estate Notes.**

J. Carman contractor, will at once begin the erection of a large ice house, 50x126 feet, at High and Heiskell streets, Germantown.

Daniel Keyser, 1610 Deal street, Philada., has purchased three lots at Edge Hill, Pa., upon which he will erect a residence, to cost about \$7,000.

Montgomery & Baxter builders, will erect sixteen two-story houses on Tice street, above Eleventh, at once, to be of press brick, stone trimmings and modern improvements.

James K. Booth, has exchanged six houses on Twentieth street, below Westmoreland street, with D. W. Thorn, of West Philadelphia, for suburban property.

J. D. Caldwell 44 Armat street, Germantown, will erect a fine seminary building, 30x48 feet, on Walnut Lane, above Green street, Germantown, to be of brick, stone trimmings and modern improvements.

Samuel Hart & Son contractors, 1109 Fairmount avenue, will at once erect for the Traction company, a new three-story stable and depot on Wharton street, west of Nineteenth. The structure will be of brick and stone, 96x236 feet.

The Union Republican Club, 18th Ward, Palmer street and Girard avenue, is about remodeling its quarters, which will mainly be interior work. It will be fitted with all modern conveniences.

John Byrd, 1415 Catharine street, has purchased a property heretofore occupied as a lumber yard, by John S. Stevenson, north side of Catharine, east of Fifteenth street and will at an early day erect a roofing establishment upon the site.

John Stafford builder, 1606 Susquehanna avenue, will at once begin the erection of twenty, three-story houses, on Carlisle street, north of Diamond, these are to be press brick, stone facings and steps and best of modern conveniences on interior.

C. C. Moore & Co. builders, 2001 N. Broad street, Philada., are about to begin the erection of thirty-four, two-story houses, on Ann street, near Amber and Trenton avenue. These will be of press brick, stone trimmings and good modern conveniences.

As indicated more than one year since, a new church will be started by the parish of St. Veronica, at Second and Butler streets. Considerable funds being on hand, an effort will be made by the pastor in charge, next week, to enable him to prosecute the work under his charge.

Charles Auchter, contractor, 1523 N. Twentieth street, has been given the contract to erect a new five-story brewery building for Weisbrod & Hess, Frankford road and Adams street, structure will be of brick, 37½x69 feet and fitted with steam pumps, stills and all paraphernalia for the brewing business.

The Fourth Presbyterian church, has through their trustees, bought of builder Jno. M. Sharp,

a lot 83x78 feet, on S. E. corner of Forty-seventh and Kingsessing avenue and will at an early day, begin the work of erecting a new place of worship, in lieu of that sold to Archbishop Ryan, on the S. W. corner of Twelfth and Lombard streets. Price paid Mr. Sharp, for lot was, \$8,500.

Michael Magee contractor, 1516 north Eighth street, will erect the parochial house of Saint Malachy's, on Warnock street, north of Master, this structure and the others to be erected for the same parish, have been fully described in Architectural Notes of previous issues. P. A. Welsh architect, 429 Walnut street, having prepared all the plans, will supervise the construction.

James H. Stevenson & Sons builders, Ridge avenue and Thirtieth street, will continue their operations on Westmont street, by erecting nine two-story houses, west of Thirty first, and thirteen, of the same kind on the same street, north of Diamond and seven, three-story, on Ridge avenue, north of the avenue. These like others erected by this firm will be of best material, press brick, stone facings and steps, with ornamental fronts and good modern conveniences on interior.

Mr. A. C. Mott, of the A. S. Cox Stove Works, and H. B. Weachter, have formed a partnership for the propagation of Mushrooms, on an extensive scale; also that of Roses as well and for this purpose, will erect four large houses 20x100 feet in size, adjoining the Abram Cox Stove Works, at Lansdale. The houses will be heated by hot water and fitted with best improvements for the culture of the above-named plants. Jas. Gibson, of Doylestown, Pa., will be the superintendent of the plant.

During the coming summer season, the improvements noted in this journal, some six months since, will be started upon the Bethany church buildings, as all the money needed, has been raised or promised. The work contemplated is upon the exterior and interior as well, placing of electric light in both large structures, alteration of floors and seating capacity, new chairs and a number of minor additions will be made. The whole work to cost about \$20,000. Officers of the improvement committee are Geo. H. Smith, chairman, William Boyd, treasurer, Jos. Grieves, secretary, Twenty-third and Fitzwater streets, Philada.

The duplication of the immense sugar refinery of Claus Spreckles, located at foot of Reed street and the Delaware river, Philadelphia, has been fixed upon and during the present week a start will be made in that direction, by extending one of the wharves and erecting an immense two-story structure thereon, to be followed by a number of buildings upon the grounds adjoining the present structure. These will range in height from the three-story power and light establishment, to that of a ten or twelve-story refinery. These will necessitate much minor work in masonry, concrete, cement and piling, prior to the commencement of superstructures.

Th. buildings to be erected, will be fitted with freight elevators, electric work, general machinery applicable to the business, plumbing and gas fitting, to a great extent; also a great amount of iron columns and general building material, the exterior and fire walls consuming millions of brick, the trimmings, windows, doors and cappings, to be of light colored granite and the whole work to be as nearly fire-proof as possible. The plans and specifications will be drawn and executed under supervision of architects in employ of Mr. Spreckles and contract for erection of the plant given to Allen B. Rorke, contractor and builder, Drexel Building, Philada.

The following ordinances have been introduced into City Councils, with favorable recommendation:—Granting permission to the German Evangelical Lutheran Jerusalem Church and the Cheltenham M. E. Church, to build and remove temporary frame churches and the St. Matthews' German Reformed Church, to erect a frame chapel on lots on north Fifth street. Fifty-five ordinances were submitted and referred to the proper committees, the most important being to appropriate \$65,000 to purchase the Second Regiment Armory, at 518 Race street; to authorize the sale of the Morgue and adjoining properties; to provide for salaries of \$3,000 a year each to the presidents of Select and Common Councils and to reduce the width of Callowhill street, from Twenty-third to the Schuylkill, from seventy feet to fifty feet. Councils accepted an invitation to be present at the Science and Art Exhibition, of the Builders' Exchange, on June 16. In addition to these, an ordinance is in course of preparation by committee on city property, transferring old Spring Garden Hall, Thirteenth and Spring Garden streets, to the Board of Education, for erection of a new Normal school, at present there seems to be very little or no opposition to the scheme and its advocates are sanguine of success, the question is now in the hands of councilmen, Adams, McClain, McKnight and Thomas.

**Architects Notes.**

S. U. Gent, Salisbury, Md., reports that Dr. S. P. Dennis, has broken ground for a dwelling and office, 38 feet front, 32 feet deep, with back building, 16x17 feet. It will be of frame, slate roof, handsome interior finish, steam heat and all modern conveniences.

Hazelhurst & Huckel architects, 410 Walnut street, Philada., have completed plans for some considerable alterations to the Manufacturers' Club Building, on Walnut street above Broad. These will be principally on interior, estimates are being received on the work.

Will H. Decker architect, 1407½ Chestnut street, Philada., has made plans for a fine stable, to be erected in rear of residence of Charles T. Ellis, 1430 N. Broad street. It will be two-stories high and include quarters for coachman and fitted with electric work and best of conveniences.

Newlin Gawthrop, of the Street and Sewer Board, for a new sewer on the south side, which will cost about \$22,000, and it is thought they will soon receive bids for its construction. Ground has been broken for the erection of the new Second Baptist church, to be erected at the corner of Franklin and Ninth streets. The estimated cost of the new edifice when completed, is about \$30,000. Rev. R. B. Cook, is the pastor.

At Farnhurst, New Castle Co., the trustees of the Delaware State Hospital, at the regular monthly meeting held a few days since, adopted the plans of L. R. Springer, of Wilmington, Del. for improvements and new buildings. The Building committee reported plans for the new buildings, including a dwelling for the resident physician, a laundry and stable. The plans for the Physician's residence, call for a brick cottage, with pitched roof, dormer windows and ample porches. It will contain eleven rooms, handsomely finished. The plans for the other buildings call for best of modern improvements and the second floor of the laundry building, will be fitted up as an assembly room. The Building committee was authorized to advertise for bids as soon as possible. A line fence will also be erected between the state and county property. The design for a Hospital cemetery has been approved and a site chosen. The grounds will be laid out for the purpose at once. Dr. J. J. Black, is president of the Board of Trustees.

—At Downingtown, Chester Co., the Alert Fire Company will erect an engine-house.

—At Reading, Berks Co., the Brickmakers' Union expect to erect a hall.

—At Cheltenham, Montgomery Co., the corner-stone of the new Catholic Church has been laid.

—At Londonderry, Chester Co., Fagg's Manor Presbyterian Church will be repaired and improved.

—At Walton Station, near Pineville, Bucks Co., a summer residence will be erected by Stephen K. Cooper, of Philadelphia.

—At Altoona, Blair Co., it has been decided to increase the debt of the city for the purpose of constructing additional water facilities.

—At Verona, Allegheny Co., a number of street improvements will be made. An appropriation has been made for the purpose.

—Ground has been staked out for the new hotel to be erected at Harvey's Lake for the Lehigh Valley Railroad Company.

—At Easton, Wyoming Co., Edward Solomon will enlarge his place of business at the corner of Willoughby and Centre streets.

—At Harrisburg, C. S. Boll & Brother, wire mattress manufacturers, contemplate the erection of a three-story brick building on Tenth and Mulberry streets. It will be 40x140 feet.

—At Bristol, Bucks Co., the water company are laying pipes on Beaver Dam road, so as to supply the streets that are to be laid out by the Jefferson Land Association.

—At New Hope, Bucks Co., the contract for the new station, the terminus of the new branch, has been given to Alexander Martin & Son, of Conshohocken, Montgomery Co., Pa.

—At Monongahela, Washington Co., it will be decided by vote in a short time whether or not \$25,000 will be expended on street improvements.

—At Hanover, York Co., the Hanover Foundry and Machine Company has purchased thirty-three acres of land which they will lay off in town lots and streets.

—At Tyrone, Blair Co., it is said that Fisk Conrad will rebuild his opera house, recently destroyed by fire. The old walls are now being torn down.

—At Wilkesbarre, Luzerne Co., it is said that a syndicate will erect a large hotel on the property running from Cahoon Hall, on West Market street, to Franklin street.

—At Strafford, Chester Co., Daniel S. Newhall has sold three acres of ground to Richard

P. Heckscher, 238 S. Third street, Philadelphia, who will erect a handsome summer residence on the site.

—At Wayne, Delaware Co., the congregation of Wayne Presbyterian Church is taking steps towards the erection of the new church, which is to be erected on the lot donated for the purpose by George W. Childs.

—At Newtown, Bucks Co., one of the largest barns in the county will be erected for James Boyd, president of the Philadelphia & Newtown Railroad. The structure will be 104 by 57 feet, shingle roof and modern conveniences.

—At Salisbury, Lancaster Co., a new school house will be erected to cost about \$2,000. The contract has been awarded to Francis H. Bucke. The building will be of brick, 30x40 feet, and two stories high.

—At Pottstown, Montgomery Co., the congregation of the First Baptist Church will erect a chapel for the Hope Mission in the eastern suburb of Pottstown. The Guardian Building Association contemplate the erection of a number of dwellings.

—At McKeesport, Allegheny Co., it is probable that a building will be erected for theatrical purposes. Hartman Brothers have plans drawn for a suitable building to be erected at Walnut street and Shaw avenue. "Jack" Haverly, of Chicago, is interested in the new venture.

—At Johnstown, Cambria Co., George H. Brown will erect a dwelling from plans prepared by Smith & Robinson. The cost will be \$7,000, no contracts let. The same architects have prepared plans for a dwelling for John Knouff, to cost \$7,000.

—At Union City, Erie Co., on June 16th the citizens will vote on the question of increasing the indebtedness of the city to the amount of \$25,000 for the purpose of extending the water mains. J. C. McLean, town clerk, can give information.

—At Norristown, Montgomery Co., at a recent meeting of the School Board, it was estimated that \$800 would be used in the purchase of furniture the ensuing year: also \$300 for plumbing. A piano will be purchased for the High School.

—At Hummelstown, Dauphin Co., the congregation of the Lutheran Society will meet the present week to hear the report of the committee on the erection of a new church building. It is the opinion that the report will be favorable and that steps will be taken at once towards the erection of a new edifice.

—At Orwigsburg, Schuylkill Co., Reuben Fegley has sold a number of lots upon which the purchasers expect to erect dwellings. The purchasers are as follows: Abraham Schoupe, of Ringtown, John Seifert, Martin Weaver, Amandas Weaver, Robert Alspach, John Hertzele and Daniel Kistler, of Orwigsburg.

—At Chambersburg, Franklin Co., the following persons have been issued building permits: A. S. Martin, for the erection of a two-story frame dwelling; Margaret Kline, one two-story brick dwelling; Daniel Herman, one two-story frame dwelling, and Daniel Plough, one two-story frame dwelling.

—At York, York Co., Mr. Daniel Rupp will erect a handsome new building on the site of his present Centre Square property, from plans now being prepared by J. A. Dempwolf, of York. L. A. Shive's Son, 207-209 West Market street, will erect a large three-story brick warehouse on the site of their present building.

—At Narberth, Montgomery Co., a new Presbyterian congregation has been organized. The Board of Trustees consists of Messrs J. Alexander Simpson, Joseph Mullineaux, Jr., Chas. E. Kremer, T. C. Belcher and J. Forsythe. Plans have been prepared for a church building, which will be erected at an early day on a lot already purchased.

—At Edge Hill, Montgomery Co., William H. Kuhn, of the William Penn Real Estate

Company, has sold lots to the following persons, who will erect dwellings at that place: Mrs. Mary Outivar, No 1341 Ridge avenue, two lots; Mrs. Lizzie McGrath, one lot; Charles Louis Zink, 80 Goodman street, two lots and mill; Annie L. Zink, one lot. All of Philadelphia, Pa.

—At Chester, Delaware Co., the old Lafayette Hotel, at the corner of Third and Edgemont avenues, has been purchased by John Pendergast for \$7,000. It will be torn down and a new hotel erected on the site next spring. The contract for the new building of the *Chester Times* has been awarded to Joel Lane. The building will be constructed according to the plans drawn by P. A. Welsh, of Philadelphia. Work will be begun at once.

—At Pittsburg, Mr. John R. Baum has taken out a permit for the erection of a two-story brick dwelling at Rebecca street and Friendship avenue, to cost about \$10,000. It will be handsomely finished on the interior and will contain all modern improvements. John Blair is the builder. Black & Baird have sold a lot on Atlantic avenue to Julius Stayert, Jr., who will erect a handsome Queen Anne residence on the site.

—At West Chester, Chester Co., James Spence has purchased additional ground and will tear down his present building and erect a building in its place for the purpose of a residence and cafe. Ten bids have been received by the County Commissioners for the erection of the court house annex, they range from \$75,000 to \$105,000, the lowest bidder being Plummer F. Jefferis, of West Chester. To make room for the improvement two store properties will be torn down. Work will be commenced at once. Owing to the high estimates received, the plans for the erection of the new Assembly Hall have been modified. The erection of the Recitation Hall for the Normal School has been postponed for the season. The contract for erecting the superintendent's residence at the State Normal School has been awarded to builder Guthrie, of Downingtown.

Defies heat, cold, rust and even acids, covers double the surface of any other paint and lasts five times as long. Equally useful for iron or wood. Send for circulars.

**JOS. DIXON CRUCIBLE CO., Jersey City, N. J.****A Royal Crest**

Is hardly more attractive to the eye and certainly not more useful than a cresting made of Terra Cotta. As a crest can adorn the head of a king, so a cresting of ornamental Terra Cotta gracefully crowns the head of a building.

Terra Cotta cresting is made in an infinite variety of designs. It is light, strong, wind-resisting, and durable as adamant. For church's and all public buildings, it will be found invaluable. For private houses, it acts as a charming ornament, giving a bold and beautiful outline against the sky.

The director reserves to himself the right to reject any or all bids, as he may deem best for the interests of the city. James H. Windrim, Director.

### Architects Notes Continued.

Otto C. Wolf architect, N. E. corner of Broad and Arch streets, is receiving estimates on the new addition to the brewery of John F. Betz, at the corner of Crown and Callowhill streets. These plans have been prepared for some time, but upon which work has not been commenced, owing to some modifications now made.

A. C. Wagner architect and engineer, 518 Walnut street, Philada., has completed all the plans for the brewery of Weisbrod and Hess, at Adams and Hallman streets. The contract for the work, has been given to Charles Auchter, the above architect will supervise the erection of the structure.

F. L. & W. L. Price architects, 631 Walnut street, Philada., have made plans for a fine residence to be erected at Overbrook, Pa., for Mr. John Miller, to be of stone, with porch around the exterior, interior to have all modern conveniences. Bids are being made by contractors for the work.

W. L. Bailey architect, 138 S. Fourth street, Philada., has upon boards, drawings for a fine house for Wendell & Smith, at St. David's, P. R. R., to be built of stone and shingle work, interior will be finished in hard wood and handsomely decorated, electric work and best of sanitary plumbing, will be introduced. Cost to be about \$10,000.

T. Mellon Rogers, architect, 1122 Walnut street, Philada., will execute plans for a fine stable for Mr. R. P. Hecksher, at Strafford, on the main line of the P. R. R. It will be built in conjunction with his country house, now being built under the supervision of the above architect, all the latest improvements will be introduced in both the house and stable, inclusive of electric work, etc.

Robert Cammerer architect, Fifth street above Locust, Philada., has made plans for a five-story warehouse and office building, 134 N. Seventh street, for Mr. William Reith. The structure will have an iron front with brick sides and end walls. Cellar to be cemented, artificial pavement, side and front, tin roof and considerable galvanized iron work, hand power lift, gas fitting and plumbing and all modern improvements, heat and power contract will be separate and made by the owner.

E. F. Bertolette architect, 257 S. Fourth street, Philada., has made drawings for a fine residence to be built at Reading, Pa., for W. A. Henry, Esq., of that city, to be three-stories high, slate roof, base to be of brownstone and upper stories of brick and terra-cotta. The interior will be finished in hard woods, with mantels of the same, hot water heat, electric work, best of sanitary plumbing, plain and stained glass windows and all modern improvements, also plans for a cottage for the Rev. Henry Wheeler, to be erected at Ocean Grove, N. J., to be of frame, two-and-a-half stories high and fitted with modern conveniences.

W. H. Decker architect, 1407½ Chestnut street, has completed all plans and details for a magnificent building, for L. Schutte & Co., on S. E. corner of Twelfth and Thompson streets. The plans show a structure six-stories high, with a basement, first story to be of granite, and all above that to be of brick, terra-cotta and granite. Fire escapes upon exterior, entrances are to be embellished by polished work in stone, with granite columns, a tower will rise at one corner, capped by a Spanish tile roof, an elevator will be placed on interior, electric work, speaking tubes and freight lift. The best of sanitary plumbing and all modern conveniences are included in the specifications. Cost to be about \$90,000.

T. Frank Miller architect, 1221 Arch street, Philada., has on boards, plans for very handsome residence, for J. H. Bentley, at Ridley Park, Del. Co. Pa. The drawings contemplate a structure of Chestnut Hill blue stone, trimmed with Indiana limestone, Spanish tile roof, an extensive veranda will extend around one-half of the extension. Interior will be finished in hard woods, carved wood mantels, electric work, best of sanitary plumbing and modern improvements and conveniences. The same architect has just finished plans for a parochial building, to be erected at St. John's Episcopal church, Cemetery avenue and Frankford road, to be 50x105 feet, two stories high, of stone, basement will be fitted for a gymnasium, first floor, school room and the second will be used as an auditorium, for lectures, etc.

## OPINIONS OF THE PRESS.

[From the Northwestern Architect.]

MINNEAPOLIS, MINN.

"As is compatible with this progressive period, even wall plaster has succumbed to inventive genius, and 'the day is nearly done' when our handsomely decorated walls and ceilings shall be ruined by reason of the utter unreliability of the old style mortar. To meet this demand for a non-porous plaster, Adamant has appeared on the market, and is now being manufactured in nearly every State in the Union."

[From the Scientific American.]

"Some of the advantages Adamant possesses above the other plaster is the extreme hardness of the wall. It will neither crack nor crumble. It is a strong support to a building. It does not swell timbers by an absorption of the moisture, as the material itself absorbs most of it. It dries so quickly after it is applied to the wall, that in a few hours frost will have no effect on it. We are convinced that this Adamant is destined to revolutionize the business of house plastering."

[From the Baltimore Commercial.]

"Adamant makes a wall as hard as marble, at a slight cost."

[From the Leader and Herald.]

CLEVELAND, O., March 22, 1889.

"The problem has been to provide a substitute that would not only produce a perfect wall, but be comparatively cheap and easily applied as well. Repeated tests, under the most exacting conditions, clearly prove that such a happy combination has at last been secured in the plastering material called 'Adamant,' now being so extensively introduced in this city."

[From the Builder, Decorator and Wood-Worker.]

PHILADELPHIA, PA.

"Nothing in house building has so long withstood the 'march of improvement,' notwithstanding it has failed to give a substantial wall, while many houses become defaced and old in a few months on account of broken walls and ceilings. 'Adamant' obviates all this, and is the coming wall plaster."

[From the New York Commercial News.]

"There is not the least doubt about 'Adamant' wall plaster will last as long as the building upon which it is used."

**Architects Notes.**

Thomas P. Lonsdale architect, American Life Building, Fourth and Walnut streets, is engaged on plans for alteration of M. E. church at Vine-land, N. J. This will include interior and exterior work.

Wilson Bros., architects, Drexel Building, will soon place on boards for estimate, the plans for part of the new County prison, at Holmesburg, known as Ward No. 6 and which will be in conformity with the other parts erected, as to material and architecture.

Thomas H. Poole architect, 36 S. Twenty-third street, New York City, has made plans for enlargement of Eden Hall chapel, at Torresdale, also a new altar, to be built of Carrara marble. This will be done by patronage of the Drexel estate, which has heretofore, given munificently to the Seminary, to which it is attached.

M. B. Bean, of Lansdale, Pa., has finished the plans for the large hotel to be erected at Colmar, Montgomery Co., for Mr. Moore, proprietor of the Cloverdell stock farm, at Colmar. The plans call for a handsome structure, including all modern conveniences and improvements, such as electric lights, etc.

Theophilus P. Chandler, Jr., architect, Brown Building, Philada., has made designs for addition to the office building, of the Liverpool, London and Globe Insurance Company, 335-7 Walnut street and has awarded the contract to George F. Payne & Co., 401 Juniper street, work will progress at once, under supervision of Mr. Chandler.

The architects under Joseph Anschutz, chief architect of the Board of Education, 713 Filbert street, are preparing plans for a new school building, to take the place of the over-crowded Spencer Roberts school and will be built at Sprague and Woodbine streets. It is to be a ten division school and will not be ready for contract before early autumn.

W. Frisbey Smith architect, N. E. corner of Broad and Arch streets, Philada., has made plans for a number of unique two-story houses, to be built by John H. Hudson, at Fortieth and Poplar streets, fronts to be of press brick, very ornate, with stone trimmings, porches attached.

The interior is to be fitted with best of modern conveniences.

W. H. Free architect, 27 N. Juniper street, Philada., has made plans for alteration and addition to house of Mrs. T. C. Lewis, 131 south Twenty-third street; also plans for alteration and addition of house No. 1521 N. Fifteenth street, each of the above being similar in detail, being an additional story and fancy dormer windows and interior work introducing good modern conveniences.

Lindley Johnson architect, room 708 Girard Building, Philada., has made plans for a fine cottage, to be erected at Colorado Springs, Col., for W. J. Wilcox, all modern conveniences introduced; also plans for a cottage at same place for W. H. Barnes, fitted in like manner. Plans are in progress for a fine stone cottage at Winter Harbor, Me., for Angelo T. Friedley, same architect has completed plans for residence for Mr. C. M. Lewis, at Cheltenham, Pa., and awarded contract to William Stinger builder; also plans for a stone colonial residence, for James L. Bispham, to be built at Overbrook, to cost about \$18,000 and for which, W. H. Burns, is the general contractor. Plumbing and heating contracts are also awarded.

Moses & King architect's, 431 Walnut street, Philada., have on boards plans for a large depot stables, for the Camden Horse Car Company, to be 80x100 feet, three stories high, of brick, stone trimmings and all modern conveniences. The same architects have awarded Edward Henry, carpenter, of Woodbury, N. J., the contract to build the Masonic Temple, at Mount Holly, N. J., an alteration has been made in the matter of material, which is that the structure is to be of stone, instead of brick as before. The same architects have given W. H. Pethick, builder, of Wilkesbarre, Pa., the contract to erect the five-story office building, for the Peoples Bank of Wilkesbarre, Pa., a full description of which, we gave in previous edition.

**Building and Real Estate Notes.**

A determined effort is being made by the residents of Germantown, to secure the Wister estate, for a public park.

The interior of the Episcopal church of the Redemption, at Twenty-second and Callowhill streets, will be improved by substituting cement for the plaster, now on the walls and ceiling.

The Friends' school, at Sixteenth and Cherry streets, will be enlarged by the addition of two stories to be used as a gymnasium, kitchen and dining room.

Absalom Benners carpenter, 3157 Richmond street, will erect ten three-story houses, on lower side of William street, west of Thompson, to be of brick, stone trimmings and good modern conveniences.

John G. Ruff builder, 619 Cherry street, will start at once, upon the erection of six three-story brick houses, on south side of Master, above Ridge avenue. These are to be of good quality, being press brick, stone steps and trimmings, modern conveniences on interior.

John Devlin builder, 518 Barnwell street, will at once break ground, for forty houses, at Twenty-second and Cross streets, each 14x28 feet and a number on Point Breeze avenue, south of Cross street, these will all be of press brick, stone facings and modern accommodations.

James H. Stevenson & Sons builders, Thirtieth and Ridge avenue, are about to erect twenty-two, two-story houses on north side of Fontaine street, to be in keeping with others erected by the firm in that vicinity, of press brick, stone trimmings and good modern improvements.

Very handsome plans are in hands of F. L. Hoover carpenter, 703 Jayne street, from which will be erected a station upon the Philadelphia & Reading R. R. They contemplate a one-story stone structure, with slate roof and finished in a tasteful manner.

The new hotel to be erected by J. D. Fox, at Broad and Spruce streets, will be built under the direct supervision of John D. Allen architect, 1017 Chestnut street. This work will be done under sub-contract system. A full description of the structure has appeared in these columns.

The large abattoir, which was burned on Sunday morning last, will be rebuilt by the owners, Messrs. Joseph J. Martin, Alfred M. and William M. Fuller and Thomas B. Shriver. The loss is stated by the firm, to be from \$350,000; to \$400,000. Work will begin on rebuilding, as soon as the insurance can be adjusted.

P. A. Welsh architect, 429 Walnut street, has awarded interior work of St. Aloysius church, to J. Mingle Fisher, of Pottstown, Pa.; also for the Times Building, at Chester, Pa., to Joel Lane, of that town, and for the erection of a residence for Rev. M. Schmidt, of Lancaster, to D. H. Rapp, 1019 N. Fifth street, Philada.

Allen B. Rorke contractor, Drexel Building, Philada., has been awarded a contract to erect the large building at Twelfth and Thompson streets, for L. Schutte & Co., a full description of which, was given in Architectural Notes of last issue. This work will be started at once. Will H. Decker architect, will supervise the work.

William C. Merritt builder, Fortieth and Poplar streets, is about to start a fine operation of houses, on both Eaglesfield and Poplar streets. These to be two and three-stories high; also a number will be upon Forty-first street, to be three-story, all of the above will be of press brick, ornamental fronts, stone trimmings and best of modern improvements upon interior.

Jacob Meyers contractor, Juniper and Sansom streets, has been given the contract to remodel Musical Fund Hall, on Locust street, above Eighth, and will at once begin operations. These will be done under supervision of Addison Hutton, architect, 400 Chestnut street, who drew the plans and which have been noted by us in previous number.

The Philadelphia & Reading R. R., has placed plans on boards for estimates on the new freight station to be built at Front and Willow streets, in this city. These plans were prepared at the company's department in Pottstown. They are very complete and contemplate a front on Willow street, of 175 feet, 158 feet on Front and 238 feet on Margaretta street, to be one-story high and built of brick and iron.

Thomas Little & Son, 217 Pear street, have the contract to erect the new Guild house, of Trinity P. E. church, on Twentieth street, south of Walnut and will at once begin the work. A full description of this structure was given some time since in Architectural notes of this journal. G. W. & W. D. Hewitt architects, Bullitt Building, drew the plans and will supervise the construction.

McCartney & Oler carpenters, 2355 east Dauphin street, have the contract and began work, upon a very fine residence for John Hamilton, carpet manufacturer, to be erected at Twenty-third and Venango streets. The house will be fitted with all modern conveniences, inclusive of electric work, best of plumbing and gas fitting, lavatories of fine pattern, best culinary arrangements, etc.

A charter has been obtained and Board of Directors organized, under the provisions of the will of George S. Pepper, M. D. and the work of selecting a site and erecting a public library, will be pushed forward at once, neither plans or location have been selected as yet. The Board consists of Isaac Norris, M. D., president; G. Stuart Patterson and George Henderson, Esq.; secretary. By the provisions of the above will, \$150,000, has been set aside for the purpose.

Governor Pattison has signed the new "Lien Law," proposed to the last Legislature, by the Master Builders of this city, and other bodies interested, Mr. Frank Harris being chairman of the committee, in charge of the bill, made the announcement of its becoming a law, to that body, at change hour, on the 9th inst., when the news was received with general approval. The provisions in the law are generally known and need no further comment.

The Philadelphia & Reading R. R., is formulating plans for a new road from Chestnut Hill, to Glenside, in order to facilitate local travel and at the same time, make the line advantageous to suburban buyers of land. From Glenside, the route will pass through the lands owned by George Hirst, Thomas Yeakel, William Kemble and J. Lowber Welsh, as well as other smaller owners. The surveyors of the road are now at work upon plans.

Theodore Kramer & Co., whose factory at Sixth and Master streets, was damaged to a great extent on the 12th inst., by fire, will at once be rebuilt and considerable improvement made in facilities for turning out furniture of all kinds, Mr. Kramer has been running at full strength, for many months and having many orders ahead, will be obliged to get into shape as soon as possible, much of the steam work is damaged and will have to be replaced, as well as the machinery used in the business.

Frank H. Rhodes builder, 232 Chestnut street, is making preparations for one of the largest operations of the current year, which comprehends about two hundred and eighty houses, two and three-story and will be located on Allegheny avenue, Clearfield street, G, F and Athol streets, at present he will excavate for 105 houses on G and Athol streets, to be as stated above, two and three-stories high, of press brick, stone steps and facings, fronts ornamental and best of modern conveniences on the interior. The balance of this operation will follow.

In an interview with manager Purdon, of the Campbell Manufacturing Company, located at Manayunk, on the Schuylkill river, that gentleman said, that the work of rebuilding the immense structure, would at once be considered, but first the insurance would have to be settled and some minor details arranged. As yet, no plans have been ordered prepared, or contracts let. It will require some time to clear the great mass of debris away and get in readiness for the work of building the new mill, but at all hazards, the work would be commenced as soon as possible. Mr. John Jenks, is president of the company.

The Second Regiment N. G. P., located in Philadelphia, commanded by Col. Oliver C. Bosbyshell, have at last been able to select a site upon which to erect their new armory, for which plans were prepared, more than one year ago, by John Ord, architect in charge of the Public Buildings and which have been accepted by the building committee. The ground just purchased and upon which this great structure will stand, is on Broad, north of Diamond, west side and extending through to Carlisle street in the rear. It is 305x200 feet in extent of area,

but it is likely that the Armory proper, will likely not occupy more than 200x200, leaving a marginal lot subject to sale; the ground floor will be used as drill room, whilst the first, second and third floors front and sides, will be used as company quarters, committee rooms, officers quarters and general purposes of meeting; an immense driveway will lead into and through the structure from Broad street, the material to be used in construction, will be stone for front and one side, bricks and iron will also be largely used, as well as a vast amount of artificial pavement and cement, or asphalt work. A move is to be made in the direction of an early beginning in the matter of building.

### Washington, D. C.

V. Mindeleff, is preparing plans for a Union depot, to be used by the Glen Echo, Georgetown & Tonnallytown, and the Tonnallytown & Rockville railroads. It will be one-story high, of frame. —At Mount Pleasant, Westmoreland Co., Jos. Gibbs, O. P. Shape and Marion Husband has incorporated the Electric Light, Heat and Power Company.

—At Rosemont, Montgomery Co., the Pennsylvania Railroad Company has purchased additional ground and will erect a handsome station.

—At Coatesville, Chester Co., the School Board has decided to employ an architect to see if alterations could be made to the building at East Coatesville.

—At Johnstown, Cambria Co., Mrs. H. Parke will erect a dwelling from plans prepared by Smith & Robinson. Contracts not let. The contracts for the two new school houses have been

let to George Krueger and Henry F. Leventry respectively. These contracts were awarded first to Shaffer & Son, who declined to fill the necessary bond, etc.

—The citizens of Langhorne, Bucks Co., are agitating the question of running an electric railway, to begin at the station of the Bound Brook Railroad, and to end at Langhorne station, on the New Trenton cut off R. R. The estimated cost is \$15,000. Another proposition is to connect the villages of Langhorne, Parkland and Neshaminy Falls by a similar railway.

—At Beaver Falls, Beaver Co., Dr. N. S. Strous will erect a dwelling 40x56 feet, two stories high, common and pressed brick, cost about \$8,000. The plans have been prepared by Architect J. A. Snyder. The same architect has made plans for a dwelling for William Logan, to be two stories high, of frame, 30x46 feet, cost about \$3,000; also plans for a two-story brick dwelling, 44x44 feet, cost about \$6,000.

—At Perkasio, Bucks Co., Isaac Groff and Samuel R. Kramer, of Perkasio, have bought twenty acres of land near Perkasio of Thomas Dietz, of Sellersville, Pa. The ground will be fitted up as an excursion resort and necessary building erected. The Perkasio Park Association has bought the tract formerly occupied by the Association, and a number of buildings will be erected.

—At Chambersburg, Franklin Co., an effort is being made by the Board of Trade and the Land and Improvement Company to secure a number of factories; also a college for young men. D. K. Appenzeller can give information. Architect Smith has modified the plans of the High School building so as to bring them down to the \$80,000 limit. Messrs Beatty, Kast & Doehne were appointed a sub committee to confer with the architect.

—At Gettysburg, Adams Co., the Board of Directors of the Lutheran Theological Seminary, has elected Dr. Baum, of Philadelphia, president of the Board, and Rev. E. Breidenbaugh, secretary. The Committee on Removal of the Seminary to another location, reported that land had been offered at Baltimore and also at Washington, and money promised for one building. The committee was retained and nothing definite settled.

—At Downingtown, Chester Co., the Alert Fire Company, No. 1, at a special meeting held a few days since, decided to accept plans drawn by Rev. Clarence Larkin, of Kennett square, Chester Co., for a new building for an engine, hose, hook-and-ladder house, and the second floor to be fitted up with stage, scenery, etc., for a first class opera house. Work will be begun on the building as soon as the contract can be let.

—At West Chester, Chester Co., the bond of Plummer E. Jefferis, the contractor for the court house annex, has been approved and filed by the Commissioners of Chester Co. It provides that the building shall be finished by October 20, 1892. Work will begin at once. The contract for the erection of the Assembly Building has been given to Davis Pennock, of West Chester, for \$19,450. This price does not include painting, decorating and furnishing, which will increase the cost to about \$25,000. Work will be begun at once. T. Roney Williamson is the architect. The above cost does not include the ground.

—At Norristown, Montgomery Co., the trustees of the State Hospital for the Insane have resolved to apply to the State Board of Public Charity for relief, owing to the crowded condition of the asylum. An effort will be made to secure funds for a much needed enlargement of the institution. The Grand Jury has visited the county jail, and recommends that a building be erected for hospital purposes; also recommend the erection of a bridge over Swamp Creek, in Frederick township.

—At Glen Loch, Chester Co., the contract for the work of connecting the main line of Pennsylvania Railroad and the Trenton cut off, has

been given by Chief Engineer Brown to John Keller, of Lancaster, Pa. There will be six tracks from a point west of Glen Loch to the switches eastward, where the tracks are reduced to four on the main line. Passengers will be landed at the proposed new stations on both sides of the tracks, and all access to and from these stations will be by the way of an under grade passenger tunnel, which will carry seven tracks all fenced in.

—At North Wales, Montgomery Co., the contract for the erection of a store and dwelling for John Weingartner, at Walnut street and the railroad, has been awarded to John J. Kauffle, of Lansdale, for \$6,161. The plans were drawn by M. B. Beau, of Lansdale, and call for a three-story brick building of Italian architecture, to contain store, offices, dwelling and a hall on the third floor, 53x21 feet, with a seating capacity of about 400. The interior will be handsomely finished and modern conveniences will be introduced. The steam flour mills of E. K. Freed & Company will be enlarged. A mansard roof will be put on, new machinery introduced, etc.

It will be of stone, 65x100 feet and handsomely finished on the interior. The roof will be of tiles. Fred. Sauer is preparing plans for a Roman Catholic Church, to cost \$40,000, to be erected by Saint Stanislaus's congregation, on Liberty avenue, near Thirty-third street. It will be of stone, handsome interior finish and marble altar, stained glass windows, etc. Contracts not let. Dr. Haworth and Dr. Davis, also S. W. Tanner, have purchased lots and will erect dwellings. Hon. W. H. Sponsler has had plans prepared for a handsome stone dwelling to be erected on Hazlewood avenue. It will be handsomely finished on the interior and will contain all modern improvements and conveniences. The congregation of Grace Lutheran Church, Seventh and Carson streets, has sold its present property to the Lithuanian congregation, who will remodel it for its use, while the former congregation will erect a large and handsome edifice on a lot recently purchased at Sidney and Twenty-third streets.

**The Key**

to successful building is to use only the best material. For use in the construction of Window-heads no material can be compared to Terra Cotta. Extremely light, and of great

strength and durability, it is far superior to stone or iron.

Then it is so easily fashioned to any given design, that the saving of time and labor is quite a consideration.

By using our straight and curved arches of Terra Cotta blocks, lined to imitate brick, builders can save the expense and waste of cutting and setting brick.

## EXCELSIOR RANGES.

\* 24 Sizes and Varieties. \*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot-air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers,

All responsible Dealers supply them.

**Isaac A. Sheppard & Co.,** 4th STREET, AND MONTGOMERY AVENUE, PHILADELPHIA, for their pamphlet "Perfect Cooking" giving full description.

## Men who Build HOUSES

### Need To Buy Ranges!

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

### Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

### "Excelsior" or the "Fidelity?"

## FIDELITY RANGES.

7 and 8 inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle, Hot Water in abundance. The latest and the best of their class.

**\$5.00**

INVESTED in a yearly subscription to this journal, if carefully read, and you are not too lazy to see the man who's going to build, will certainly prove the best investment you ever made in your life. Thousands of dollars in profit have been made by those who caught on to this idea years ago. Your economy that prompted the saving of five dollars per year by refusing to subscribe, has cost you many a cool hundred. Get aboard now Brother, while the fruit is ripening and the "lucky fellows" are reaching out far and wide for trade, while you are sorrowing because it don't come your way.

### Architects Notes.

George T. Pearson architect, 427 Walnut street, Philada., has made drawings for alteration of house, 718 Spruce street, which includes interior work.

Wm. B. Powell architect, 423 Walnut street, Philada., has completed plans for a laundry building, for Blockley Almshouse, to be one-story high, of brick, stone and iron, supplied with all the necessary machinery for the work. Plans are on boards of contractors for estimates.

Geissenger & Hale architects, 1200 Chestnut street, Philada., have on boards for estimates, plans for setting of boilers, for McNeely's factory on Randolph street, above Columbia avenue. These contemplate entirely, stone, brick and iron work in masonry.

Angus S. Wade architect, 20 S. Broad street, Philada., has on boards, plans for a fine residence for Albert H. Dingee, to be erected on Diamond street, near entrance to Fairmount Park, to be of brick, ornamental front, with stone trimmings, slate roof and fitted on interior with hard wood, electric bells and all modern conveniences.

Constable Bros. architects, 902 Walnut street, Philada., have just completed the plans heretofore reported by us, for an office building and store for Carl Lauber, to be erected on Ninth below Filbert street. These have been examined and passed by the Board of Building Inspectors and will now be placed on boards for estimates.

Hazelhurst & Huckel architects, 410 Walnut street, Philada., are engaged upon the details of the Odd Fellows' Temple, to be erected upon the site of Nichols Bazaar, Broad and Cherry streets, and which has been noted in a former issue. The same architects are also busy upon a number of other projects, equally large and important.

Moses & King architects, 431 Walnut street, Philada., have been engaged to draw plans for a fine hotel, to be erected at Budd's Lake, N. J. The preliminary sketch contemplates a four-story structure, Queen Anne Style of architecture and a capacity of about one hundred rooms. It will be fitted with an elevator, a freight lift, electric work, steam heat and complete in all modern comforts. The contract for the work of building, will not be given out until late in the fall of the present year.

Wilson Brothers & Co., architects, Drexel Building, have now completed plans of the new County Prison and placed them on boards of general contractors of the city for estimates. They are very comprehensive, taking in a number of wings, extending from the main rotunda. The main materials used being stone, iron and cement, all will be heated by steam and have considerable electric work, plumbing, etc. The entire work remaining to be done, will be in conformity with that already finished and of which, we have made previous notice.

Robert G. Kennedy architect, Drexel Building, has made plans for house for Francis D. Lewis, to be erected at Wissahickon Heights, to be three-story high. In addition to the main structure, there will be a one-story wing and porches upon either side, material to be stone and brick, with considerable galvanized iron, roof to be of slate, eaves and gutters of tin. Portland cement in cellar and pavement. Best of sanitary plumbing, steam heat, electric work and best of range work in kitchen and laundry. All modern conveniences will be introduced, drawings are now on boards of contractors for estimates.

M. Fielding architect, 110 S. Fourth street, Philada., has made plans for alteration and addition to house of Frederick Shaw, cor. Wayne avenue and Walnut Lane, Germantown, to be stone, with slate roof, three-stories high, interior hard wood, china gloss in finish, electric work and best of sanitary plumbing. Also under way, plans for alterations to house 2211 Locust street, interior work and decoration. The same architect is busy upon a number of drawings for other work, not ready for announcement. He is also engaged upon the details for store building, to be erected at Roanoke, Va.,

Architect Edw. K. Mull, 304 Schuylkill ave., Reading, Pa., has prepared plans for the following buildings, to be erected in that city, during the summer; a four-story stone and brick brewery, 60x100 feet, to be erected on north Eleventh street, for Stocker & Rehrig. All the latest improved brewery appliances, will be introduced throughout the building. The exterior door and window trimmings, will be of brown stone. Also a handsome four-story brick and terra cotta business house, 33x95 feet, to be erected on lots 27 and 29 north Fifth street, for Frederick W. Lauer, dealer in hotel supplies. The door and window trimmings will be of Dauphin county brown stone, roof of ornamental slate work. Elevators and other modern conveniences will be introduced. The interior will be finished in hard woods throughout. Also a block of six, three story brick, modern style residences, to be built on Hockley street, west of Schuylkill avenue, for Dr. A. B. Dundor. Also a three-story stone and timber summer hotel, 85x125 feet, with ornamental slate roof, to be erected on Fairview street, east of Nineteenth, for A. F. Reeser. The entire building will be surrounded by ornamental verandas. The interior will be handsomely finished in hard woods and all modern hotel conveniences intro-

duced, such as fire escapes, elevators, steam heat, electric lights, bath rooms, lavatories, etc. The first floor throughout, will be tiled. Mr. Mull has also prepared plans for the following buildings, to be erected in Hamburg, Pa. A first-class three story mansion, with Berks Co., brown stone trimmings, to be erected on north White Oak street, for J. A. Bausner. The interior finishes will be of oak, cypress and other hard woods. Also a three-story brick and terra cotta residence, with stone trimmings, to be built on south Main street, for Alfred Mull. Also a two-story stone and timber cottage, with metallic shingle roof, to be erected on south White Oak street, for Reuben A. Dietrich, lumber dealer.

### Miscellaneous.

At Hamilton, Madison Co., N. Y., the Hamilton University has just received a gift of one million dollars from James B. Colgate, of Yonkers, N. Y.

At Atlanta, Ga., G. W. Collier, will erect a hotel at Peachtree and Ellis streets, 104x90 feet four stories high, press and ornamental brick, terra cotta trimmings, and all modern conveniences. The estimated cost \$50,000. The plans have been drawn by Bruce & Morgan, of Atlanta.

At Chicago, Ill., a large freight station will be erected at a cost of about four million dollars. The Independent Order of Odd Fellows has decided to erect a magnificent temple to cost about \$1,000,000. It will be sixteen stories high and have a frontage of 100 feet on Fifth avenue, and 125 on Van Buren street. Work will begin as soon as the plans are finished.

At Chicago, Ills., plans have been completed by Adler & Sullivan, for a theatre, to be known as the German Theatre and Club House. It will be erected on Randolph street by the German Opera House Association. It will be sixteen stories high, and constructed of steel, tile and terra cotta, and will be fitted with all modern conveniences and improvements. Bids have been invited for the construction and material of the building, for mines for the World's Fair. The plans have been prepared by S. S. Beman, and the estimated cost is \$350,000. A block of handsome four-story residences will be erected on the Lake Shore drive, by Potter Palmer. The plans are being prepared by C. M. Palmer. Dr. R. V. Price is having plans prepared by Thomas Hawkes, for a ten-story apartment house, to be erected at the northeast corner of Dearborn avenue and Division street, at a cost of \$500,000. It will be of press brick and stone, and thoroughly fire-proof. All modern conveniences will be introduced. Plans have been completed by Bauer & Hill for the new House of Providence, to be erected at Elm and North Market streets. Stone and brick hardwood finish, elevators, etc., cost, \$50,000, also plans for a wing to St. Elizabeth's Hospital, to cost \$60,000.

JOHN N. GALLAGHER, Prop'r.

PHILADELPHIA, WED'Y. JUNE 24th, 1891.

For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communications for publication may be left.

### A Successful Sale.

\$150,000 worth of lots were sold by the Staunton Development Company at the recent sale held by the company at Staunton, Va., on June 2nd and 3rd. The company is represented in Philadelphia by D. Z. Evans, Jr., N. E. corner Fifth and Chestnut streets.

The Operative Builders Association, Broad and Columbia avenue, has sent to Governor Pattison a protest against Act 403, entitled "An Act to provide increased revenue for the purpose of relieving the burdens of local taxation." Which it is stated increases the State tax on mortgages from three to four mills.

CHIEF ENGINEER REILEY of Syracuse N. Y., has given it as his opinion that had the ceiling of the Grand Opera House of that city been of wood, nothing could have saved it from destruction at the time of the fire. Fortunately Adamant Plaster had been used and although it took nearly an hour to extinguish the flames, thanks to the plaster, they were confined to the ground floor.

The closing exercises of the Master Builders' Mechanical Training Schools on Tuesday evening, June 16, marked an era in the history of industrial training, in this city, being the close of the first year's work of this school, established by the Exchange, less than a year ago. The trades represented, included carpentry, brick-laying, plastering, stone-cutting, iron work, painting and plumbing. The exercises were particularly interesting and there is no doubt that the Master Builders' Exchange, is on the right track, in giving young men an opportunity to obtain a practical education.

The improvements to the stone yard of Jas. Mann & Co., consequent upon removal to their present location at Thirtieth and Locust streets, are now completed, to the great satisfaction of the company. The present yard is 75x475 feet, in which, is an engine and boiler house, with a 65-horse power engine and a 70-horse power boiler, to which water is pumped from an arte-

sian well, 82 feet deep. There is also a traveling crane, with a fifty five foot span, and calculated to travel 220 feet per minute and to lift a weight of 15 tons. The yard also contains a railroad siding, affording ample facilities for shipping, etc. Sixty-five men are employed and the works are run day and night. Mr. Mann started business seven years ago, on Thirtieth street, on a piece of ground about 20 feet square, and by strict attention and fair dealing, has brought his business to its present large proportions.

### Building and Real Estate Notes.

At Germantown, the First Congregational church has secured the property at Lynch and Seymore streets.

The congregation of the First Baptist church of West Philadelphia, will erect a chapel to cost about \$25,000.

The will of George F. Wiggan, probated last week, leaves \$10,000 to the Presbyterian orphanage, for a Memorial Cottage, to Susannah Wiggan.

James Mole contractor, has begun excavation for a small row of eight two story houses on Dounton street, south of Germantown avenue, to be of press brick, stone facings and good modern conveniences.

P. C. Thompson spice manufacturer, is about to erect a two-story stable, on Swanson street, west side, north of Washington avenue, to be 20x70 feet, of brick, stone trimmings and modern conveniences.

The property of Howard M. Levering, corner of Washington and Hermitage streets, and also that of Charles Wagner, on Hermitage street, have been selected by the Board of Education, as the site for an addition to the Schuylkill school.

George Ganby, secretary of Fifth and Sixth street railways, and other owners of Textile Hall, Kensington, are about to rebuild it and make radical changes in its construction, adding two-stories and changing the entire interior. Robert Bowers builder, 2206 Fairmount avenue, has made the plans and will execute the contract.

James H. Stevenson & Sons builders, Thirtieth and Ridge avenue, are about to begin erection of twenty-two two-story houses on the north side of Fontaine street, west of Thirty-first. All to be of press brick, best of modern conveniences.

James Bradley contractor, 38 north Fortieth street, is about to begin erection of a police and fire station, at Leverington street and Ridge avenue, to be two-stories high, 58x84 feet in area, of press brick, stone and terra cotta, slate roof, steam heat and all modern conveniences, artificial stone flooring and pavement, interior and exterior.

Francis Fennimore, of Wilson & Fennimore, Bristol, Pa., and W. Henry Sayen, of Sayen & Austin, rubber manufacturers, have purchased the island known as "Harvey's Island," Barnegat Bay, on the Atlantic coast, and propose to improve it by the erection of twin cottages and other improvements, such as erection of sea wall, fences, etc.

It is currently reported that Priestman & Co., of Hull, England, who are large manufacturers of engines, built to be run entirely by coal oil, have resolved to purchase land at or near Fortyninth street station, on the Media branch, P. R. R., and erect an immense plant for the object spoken of above. No definite action has been taken in the matter, or location selected.

The bill appropriating \$500,000 for the erection of a hospital for the chronic insane, has been signed by Governor Pattison. The following commission has been selected to secure a site and to erect the building, Dr. John Curwen, Warren, Pa.; Wharton Barker, and Henry M. Dechert, Philadelphia; Hon. John B. Storm, Monroe, Pa.; Hon. John M. Reynolds, Bedford, Penna.

The contract for the erection of the residence for William J. Latta, general agent P. R. R., has been given to Charles C. Haines builder, N. E. corner Fifth and Chestnut streets. It will be constructed under supervision of A. Felspach, architect, Broad street Depot, who drew the plans. A full description of the building has been given in previous edition, May 27th, 1891.

From present indications, it is likely that the Secretary of the Navy will award the contract for erection of the wharf at League Island, Phila. to James A. Mundy, 211 S. Ninth street, Phila., he being the lowest bidder. The new pier will be located on lower side of the dry dock and will be 78x300 feet, amount of bid was \$71,000. Mr. Mundy was the successful competitor for the work of removing the Islands from the Delaware river and is at present engaged in that labor.

F. J. Amweg contractor, 42 Lucas Building, will at once begin work of alteration and improvement of station house for police of 25th District, on Moyamensing avenue below Dickinson street, which mainly includes interior work, and heretofore described in this journal. Also begin the erection of another patrol station at Sixty-first and Thompson streets. This building to be brick, stone and iron principally, with considerable artificial pavement and cement work, electric work and all modern improvements introduced.

At the Board of Education rooms yesterday, Chairman Kavanagh, announced to the Property Committee, that the schools are in a better condition respecting light, air and sanitary arrangements than ever before. The Mayor and City Controller have asked that estimates of the expenditures for the coming year be presented by July 20. A request was received from agent T. B. M. Addis, of the Citizens' Municipal Association, asking for copies of some 300 specifications for the erection and repair of school buildings now in progress, for the use of the association in watching contractors. M. McManus, was given the contract for closets at the Welsh school, first section, at \$1,590.

Councils committee on schools, has resolved to present an ordinance to Councils recommend-

ing the transfer of Spring Garden Hall, Thirtieth and Spring Garden streets, for the purpose of erecting a new Normal school. It is also proposed in the ordinance to purchase the adjoining property on the west. Action will be taken upon the matter at the early sessions of Councils in the autumn months. An ordinance was called up and passed, granting permission to the Louis Bergdoll Brewing Company, to erect a building for storage of grain, at Pennsylvania avenue and Twenty-ninth street, to be of brick, wood and corrugated iron. A special meeting of both branches of Councils will be called to conclude the labors of the session.

Part of the final session of City Council's work for the summer adjournment, consisted of the passage of the following ordinances:

To grant permission to the German Evangelical Lutheran Jerusalem church, to erect a temporary frame church at the N. E. corner of Twentieth and Mifflin streets. To grant permission to the Cheltenham avenue Methodist Episcopal church, to remove a frame building used for mission purposes, and to erect two additional wings, etc. To grant permission to St. Matthew's German Reformed church, to erect a temporary frame chapel, at 3622 N. Fifth street. To amend an ordinance to authorize the construction of a brick and stone drain across Mermaid avenue, in the Twenty-second Ward, approved September 23d, 1890. To make appropriation of \$1,800, to item 4, in the annual appropriation to the Mayor, for stationery, printing, etc. To authorize the exchange of a lot of ground on Jefferson street, owned by the city, for another lot of ground on Toledo street, for school purposes. ### EXCELSIOR RANGES.

\* 24 Sizes and Varieties. \*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot-air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers,

PHILADELPHIA,

All responsible Dealers supply them.

for their pamphlet "Perfect Cooking" giving full description.

## Men who Build HOUSES

### Need To Buy Ranges!

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

### Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

"Excelsior" or the  
"Fidelity?"

### FIDELITY RANGES.

7 and 8 inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle. Hot Water in abundance. The latest and the best of their class.

In the City Hall ten miles of conduit tubing has been laid and about 10,400 electric lights and over thirty miles of copper wire will be used when the building is completed.

The marble ledge on Crandall creek, Cooke county, Montana, is declared to be "over 1,200 feet wide, one mile long and of a known depth of 800 feet."

All the cotton oil mills in Arkansas, with the exception of the Southern Oil Mill, in Little Rock, have formed a pool or consolidation. The Little Rock Cotton Oil Company has filled articles of an association, with a capital stock of two million dollars. J. A. Urgwhart is president of the new company.

The form of a roof often has much to do with the draft of a chimney. The flat roof offers no resistance to the passage of air, but as the pitch is increased the current is more and more disturbed, until with a high pitch and many gabled roof it is broken into innumerable eddies, some of which are sure to curl down and force the smoke and gasses in the flue into the rooms below. Chimneys on such roofs should be built higher than ordinarily.—*Exchange*.

Consul Sherman, of Liverpool, says: "The corporation of Liverpool has adopted the policy of constructing its public works in the best possible manner, and in this way has succeeded in reducing the cost of maintenance to a minimum. Since 1872 only impervious pavements have

been laid, and Liverpool has now 250 miles of the best paved streets in the world. The wisdom of this is not only seen in the reduced death rate, which has declined from 27.2 per thousand in 1880, to 20.3 in 1888, but in the reduced cost of maintenance of the streets. In 1879 the estimated expenditure of the cost of keeping 226 miles of streets in repair was \$136,080; in 1889 the estimated expense for the same was only \$40,824 for 250 miles of pavement. Permission, he says, is never given for private parties to cut through the pavement of any street for any purpose. When such work is necessary, the corporation will do it in its own thorough way, and the interested parties must pay the entire cost. All the street railway tracks are laid, owned and kept in repair by the city, and the company using them pays an annual rental of 10 per cent. on their cost.

#### Architects Notes.

Otto C. Wolf architect, 1345 Arch street, Phila. has made plans for an Ale storehouse, for Beadleston & Woerz brewers, of New York City, and estimates are being received upon the work.

Daniel S. Beale architect, Lucas Building, Juniper and Chestnut streets, has made plans for a public bath house, to be erected at Eighth and Mifflin streets, to be of brick, stone and cement work, one-story high, slate roof, and fitted with all improved methods for the purpose.

T. Roney Williamson, architect, 136 South Fourth street, Phil'a, has made plans for alterations and addition to house of Chas. Mather. Esq., 2039 Chestnut street, and has awarded contract for the work to Charles Smith, who will at once commence operations.

F. L. & W. L. Price, architects, 731 Walnut street, Phil'a, have made plans for a fine residence for Mr. Monroe Smith, to be built at Thirty-ninth and Chestnut streets. The plans contemplate a very handsome structure on exterior, while the interior will be in hard wood and best of modern conveniences, electric work, sanitary plumbing, etc.

The new school of architecture of the University of Pennsylvania, is meeting with much encouragement at the hands of local architects. The T square club, has made a proposition to establish two prize memberships to the students showing the greatest proficiency. This prize carries with it the membership to the club, as long as the student attends the school of architecture.

Wilson Bros., architects, Drexel Building, Phil'a, have finished plans and submitted the same for approval to the Builders' Exchange for the addition of a restaurant and dining room. They have received approval of the Building Committee and are before the Board of Building Inspectors for examination. After these preliminaries are gone through, they will be placed for estimates. They contemplate an additional story or two to the main structure.

Hazellhurst & Huckel, architects, 410 Walnut street, Phil'a, have made plans for a parsonage to be erected for Park Avenue Methodist Church, to be Gothic in architecture, three stories high and built of stone, same as church, interior finished in hard wood, stained and plate glass, steam heat and all modern comforts will be introduced. Also plans for a handsome residence

to be erected at Yonkers, N. Y., to be frame and shingle treatment upper stories. All modern improvements. Other plans heretofore noticed are being pushed forward.

Joseph D. Austin architect for Board of Education, 713 Filbert street, has finished plans for erection of school houses for the 18th, 22d, 26th and 28th sections, and placed blue prints on boards of general contractors for estimates. These are all three-stories, except that of the Germantown school, which is only two-stories. The bases are to be of stone, whilst the superstructures will be of brick, considerable artificial pavement will be laid at each; also electric call bells in all, lightning rods and fire escapes, Yale and Towne hardware will be used, slate and tin roofs, and interior fitted in good style with all modern conveniences.

Jno. T. Windrim, 132 South Third street, Phil'a, has asked bids for the construction of the new residence to be erected for Hon. Edwin S. Stuart, Mayor, at the northwest corner of Broad and Tasker streets. The main structure will be of brown stone, three stories high, with a porch. The steps, portico and twin pillars will also be of Connecticut brown stone. The house will contain fifteen rooms, all handsomely finished in hard wood, mostly walnut and quartered oak. The floor of the vestibule will be tiled, as well as the side walls for some distance. All modern conveniences and improvements will be introduced. The estimated cost is from \$18,000 to \$25,000.

Mackay, to cost \$4,500.

Albert W. Dilkes architect, 1001 Chestnut street, Philada., has made plans for alteration and addition to house of David Flemming, at Harrisburg, Pa. These consist of interior and exterior work, new rooms, lavatories, etc. Also plans for two wings, to be attached to public school, at Coatesville, Pa., each to be two-stories, brick, with stone trimmings, interiors to have all modern conveniences and school improvements. Also plans are in process for additions to residence of Mr. William H. Gibbons, of Coatesville, Pa. These contemplate interior work and extension, new bath and toilet rooms, chambers, dining and sitting rooms, as well, as other minor work. Also plans for a lodge house for gardener to Mr. Thaddeus Norris, at Wynwood, on main line of P. R. R.

Cope & Stewardson, architects, 324 Walnut street, Phil'a, have completed plans for a country residence for Mitchell Harrison, to be erected on his farm at Chestnut Hill. Also plans for a stable. Both of these structures are to be of stone, with slate roof and fitted on interior with every appliance for comfort. The same architects will soon put upon boards plans drawn

more than one year ago, for estimate pertaining to erection of the Foulk-Long Institute for orphan girls, and which we noted at length at the time of completion of plans. The Board of Directors has just taken title to additional ground at the corner of Thirty fourth and Locust streets, and proposes to complete the contemplated new buildings by June, 1892, in order to hold the annual commencement in them at that time. The main structure will be of brick and stone, three stories high and contain class rooms, library and offices, while the second one will be used as a home building, with kitchen, dining rooms, reception parlors, dormitories and lavatories. Wm. Pepper, M. D., is president of the Board, Mrs. Dewey A. Cobb, secretary, and Mrs. James T. Shinn, sub-treasurer. Principal and matron, Mrs. Mary T. Wheeler.

Bolton architect, 1510 Chestnut street, Philada., has made drawings for Calvary Presbyterian church, at Rutledge, Pa., to be stone, with tower on front, structure to be 50x100 feet, with shingle roof, timber construction on interior, hard wood finish, stained glass windows, heat as yet undecided, estimates are being received; also same architect has made plans for a Methodist church, at Hughesville, Pa., to be brick, one-story high and will contain class and committee rooms, to be fitted with stained glass windows and church furniture, to have slate roof and modern improvements, estimates being received; also plans for a fine church, at Wellsfleet, Mass., to be brick, two-stories high, stone trimmings, auditorium semi-circular and fitted with good furniture, stained glass windows, etc. Also a Presbyterian church, to be built at York and Nineteenth streets, Phila., to be 70x100 feet, two-stories high, slate roof, stained glass windows, steam heat and church furniture, etc.; also plans for a Presbyterian church, to be erected at Slate-lick, Pa., brick, two-stories high, roof of shingles and well finished in all particulars; also plans for store building, at Pottstown, Pa., and now in course of erection.

### Building and Real Estate Notes.

A number of improvements will be made to the Chestnut Street Opera House during the summer.

James Corr, of Philadelphia, Pa., will erect a large barn on his farm in Northampton, near Holland Station. The farm was formerly owned by Aaron C. Cornell.

Kemp & Garrison contractors, 1320 Olive street, have been awarded the contract to make alterations to the Builders' Exchange Building, Seventh street below Market.

George F. Pfund, 3945 Germantown avenue, is about to erect a new hall, for society purposes, at Nicetown Lane and Germantown avenue, upon a site now occupied by an old church. Work to begin soon.

Enweichter & Sons, are about to begin erection of a warehouse, two-story, 30x164 feet, on S. E. corner of Beach and Palmer streets, to be of brick, with stone trimmings and modern improvements.

Fire at the U. S. Mint did damage to the extent of about \$300 on the 25th of June, which will be at once repaired by the contractor now engaged upon making some additions to the upper floors of that institution.

Henry Brooks, lace manufacturer, will at once begin the erection of a four-story factory, 50x100 feet, at Fifty-fourth and Westminster streets. It will be a plain but substantial structure, fitted with all modern conveniences.

J. H. Virkler, builder, 1008 Belmont avenue, has taken permits for erection of a row of fourteen houses, three-story, brick, on Belmont avenue, between Pennsgrove and Westminster, all to be of press brick, stone facing and best of modern improvements.

Elmer E. Baldwin, real estate operator, 3821 Lancaster avenue, will at once begin the erection of three handsome houses at Thirty-eighth

and Spring Garden streets. These are to be finished in good style with every modern appliance for convenience.

Lewis Lambrecht builder, will at once begin the erection of ten, two-story houses, on east side of Fairhill street, north of Indiana avenue. They are to be of fine press brick, stone facings and best of modern improvements, for that class of dwellings.

Charles Auchter contractor, 1528 N. Twenty-seventh street, will at once begin a two-story warehouse, on east side of Holman street, south of Adams. This structure is part of an improvement being made to Weisbrod & Hess' brewery. It will be 59x60 feet.

James H. Stevenson & Son, builders, Ridge avenue and Diamond street, are about to commence erection of nineteen two-story houses on the south side of French street, west of Thirty-first, to be press brick, stone facings and best of modern improvement.

The congregation of Columbia Avenue Presbyterian Church is considering plans for its proposed new structure. A lot has been purchased, facing Columbia avenue, on which the new structure will be erected. Rev. J. L. Scott, D. D., is the pastor.

The Citizen's Municipal Association is now engaged in exercising a vigilant supervision over all buildings of a public character. The latest to come under their scrutiny being two public schools, which the committee alleges do not come within the scope of the original specifications.

City Council Committee on City Property has resolved to offer an ordinance setting aside ground for a park, bounded by Gaul, Vienna and Belgrade streets, and south by Montgomery avenue. Some opposition was developed, but not sufficient to injure the prospects of its becoming a law.

Governor Pattison has appointed Dr. Henry Leffman, John Huggard, Dr. Benjamin Lee, of Philadelphia and Andrew Osbourne, of Boothwyn, Delaware Co. Pa., a commission to secure a suitable site for a Quarantine station, at some point remote from the centre of population, on the Delaware river.

Much work is being done in and around the village of "Somerton," in the 35th Ward, by the Somerton Improvement Company and private buyers, in the way of paving, grading and building suburban houses. Mr. and Mrs. C. M. Avery, J. R. Petit and Albert Hogeland, are each building fine residences, which will average about \$15,000 each.

Contractors are estimating on school houses, which have been placed on boards, as follows: one at S. W. corner of Twenty-first and Moore streets; also one at N. E. corner of Sixteenth and Cumberland streets, one at Woodbine and Sprague streets and another at Palmer and Thompson streets. All of the above, have heretofore been mentioned in our Architectural and Building notes.

The State Board of Charities, 1224 Chestnut street, has just decided negatively to the proposition to build an annex to the Insane Hospital, at Norristown, Pa., this action being rendered necessary by the fact of no appropriation having been made by the Legislature looking to that particular object, and the reason given by Dr. Thomas G. Morton, that the institution is quite large enough for present wants.

Stacey Reeves & Sons, contractors, 1611 Filbert street, have been awarded the contract to erect the new buildings of the Abattoir, on the Schuylkill river, and will at once begin the work. The refrigerator building will be 75x185 feet, main building 105x110 feet and an additional one 62x153 feet and varying in height from one to three stories. Brick, stone, iron and cement will be the general materials used.

A charter has lately been granted for the Philadelphia Bourse. Capital \$112,000. Directors: Francis B. Reeves, Louis H. Ayres, John Lucas, Emil P. Albrecht, Robert Dornan, Fred-

erick Schaff, Richard L. Austin, Walter Wood, Edward H. Hance, Charles W. Henry, George C. Hetzel, Charles N. Thorpe, Geo. H. McFadden, George E. Bartol, D. Lewis Moore, Wm. W. Harkness, John T. Bailey, Lawrence Johnson, Cyrus Borgner. Wm. T. Miller, treasurer.

On the morning of the 29th of June, the Keystone Adamant Plaster Company's works were destroyed by fire. They were located at 233-5 North Twenty-third street, Phil'a, and quite extensive. The destruction of plant and material is complete, but with the thrift and ingenuity of Mr. J. C. Fender, vice president and general manager, and the resources of the company, very little delay will be caused in filling orders already on the company's books, as they have in operation a large pulverizing plant, in Chester, Pa., which can be utilized in case of emergency and will at once be enlarged for the occasion. It is proposed by Mr. Fender, within ten days to be in position to fill all orders received and those to come. Offices will be opened in this city, locality not yet determined upon, but of which we will give notice.

The Park Commission's Committee on Plans and Improvements has awarded the following contracts: For the construction of Lincoln avenue, from Washington lane to Rittenhouse street, to Richard P. Bennis, for \$4,789; construction of Greenland drive, to Jacob Anderson, for \$3,300; construction of approaches to bridge on Greenland drive, over Philadelphia and Reading Railroad, to John Lynch, for \$6,624; construction of part of Midvale avenue, from the Ford road northward, to Robert Patton, at 23 cents per cubic foot for excavation, and \$3.75 for stone masonry, the Commission appropriating \$2,000 for the work. The bid of William Kilpatrick of \$6,821 for the construction of a concourse on the Wissahickon was accepted by the Commission. This work contemplates the construction of a concourse at the junction of Ridge avenue and Wissahickon road, on Powers & Weightman's meadow.

Quite a large number of operations are in different stages of construction within the limits of the city and which have been noted in full. The Abattoir, on the Schuylkill river, is under way, Stacy Reeves & Sons, contractors; Fox's hotel and store building, northeast corner Broad and Spruce streets, under J. D. Allen, supervising architect; Metropole hotel and theatre, Broad and Locust streets, Jno. M. Sharp, owner and builder; New Century Club building, Twelfth street, below Sansom, is progressing finely, as well as several station and police patrol houses, under F. J. Amweg and James Bradley, contractors; the additional parochial building of St. Malachy, Eleventh and Jefferson streets, under supervision of P. A. Welsh, architect, 429 Walnut street; addition to Builders' Exchange, by Kemp & Garrison, contractors; the new market house, Twentieth and Susquehanna avenue, Thos. P. Lonsdale, architect, as well as a great number of dwelling houses, under the various operative builders.

The new parish house of Holy Trinity Episcopal Church, which is in course of erection on Twentieth street, by contractors Thos. Little & Son, will be one of the finest buildings of the kind in the city. It will be four stories high, of Pompeian brick, with foundation of red sand stone. The first floor will be taken up with reception and guild rooms. The second floor will contain a large and handsome Sabbath School room, which will extend into the third story. A number of class rooms will open into this room, being separated by glass partitions. There will also be made ample provision for the Dorcas Society and quarters for the janitor. The glass throughout will be rolled cathedral glass. All the rooms will be wainscoted and will contain open fire-places. The stairs will be of iron and wood, and the halls will be tiled. The whole to be lighted by electricity and heated by steam from a plant in the basement. An elevator to carry coal and heavy boxes, &c., for the Dorcas Society, will run from basement to top story. The work will be under the supervision

of G. W. & W. D. Hewitt, architects, Bullitt Building, Phil'a.

Hon. Edwin S. Stuart, Mayor of Philadelphia, on the 24th of June, appended his signature to what is known as the Northeastern Elevated Railway Bill, thus rendering it possible for the completion of the undertaking, and which it is understood is to be consummated at a very early day. Under the measure which has thus become law, the Northeastern Elevated Railway Company is authorized to build and operate an elevated railroad upon the following route; A double track road from that part of the county line known as Cheltenham avenue, over property hereafter to be purchased, to Butler and Mascher streets; on Mascher street to Tusculum, to Kensington avenue, on Kensington avenue to Lehigh avenue, on Lehigh avenue to Amber street, on Amber street to Front street, and on Front street to Pollock street. Also, a branch from Lehigh avenue to Emerald street, north-eastward on Emerald street to the junction of Emerald street and Erie avenue, thence over private property to be purchased by the company to Frankford avenue, near Butler street; thence on Frankford avenue to Margaretta street; thence over private property to be purchased by the company to Cedar street; thence on Cedar street to Bridge street; thence over private property to Tacony and Holmesburg. Work is to be begun within four months and completed over the entire route within three years of the passage of the ordinance.

#### Washington, D. C.

Mr. J. H. Merriwether will have erected a block of seven dwellings at the northwest corner of Twelfth and N streets. They will be two stories high, of press brick and Hummelstown brown stone, interior finish of natural wood, cabinet mantels, etc. The plans have been drawn by Nicholas T. Haller, 614 Eleventh street, N. W. Mullett & Co. are making plans for a frame dwelling to be erected at Roslyn, Va., by J. W. Clark. At Carmel, Lycoming Co., the large saw mill which was destroyed by fire on June 27th, together with 500,000 feet of lumber, was the property of C. E. Tibman, of Shenandoah, Schuylkill Co., Pa., and will be rebuilt at once.

—At Marshalltown, Chester Co., the congregation of the Methodist Episcopal society has decided to erect a new church edifice. It will be brick or stone, and the estimated cost is about \$3,500 or \$4,000. The pastor is preparing the plans.

—At Norristown, Montgomery Co., Messrs. Houpt, Famous and Leaver have been appointed a committee by Town Council to investigate the relative merits of vitrified brick, Belgian block and sheet asphaltum for paving Main street. A number of cities will be visited by the committee.

—At Hummelstown, Dauphin Co., the congregation of Zion's Evangelical Lutheran church has decided to go ahead and erect a new church edifice after the plans prepared by architect J. A. Dempwolf of York, Pa. The plans call for a handsome structure and the work will begin as soon as they are finished and the contract awarded.

—At Reading, Berks Co., about \$20,000 has been subscribed toward the erection of a church by the members of the Baptist congregation. The estimated cost of the structure is \$40,000. William H. Hendel will erect a three story brick dwelling on Sixth street. Nathan Moser will erect five two story brick dwellings at 17th and Pike streets.

## Men who Build HOUSES

### Need To Buy Ranges !

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

INVESTED in a yearly subscription to this journal, if carefully read, and you are not too lazy to see the man who's going to build, will certainly prove the best investment you ever made in your life. Thousands of dollars in profit have been made by those who caught on to this idea years ago. Your economy that prompted the saving of five dollars per year by refusing to subscribe, has cost you many a cool hundred. Get aboard now Brother, while the fruit is ripening and the "lucky fellows" are reaching out far and wide for trade, while you are sorrowing because it don't come your way.

## Electric Company's System

Which Has Solved Many Problems That

Have Baffled the Electric

World for Years.

Without exception the advance made in what may be termed Applied Electrics, during the past decade, will be a distinguishing characteristic of the latter part of the nineteenth century. The truth of this assertion will be verified by every intelligent observing visitor to the World's Fair, at Chicago, in 1893, when he contemplates the magnificent display which will be made on that occasion, and compares it with the conspicuous absence of things electrical at the Centennial, in 1876. At that time the immense capabilities of this subtle agent, particularly as applied to mechanics, was not dreamed of, save perhaps in the brains of a few men, who have since become famous. It would be impossible in a limited space to give an adequate account of the years of toil, mental and experimental, before the grand results of the present day were reached. Even now, the most intelligent of electricians do not hesitate to affirm that they have only mastered the A-B-C of this magnificent and apparently limitless power, and that the uses to which it may be applied are as yet little known. Among those who have spent years in a study of this subject, both theoretic and experimental, are Henry Groswith and Charles W. Kennedy, the experiments being particularly devoted to perfecting a complete and novel system for the application of electric power to lighting and propulsion of every description, with especial regard to traction purposes. As may readily be surmised, many difficulties had to be overcome before the present results were obtained, and it is now claimed and demonstrated by actual experiment as well, that the motor of this system is superior to all others in efficiency, durability and cheapness of construction, and bears the same relation to other motors as the Corliss engine to the common slide-valve engine; while its economy and high efficiency render it peculiarly valuable when using the storage battery as a source of power. In regard to the latter, much difficulty has been experienced on account of the weight, the liability to buckle and short circuit under the strain

of heavy service, and also the excessive cost. It has remained for the Kennedy-Groswith system to overcome all of these drawbacks to success, by introducing a battery in which the weight has been reduced to a minimum, the cells weighing but 16 pounds, as against 40 pounds of other motors, and being the lightest of any other in equal ampere capacity, thus doubling the storage capacity per pound of battery. It is entirely free from the possibility of buckling or short circuiting, and last, but not least, the cost has been decreased one-half. This bare statement speaks for itself and needs no explanation or comment. A private exhibition was given not long since, of an eight wheel street car, propelled by one of these motors, on a track five hundred and fifty feet long, and at that time it was practically demonstrated that the company could verify every advantage claimed for its motors over all others. The car used on this occasion was much larger than has ever been used for such purposes, the usual size being 16 feet long, with a seating capacity of twenty persons, while that of the Kennedy-Groswith Company is thirty-one feet six inches long, with a seating capacity of fifty persons. This car was propelled with a motor no larger than that used to propel a sixteen foot car, yet with almost double the capacity. The peculiar construction of this motor has also overcome the almost insurmountable difficulty of street car motors, the burning out of the armature, and also, as previously mentioned, buckling or short circuiting of the plates. It is estimated that these batteries will last ten years.

Another feature of this motor is its reversing power, which is done electrically instead of mechanically, by the aid of a small lever in the front of the car, which can change the current and propel the car in an opposite direction from which it had been going, or the current can be thrown off entirely. These are facts well worth consideration and need only to be known in order to be appreciated by all those interested in the important matter of transit in large cities and elsewhere, and a careful examination will reveal the fact that this invention is an immense advance over any other motor for street car service, and solves at once the problem upon which so much labor, time and capital have been expended by inventors, with but a modicum of success. The above is only one of the many uses to which this system may be applied. In the matter of lighting alone it possesses so many advantages, that it would be a task to even enumerate them, and when it is taken into consideration that many of the present generation have a distinct recollection of the penny dip—or at least wax candles—as a means of lighting the most pretentious of dwellings, some idea may be had of the evolution of the art of lighting. Following hard upon candles came the use of oil and gas, and many of the present citizens of Philadelphia remember the protests and petitions gotten up against what was then considered a most dangerous and Providence-tempting innovation in the introduction of gas

into dwellings and stores for illuminating purposes. The same tendency of humanity to better its condition, which led it to discard candles and to substitute oil and gas, is now at work, and without doubt the light of the future will be the perfected electric light. Even now its inroads are remarkable, considering its many imperfections, and very few large or public buildings are considered complete without its system of electric lighting, but as yet the great bulk of private dwellings clings to gas, for the simple reason that certain difficulties have prevented its introduction in small and private houses. In the above system these obstacles have been surmounted and it is now possible to supply light just as easily as the milkman leaves the milk or the baker the bread on his morning rounds, with the added advantage that the electric light man needs only to come once in perhaps two weeks, and in a few minutes renews the battery, which will then do its work regularly and with entire satisfaction until time for the next renewal. The light produced is regular and of uniform candle power, in marked contrast to that supplied from a dynamo, and with an advantage which will appeal to all, in the impossibility of being left in the darkness by the breakage of the outside supply wire or accident to the machinery at the central station. A 30 light domestic plant which was installed a year and a half since, and which has been in continuous operation, may justly be cited as a fair criterion to the working and cost of this system. It is operated by twenty-five cells of battery, which are regularly renewed every two weeks with absolutely no annoyance to the household. The entire operation of placing the charged battery and removing the former for re-charge occupies less than five minutes. The current is absolutely harmless and the expense less than the former gas bills. These results have only been accomplished after two years of hard work and the expenditure of many thousands of dollars.

The Kennedy-Groswith Electric Company now have nine patents on the motor and battery, which have more than justified the most sanguine hopes of the inventors and those who have worked with them. This is only an outline of a few of the many advantages claimed for the Kennedy-Groswith Electric Company System. The company has no stock to unload upon a credulous public, as there is absolutely none for sale, the object being to sell and lease territorial rights, in order that the people of the whole country may derive all the advantages that this system presents, both as a medium of light and traction power. The company was formed August 1st, 1890, and has patents covering the United States and the countries of Great Britain, France, Italy, Austria, Hungary, Belgium and Germany, and is now prepared to negotiate for the rights to manufacture under its patents. Applications for the same or for further information on the subject should be addressed to the Kennedy-Groswith Company, 1430 South Penn Square, Philadelphia.

# Politely Addressed to **YOU and YOU and YOU**

We are frank in saying that WE NEED MONEY, and we are not foolish enough to believe that you will buy now, or next month, or the month after, any considerable amount of Furniture, unless you can make a big saving by doing so.

**WE HAVE MADE OUR SELLING PRICES JUST HALF** of what they have been, and are now running a

## GRAND SUMMER SALE

With the view of turning our stock into money, sacrificing every article with the determination of making a clear sweep preparatory to our Fall Opening. This sale will run all Summer, but reductions will absolutely end on August 31.

In order that we may accommodate ourselves to your circumstances as well as wishes, we will exchange any article you may purchase at any time previous to the termination of this sale. For instance, if your purchase should happen to be a Dining Table, and after getting it you should find that you would prefer a Sideboard, we will cheerfully make the exchange without charge for cartage, etc. Again, if you should feel that you would like to refurnish, but cannot afford to do so during the Summer, we will allow you to make a selection of the Furniture you will require, pay us a slight deposit on your purchase, and we will keep the goods without storage charges until September, when you will need them. In order that we may properly accommodate our customers in this respect, we have appropriated one entire floor of 1022 Market Street for this purpose, and want you personally to take advantage of this very liberal proposition. We mean to make this a busy Summer by merely anticipating your wants in the Furniture line for next Fall and Winter, and we mean to make every article represent such a bargain absolute that if you are clear-headed and wise and have a keen appreciation for values you will buy these Parlor Suites, with their rich upholsterings; these Sideboards, rich in be utiful finish and carvings; these Chamber Suites, regal in their splendor, and all backed by the guarantees of the best makers in the world, even although you must deny yourself in some other way in order to beautify your home.

Commencing with our FIRST FLOOR, 1024 MARKET STREET, we offer you the following bargains. You can bring this list with you for comparison and satisfy yourself that these *prices are facts*.

IT SEEMS ALMOST WONDERFUL,

The progress made in bicycle manufacture, and the value  
 which is now given to the people in exchange for their  
 Cash. Thoroughly high grade machines of drop steel  
 forgings, and weldless steel tubing are offered this season  
 as low as \$75 and by reliable American Makers.

It is the outcome of a healthy rivalry and experience in  
 Manufacture. We are all benefitted. We offer the pick  
 of improvements selected after careful comparison.

**BEAR IN MIND**

We have the Columbia, the highest grade \$135, the Hart-  
 ford high grade at \$100, the Crescent and Popular; high  
 grade at \$85, the Mooregate Popular and Juno at \$75. A  
 line of Boys' Bicycles from \$20 to \$50, and at all times  
 over a hundred second hand bicycles from which to se-  
 lect. All warranted. Revised price list just published.

JOHN N. GALLAGHER, Prop'r.

PHILADELPHIA, WED'Y. JULY 8th, 1891.

For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communications for publication may be left.

WHEN the peculiar circumstances, financial and otherwise, that have influenced business of all kinds this year together with our own local troubles are considered, the building interests of the city of Philadelphia, notwithstanding the terrible shrinkage from the results of last year, must be regarded in a very favorable light. When the amount of building done during the last five years is considered and which in round numbers amounts to over \$100,000,000 with less failures than any other business interests of no greater magnitude, the showing in itself carries with it the highest praise and commendation for the sterling business integrity of those who have done the building.

That there should have been a falling off this year particularly in two and three-story houses was as natural as in any other business interest wherein the element of supply and demand enter, but it is certain that the shortage would not have been nearly so great were it not for the refusal to lend money on the part of our financial concerns which were necessarily compelled to anticipate contingencies in their own behalf regardless of the demand for loans.

There is a well settled opinion in business circles that the tide of gold which has sorely taxed our business interests by its eastward course thus far this year, must return to us during the coming fall and winter. Our harvest will be greater than ever this year and the demand based upon European reports of bad crops there, will certainly if realized, become the panacea of all our financial ills. We ask for a careful perusal of our semi-annual report in this number of the PHILADELPHIA REAL ESTATE RECORD.

GEORGE C. NEWMAN, 806 Market street, has recently embarked in a distinctive line of business in connection with his art store, that of in-

terior wood work, embracing mantels, china closets and cabinets, in gold, white enamel and hard wood. This house has always commanded an extensive trade in art goods and framing, and in that particular line has been noted for original and elaborate decorations. It was, consequently, an easy matter to apply the same talent for decorative work to a wider sphere and one more in keeping with the present taste for elaborate interior decorations. The firm has now on hand the decorative work for the handsome residence of C. A. Lane, of Allen, Lane & Scott, 718 Spruce street. The designs, which have been prepared by architect George Pearson, 527 Walnut street, are very beautiful and will be in gold. The cost will be several thousand dollars.

### Through Maryland.

At Frederick, Frederick Co., Jacob Rohrback, will erect a residence to cost \$9,000 J. A. Dempwolf, York, Pa. architect. Contracts not let.

At Baltimore, the large brick warehouse, on Chase's wharf, at the corner of Philpot and Thomas streets, occupied by S. Levering & Co., for roasting coffee, was destroyed by fire, June 28, at a loss of about \$125,000. The Mayor has signed a resolution, for the repaving with Trinidad lake asphalt, Sharp street, from Pratt to Camden street. The Baltimore City Passenger Railway Co., will borrow \$1,000,000 for road improvements. The most important building permits issued to date, are as follows: To E. J. Gallagher, to erect seven, two-story brick dwellings. To H. Wutzberger, to erect a three-story brick dwelling. To J. Barton, to erect two, two-story brick dwellings. To William A. Peltz and Henry Schleckerman, each to erect one two-story brick dwelling. Jacob G. Hartmann and others, have incorporated the Equitable Live Stock insurance Company, of Baltimore City.

### Through New Jersey.

At Bordentown, Burlington Co., a new pavement will be laid in front of the City Hall.

At Cramer Hill, Camden Co., the congregation of the Methodist Protestant Church is considering the erection of a new church edifice.

At Newark, the Board of Chosen Freeholders will have steam machinery put in to turn the draw on the free bridge.

At Long Branch, Monmouth Co., Messrs. Fay & Flanagan have leased the Ocean Hotel, and propose to turn the lawn into an excursion garden.

At Mount Holly, Burlington Co., builder Aaron Dean has commenced the erection of a dwelling for A. & S. Atkinson. Frank P. Howell has commenced work on three dwellings for T. B. Madden.

George W. Algar and F. C. Meteer, of Moorestown, Burlington Co., and J. W. Odenheimer, of Lumberton, same county, have incorporated the Universal Electric Railway Company, capital \$500,000.

Messrs. Shanley & Bro., of Newark, are building a siding 800 feet long, south of Byram Station, on the Belvidere division, where they will set up three stone crushers to crush stone. They will quarry at that place.

At Beverly, Burlington Co., John Mulford has purchased the McElroy property, on Cooper street, and will make alterations and improvements. The Rev. James Cope, M. A., will form a Reformed Episcopal congregation, for the purpose of erecting a church on a large lot which was given for that purpose by the late Miss Scott.

At Trenton, the superintendent of the State House has gone to Albany, Providence and Boston, with a view of getting some points regarding furniture for the new Assembly chamber. It is proposed to have the Assembly room finished as soon as possible. The interior woodwork and furniture will be of oak. The floor will be handsomely carpeted. The Governor is planning to have the work completed by December 1st. The estimated cost for furniture and furnishing is about \$15,000.

At Camden, the congregation of St. Paul's Episcopal church will erect a chapel at Front and North streets. Ground has been secured. The Furnace Slag Paving Company has been formed by Horatio N. Day, W. F. Johnson and Ernest L. Tustin, of Philadelphia, Pa., and Claire R. Johnson, of Camden, N. J., with a capital stock of \$150,000. The company will manufacture paving bricks or blocks from furnace slag. City Council has passed an ordinance to pave Eighth street, between Line and Walnut streets, also Third street, between Royden and Line streets, with assorted rubble stone. Contractor Davis has the first floor joists in place on the structure for the Home of the Aged Methodists. It is reported that the Board of Education will erect the new Ferry avenue school building on ground opposite the present structure, which will be torn down. A petition has been presented to City Council, asking that Sixth street, from Mickel street to Haddon avenue, be paved with No. 1 rubber pavement. Farr & Bailey will erect a large factory at Seventh and Kaighns avenue.

**Mills to be Built.**

At Tylers, Hanover Co., Va., a new lumber company has been organized, with a capital of \$75,000, and will erect a mill.

At Woodville, Rappahannock Co., Va., H. E. and J. L. Craig, formerly of the Spring Creek Mills, are negotiating for another mill.

C. E. Tibman, of Shenandoah, Schuylkill Co., Pa., whose large saw mill was destroyed by fire June 27, near Cammal, Lycoming Co., will rebuild at once.

At Chalfont, Bucks Co., Pa., F. D. Hartzell's Sons, have shut down their mill in order to make extensive repairs. Nearly all the flour mills in that vicinity are being remodeled and new and improved machinery introduced.

S. M. Christman and Andrew Walt, of Lower Pottsgrove, Montgomery Co., have purchased of the E. & G. Brooke Iron Company, a timber tract of 46 acres in East Nantmeal, Chester Co., where they will erect a saw mill.

## PHILADELPHIA'S BUILDING OPERATIONS.

STATISTICAL TABLES MADE FROM  
DATA COMPILED BY  
**THE PHILADELPHIA REAL ESTATE RECORD  
AND BUILDERS' GUIDE,**  
SHOWING THE BUILDING OPERATIONS  
BY WARDS AND MONTHS AND THE  
SALES OF REAL ESTATE, TO-  
GETHER WITH THE ESTIMA-  
TED COST OF THE NEW  
BUILDINGS ERECTED  
OR IN COURSE OF  
ERECTION.

JANUARY 1 TO JUNE 30, INCLUSIVE.

3906 New Buildings, costing \$13,320,530, a decrease of 2392 new buildings, from the same months of 1890, and a decrease of \$7,899,685 in the amount of capital invested. A falling off of 37.9 per cent. in new buildings, and 37.2 per cent in the amount of the investment.

The peculiarities of the year 1891 with its financial episodes of staggering proportions, have not been without a forcible as well as a discour-

aging influence upon real estate as in every other business interest. It is no wonder that building has fallen off; were it otherwise it would seem that builders had lost their senses, and were really anxious to travel the short road to ruin regardless of consequences. The fact is, the magnificent showing presented with this issue more than verifies our conclusions expressed in our January number as to the strong financial condition of the builders of this city to commence the work of 1891.

It will be observed that our tables show a decrease of 1974 two-story houses or 43.2 per cent less than last year. Three-story houses show a falling off of 400 or 31.3 per cent, or in other words, the deficiency of two and three-story houses this year when compared with last year amounts to just 99.2 per cent. of the entire shortage of this year, hence it is conclusive that outside of two and three-story houses the showing for the year in the erection of new buildings is quite as strong as that of last year. It will also be seen that of the total shortage of the money invested that of two and three-story houses represents 69.2 per cent of the entire amount.

The falling off in office buildings this year is considerable, as there were but two erected this year costing \$35,000 and \$55,000 respectively against the four costing \$315,000 last year. School houses also show a decided decrease, there having been but one this year costing \$60,000, against seven last year costing \$420,000, although on the 30th of June there were plans for four school houses on the architects boards the permits for which had not been issued. A number of additions have also been made which are included in alterations and additions. The buildings erected for industrial purposes this year are fewer in numbers than last year although the falling off is not so great as many supposed, the shortage being represented as follows: Dye and Dry Houses, one; Factories, two; Engine and Boiler Houses, three; Breweries and Bottling Houses, two; Foundries and Shops, twenty; Warehouses show an increase of three, Stables twenty-nine, Stores fall short ten, while the number of churches erected this year is just one short of last year. The total amount of the cost of the industrial buildings erected this year is \$648,300 against \$846,515 the cost of the same character of buildings erected during the same months last year, a falling off of \$198,215. The cost of the sixteen warehouses erected this year is \$422,000 against \$195,000 for the thirteen erected last year, but this year the cost of the new warehouse of the Pennsylvania Warehousing Company costing \$200,000 plays an important part in the figures presented this year.

The Palm of Glory for two-story house buildings falls this year upon the Twenty-eighth Ward, while the First Ward, which was the banner ward last year falls back to fourth place.

West Philadelphia shows an immense falling off in two-story house construction, the figures showing a decrease of 534, while the falling off in three-story houses is 94.

The Twenty-eighth Ward also maintains its lead for three-story houses, although the falling off in this ward is 159.

Four-story dwelling houses this year lose one only, while their cost is materially increased.

Alterations and additions this year show considerable increase in numbers as well as in the amount of money expended, the showing for this year being 1158, costing \$1,737,000, against 940 last year costing \$1,410,000, an increase of \$327,000.

Miscellaneous buildings this year being 60 in number and costing \$1,713,000, although exceeding in number our report of last year by ten, seriously fall behind the cost of those erected last year which was \$3,165,000.

For the six months embraced in this report we show that there were 7416 conveyances of

real estate recorded, representing a money value of \$38,947,991.71, the mortgage incumbrance on the same amounting to \$9,215,042.62, or 23.6 per cent. on which also there were ground rents amounting to \$266,996.72 which on a six per cent basis represents a principal of \$4,449,945.33. In this connection we desire to call attention to our figures of last year when we showed that for the same months of last year there were 8160 conveyances recorded amounting to \$42,063,784 or the difference being a loss this year of 744 conveyances, representing a money difference of \$3,115,792.30 a falling off of only 7.4 per cent, yet it must be borne in mind that the showing this year is materially increased by the properties absorbed by the Reading Terminal which for June 29th alone amounted to nearly two million dollars, yet notwithstanding the influence of the Reading transfers it is very evident that the sales of real estate this year in face of the well established and often repeated rule that real estate is the first to feel financial or business depression, and the last to be effected by contrary influences, the results for the first half of this year are very satisfactory, and although there is at present considerable head shaking and doleful predictions of hard times and lower prices, we have found that in almost every case these predictions emanate from those who are constantly on the alert for snap bargains, and are neither justified nor made specially important by the wisdom or experience of their authors, while to the contrary, speaking for ourselves we would say that the figures certainly show a healthy disposition on the part of thrifty people to continue to invest in real estate as a solid and substantial depository which cannot be depleted unless of their own accord, for while the first four of the six months we are dealing with were fraught with nearly all of the fearful financial disasters that have occurred this year, yet the falling off of the money value of the transfers recorded for those four months amounted to only eleven per cent less than the same four months of last year notwithstanding the fact that 1890 was the heaviest in the history of the city, the transfers of the year amounting to \$82,879,165.22. On the part of those who know or whom we think ought to know the most about the situation there is a strong sentiment for better prices during the coming fall and winter and a heavy business, for it is argued that our people naturally take to land and real estate for investments and that the sad experience of those who were caught through the failure of the Kite Flying institutions will very naturally lead many to invest in real estate. That this has already been the case with a few, we know of our own personal knowledge, in fact, we know of several cases where Building Association loans were paid off because the parties desired to place their money where they were sure to find it.

It will be noticed that this year the properties conveyed bear an increase of mortgage incumbrance, for while the conveyances are 744 less than last year and the value \$3,115,792.30 less, the mortgage incumbrance is \$546,853.90 greater than last year, or in other words the percentage of mortgage incumbrance this year is 23.6 per cent, whereas last year it was only 21 per cent.

The conveyances this year also show that the ground rents on the properties conveyed are \$122,652.74 less than last year, representing at six per cent a principal equal to \$2,044,212.33.

The auction sales show a heavy falling off from last year, the difference being \$401,874.51. This was not to be expected in face of the innovations made by the real estate auctioneers Davis & Harvey, who in order to popularize the auction method as a legitimate means for finding buyers in the interest of owners and agents generously offer properties at auction without charge of any kind unless a sale is effected and although the business of this firm has been exceedingly heavy thus far this year, it has not been sufficient to overcome the difference.

**Architects Notes.**

T. Roney Williamson, architect, 136 South Fourth street, has made drawings for alteration of house for J. H. Dingee, at Paoli, on main line of P. R. R. These will include interior and exterior work, new rooms, tower, etc.

Frank R. Watson, architect, 518 Walnut st., Phil'a, has made plans for alterations and additions to the First Presbyterian church, of Germantown. These include a new transept, roof, to be of slate, new heater, electric wiring to be replaced where taken down or injured, considerable exterior and interior work in detail. Estimates are being received.

Addison Hutton, architect, 400 Chestnut street, has made plans for erection of a school of physical culture for the Friends' school, at Sixteenth and Race streets. Structure to be three stories high, of brick, slate roof, and will be heated by hot air, and contain class rooms, gymnasium, committee rooms, lavatories, modern comforts, etc. Plans on boards for estimates on work.

Yarnall & Goforth, architects, 14 South Broad street, Phil'a, have finished plans for a hall lodge and store building, to be erected at Media, Pa., for Hon. John B. Robinson. The drawings contemplate a three-story structure, of brick and stone, shingle roof, interior to be in hard wood, steam heat, electric wiring, good sanitary plumbing, modern improvements. Estimates are being received.

Charles L. Hillman and J. C. M. Shirk, architects, have opened offices at 328 Chestnut street, Brown Building, and will hereafter be incorporated in the architectural fraternity of this city. These gentlemen have recently returned from Europe, where they have given ancient and modern architecture considerable study, and therefore come to us well qualified for their professional duties.

R. G. Kennedy, architect, Drexel Building, has made plans for a chapel building for the Fourth Presbyterian church, to be erected on a lot at corner of Forty-seventh street and Kingessing avenue. The drawings contemplate a stone structure, with class and trustee rooms, church parlor, reading room and wide halls and kitchen in basement. American leaded and cathedral glass in windows and doors, heated by hot air, roof to be slate, gas fitting and plumbing of the best, also good class of church furniture. The plans on boards for estimates.

Harold Godwin, architect, 905 Walnut street, Phil'a, has prepared drawings for alteration and addition to house of Mrs. Eisen, 1233 North Broad street. These include entire remodelling of interior and fitting with the various modern improvements all the chambers, lavatories and sitting rooms. Electric work, nickel plated bath and lavatory arrangements, hot air heating, tiling work upon all the floors in one way or another, stained and plate glass in windows and doors. It is proposed to begin work in a few days, so as to complete it by fall.

Wilson Bros., architects and engineers, Drexel Building, have furnished the plans for the foundation work of that part of the passenger station lying between Arch and Filbert streets, east of Twelfth street, and the drawings are now on boards for estimates of contractors. The drawings are very comprehensive, taking in all the work upon which the superstructure will stand, between the streets named, these being intended as train sheds for arrival and departure of trains. The material to be used being mainly stone, brick and concrete, direct specifications being given as to quantity and quality of these articles used. The plans also take in the iron and masonry for the work between the said streets, constituting mainly stone and iron beams, fully described in specifications.

P. A. Welsh, architect, 429 Walnut street, Phil'a, is at work upon plans for a school house for the South Chester School Board, and it will be erected at Highland avenue and Seventh street. It will be of brick, stone and terra cotta, arranged and planned with great regard for the comfort of the pupils, and most improved

methods. Also plans for twenty separate houses, to be erected at Ridley Park, Delaware Co., Pa., each to be separate in design and all furnished with best modern conveniences. The letting of contracts will begin at once. The Chester Daily Times building has been contracted for by Joel Lane, of Chester, Pa., and will be pushed forward at once. Electric work, steam heat and some minor contracts have not been let by general contractor as yet. The same architect has on boards plans for alteration to St. Mary's church, R. C., Fourth street, below Locust. Also plans for a stone residence for Rev. D. O'Donnell, to be erected at Thirty-ninth and Spring Garden streets.

Architect Edw. K. Mull, 304 Schuylkill avenue, Reading, has just completed plans for the following buildings to be erected at once in that city. A brick hotel building, with brown stone trimmings, to be built at the S. W. corner of Ninth and Spring streets, for Hon. John S. Wagner. The building will be 30x85 feet, three stories in height, with mansard roof. All the latest improved hotel conveniences will be introduced. Estimated cost \$15,000. A three-story brick and terra cotta residence, with stone trimmings, for Benedict Lesig, to be erected on Thirteenth street, south of Buttonwood. The best of modern conveniences will be introduced. The estimated cost is \$5,000. Also plans for two, three-story brick office buildings, to be erected on Court street, west of Seventh, for Isaac Spang. The interior finishes will be of hard wood. The same architect has also prepared plans for a handsome three story brick and timber residence, with metallic tile roof, to be erected at Hamburg, Pa., for James S. Machmer, steam heat, best plumbing, etc. Also plans for two first-class stone and timber cottages, with slate roofs, to be erected at Owingsburg, Schuylkill Co., Pa., for P. A. Fegley. The interior finishes throughout, will be of hard wood. Steam heat and all modern comforts will be introduced.

Hazelhurst & Huckel, architects, 410 Walnut street, Phil'a are engaged on plans for a house for J. Carstenson, Esq., of the New York and Hudson River Central R. R., to be erected at Yonkers, N. Y. Also plans for a house at Forty-seventh and Chester avenue, for Manuel Gillbee, to be stone base, with buff brick, shingle roof. S. D. Arthur has contract to erect the structure. Also completed plans for a summer and winter garden, to be placed on top of Manufacturers' Club building, on Walnut, above Broad street, heated by steam, hard wood finish on interior, plate glass sides, copper roof. Also plans for a parsonage, to be attached to the Park avenue M. E. church, to be of stone and in conformity with architecture of the church. Drawings have been made for alteration and addition to house of Ernest Wright. Paul J. Essick & Sons will do the work. Plans have been prepared for a house for E. T. Burnett, of the Norfolk and Western R. R., at Roanoke, Va., to be stone, frame and shingle, with all modern improvements and conveniences. Contract awarded to F. J. Amweg, Lucas Building, Phil'a. The same architects are completing all details for the I. O. O. F. Temple, to be erected at Broad and Cherry streets, and which will cover an area of ground 125x170 feet, and be six stories high, of stone, buff brick and terra cotta, and quite ornamental. An immense hall will be upon the first floor, from which elevators will take passengers to upper floors. An auditorium will also be upon the first floor for general purposes. The remainder of the floors will be fitted in offices, lodge rooms, the Grand Lodge rooms and janitor's quarters. The entire structure will be heated by steam, lighted by electricity and have all modern comforts.

**Building and Real Estate Notes.**

Robert Beatty, carpenter, 2321 Townsend street, has the contract to add a fourth story to the factory at Amber and Westmoreland streets. It will be 52x125 feet and fitted with the machinery necessary to the business.

The Park Commission has petitioned the Centennial Board of Finance to transfer to the Commission the balance in hand for the purpose of repairing the roof of Memorial Hall.

Stewart Bros., builders, have begun a row of eighteen two-story houses, on Carlisle street, north of Clearfield. Press brick, stone facings and steps, and best modern improvements.

James A. Mundy, 211 South Ninth street, has been awarded contract by the U. S. Government to build the new pier at League Island Navy Yard, and will at once begin operations.

The trustees of the Brown estate, owners of 1332 Chestnut street, intends at an early day to tear out front of the above building and remodel the interior to some extent. It is proposed to make it a handsome five-story structure.

Ralph & Gregg, contractors, 1233 Olive street, are about to erect a large stable on site 1013-19 Sargent street, to be 66x92 feet, two stories high, brick, with stone trimmings. It will contain all modern improvements in the way of a first-class livery stable.

William R. Dougherty, contractor, 1604 Sansom street, has received contract for the erection of the house of Hon. Edwin S. Stuart, at the northwest corner of Broad and Tasker streets. The structure has been fully described in previous number of this Journal.

The Spruce Street Baptist Church, below Fifth, Phil'a, is being overhauled, and will be to a great extent re-furnished, opera chairs will be placed in auditorium of lecture room, electric lights introduced, and other minor improvements.

A number of taxpayers and owners of real estate fronting on Frankford avenue, have filed a bill in equity against the city of Philadelphia and the Vulcanite Paving Company, asking that the defendants be enjoined from closing a contract for paving Frankford avenue, between Margaret and Adams streets, with asphalt.

Director of Public Works, James H. Windrim, has strongly endorsed the proposition of placing a new reservoir upon the site now occupied as Schuetzen Park. In doing this he founds his reasons upon the advantage of geographical position for supply force, as well as being central in location.

The factory of Joseph H. Whitehead, Huntingdon and Cedar streets, was badly burned on the morning of July 1st, as well as a total destruction of contents. The mill will be rebuilt as soon as arrangements can be made and the insurances upon building and materials have been settled.

Charles Auchter, contractor, 1523 North Twenty-seventh street, will at once begin erection of a fine three-story stable, on east side of Bailey, south of Oxford street, 17x77 feet, of brick, with stone facings, and contain all improvements—carriage and grain lift, cement floors, improved stalls, neat office with modern comforts.

John F. Lewis and S. Edwin Megargee, two prominent citizens, have been appointed by Governor Pattison on the commission to select a site to build the home for training deaf children. The Governor, Lieutenant Governor and Auditor General are also on the same board. It is stated that the house will be located in Philadelphia.

D. O. Schultz is about to build an addition to the factory plant, west side of Leithgow street, south of Canal. It will be 30x53 feet and four stories high, of brick, with stone trimmings and steps, and will be fitted with steam appliances throughout. He will also add another story to the present structure upon the site, which will be in conformity with the architecture as it stands.

As indicated some weeks since by this journal, the Second Regiment, N. G. P., have taken title to the ground on North Broad street, above Diamond, selected for the site of their new Armory, and nothing more remains but the arrangement of some minor details, before going

ahead with the erection of the structure, for which John Ord, architect, has already prepared plans.

Joseph L. McDaniel, Sixteenth street and Washington avenue, Henry Whitely, and others, are about to erect in the suburbs of Philadelphia, four large manufactories for the production of American tin, and the company is to be known as the Welsh-American Tin Company. From present indications, the plant will be in operation at an early day, as all plans have been matured for erection of the building.

B. F. Glenn, real estate agent and broker, 555 North Seventeenth street, Phil'a, is at present disposing of quite a large number of suburban building lots at "Pennbrook." Grading and opening of new streets and other improvements are being pushed forward at a rapid rate. A number of lots have been sold to parties in employ of Baldwin Locomotive Works. The Pennbrook Land Association is represented by J. F. Anderson, on the ground, and who possesses a general knowledge of all lot buyers, as well.

Common Council met in special session to consider the ordinance setting aside Spring Garden Hall, at Thirteenth and Spring Garden streets, for use as an adjunct to the Normal School, which measure passed with but thirteen negative votes. Resolutions were adopted authorizing the Mayor to employ counsel to defend the city in the suits to be instituted by the State; authorizing the payment of R. G. Oellers' salary as city treasurer and directing the removal of unauthorized electric light wires.

H. C. Nichols, carpenter, 1211 Filbert street, has taken the contract to erect the large addition to the "Bee Hive," Partridge & Richardson, Eighth and Filbert streets, and will at once begin work upon the structure, it will be four stories high, of brick, stone and iron, heated by steam and have electric work throughout. The building will be L shaped, on account of one property intervening between the main store and the proposed new part, but the newly acquired property gives the firm two fronts, which will be a decided advantage. Elevators and freight lifts will be introduced. It is intended to be occupied by the early fall months.

Along the entire line of the Philadelphia and Reading Terminal line, from Market street north, rebuilding, additions and repairs will follow in the wake of this great undertaking and will afford a large field to the gleaner after contracts, as well as the seller of building materials. The operation is now fully opened and under way, and as a matter of necessity, those whose properties have been damaged or disarranged in any manner, and whose claims have been fixed upon or settled in full, will at once rebuild and arrange property lines. Plans will be needed from architects, and the contractor will find a harvest here. Surveys and transfers of properties are being made by the hundreds daily, and a wide field is open to all.

A number of important measures were passed by City Council on the eve of adjournment, among which were the passage of the Reading terminal bill; the Northeastern and Market street elevated railroad bills; an appropriation for \$170,000 for a new normal school; of \$400,000 for school lots and buildings in many of the sections; of \$120,000 for the new county prison; \$250,000 for the Walnut street bridge; \$400,000 for paving and re-paving streets; \$150,000 for the intercepting sewer at Chestnut Hill and Mount Airy; \$75,000 for the Mill Creek sewer, and \$25,000 for the Wingohocking sewer. In all, the Councils appropriated \$21,000,000, including the interest on the Sinking Fund and the loan of \$2,300,000.

Representatives of the various school boards of the city appeared before the Property Committee of the Board of Education, in response to a request from that body, to furnish estimates of the special appropriation needed to enlarge the school accommodations of the city for 1892. \$734,500 was asked by the seventeen sections which applied. This amount is for building purposes only, aside from all current expenses,

and does not include any item for the erection of a new high school or for additions to any of the higher schools. The requests by sections are as follows: First section, to condemn properties south side Weccacoe School and east side Tasker School, with new first floor for Tasker School, \$20,000; Second section, to condemn property east of Washington School, \$10,000; Third section, addition to Fletcher School, \$10,000; Fourth section, lot and school in place of Ronaldson School, \$85,000; Eighteenth section, lot rear Douglass School, \$10,000; Nineteenth section, new building, \$75,000; Twentieth section, new building in place of Park Avenue School, \$85,000; Twenty-first section, to erect a new building at Manayunk, \$65,000; Twenty-fifth section, to erect a fifteen-division building, Richmond and Ontario streets, \$50,000; Twenty-sixth section, to erect a new building in place of the Girard School, \$50,000; Twenty-seventh section, \$15,000; Twenty-eighth section, to remodel Bellevue School, \$15,000; Twenty-ninth section, to erect a new building on the site of Hollick School, \$50,000; Thirty-first section, to purchase a lot adjoining Armit B own School and erect addition, \$35,000, and improvements to the Adams School, \$40,000; Thirty-second section, addition to Camac School, \$30,000; Thirty-third section, new building, Howard and Tioga, \$60,000, and annex to Fairview School, \$15,000; Thirty-fourth section, lots south and east of George School, \$2,500; Thirty-fifth section, new fourth-division school at Some ton, \$12,000. The contract for a new building at Palmer and Thompson streets, Eighteenth section, was awarded to W. R. Dougherty for \$60,544. Small contracts were also awarded to various bidders for repairs amounting to \$5,000.

## Contract Department

John Wanamaker,  
Philadelphia.

A thorough reorganization has been made of our special Department for Contracting with Private Parties, Public Authorities or Corporations for Furnishing and Outfitting Hotels, Institutions, Public Buildings, Club Houses, Steam Vessels and Railway Cars.

The office for this business is now located at the east end of the Carpet Department, second floor, Market Street.

The general nature of our business, including the greatest stocks in Carpets, Furniture, Upholstery, Linens, Silver-ware, Cutlery, China, Glass, Kitchen Furniture, Wall Paper, and House Belongings generally, enables us to undertake the largest furnishing contracts at the least possible prices, with the added advantages of the best artistic advice at all points where needed, and the least trouble and inconvenience to the buyer.

Correspondence invited from distant points, and wherever desirable we will be personally represented.  
Address all communications

John Wanamaker,  
Contract Department,  
Philadelphia.

## J. R. CLAUSEN & SON,

MANUFACTURERS' AGENTS,

2010 to 2014 Market St., and N. E. cor. 27th & Diamond Sts.,

SOLE AGENTS FOR THE SALE OF

### "STANDARD" AKRON SEWER PIPE,

IMPORTERS and DEALERS in all kinds of CEMENTS, BAR SAND, VITRIFIED PAVING BRICK, &c.

*Please Note :—Having been compelled owing to the extensive growth of our business to obtain greater rail-road and storage facilities, we have leased the large yard and premises N. E. cor. of 27th and Diamond Streets, as branch of our Market Street Yard.*

*Our new Yard is advantageously located and possesses such large Storage Capacity as will enable us to offer to our patrons a larger stock and greater VARIETY of SEWER PIPE than heretofore.*

*We would respectfully recommend to the consideration of Architects, Builders, Plumbers and Contractors, our "Standard" Akron Sewer Pipe, as being the most reliable article of its kind now made. Its glazing is thoroughly incorporated with the material (clay) and will not check or shale. It is impervious to Water, Acids, Gases and other injurious substances, possesses greater crushing power than any fire clay pipe of equal thickness known to the trade, it is smooth inside as well as outside and for Sewer Building it has no equal. Your patronage is respectfully solicited.*

Respectfully,

J. R. CLAUSEN & SON,

2010 to 2014 Market St., and N. E. cor. 27th & Diamond Sts.

## OPINIONS OF THE PRESS.

[From the Northwestern Architect.]

MINNEAPOLIS, MINN.

"As is compatible with this progressive period, even wall plaster has succumbed to inventive genius, and 'the day is nearly done' when our handsomely decorated walls and ceilings shall be ruined by reason of the utter unreliability of the old style mortar. To meet this demand for a non-porous plaster, Adamant has appeared on the market, and is now being manufactured in nearly every State in the Union."

[From the Scientific American.]

"Some of the advantages Adamant possesses above the other plaster is the extreme hardness of the wall. It will neither crack nor crumble. It is a strong support to a building. It does not swell timbers by an absorption of the moisture, as the material itself absorbs most of it. It dries so quickly after it is applied to the wall, that in a few hours frost will have no effect on it. We are convinced that this Adamant is destined to revolutionize the business of house plastering."

[From the Baltimore Commercial.]

"Adamant makes a wall as hard as marble, at a slight cost."

[From the Leader and Herald.]

CLEVELAND, O., March 22, 1889.

"The problem has been to provide a substitute that would not only produce a perfect wall, but be comparatively cheap and easily applied as well."

"Repeated tests, under the most exacting conditions, clearly prove that such a happy combination has at last been secured in the plastering material called 'Adamant,' now being so extensively introduced in this city."

[From the Builder, Decorator and Wood-Worker.]

PHILADELPHIA, PA.

"Nothing in house building has so long withstood the 'march of improvement,' notwithstanding it has failed to give a substantial wall, while many houses become defaced and old in a few months on account of broken walls and ceilings. 'Adamant' obviates all this, and is the coming wall plaster."

[From the New York Commercial News.]

"There is not the least doubt about 'Adamant' wall plaster will last as long as the building upon which it is used."

## IT SEEMS ALMOST WONDERFUL,

The progress made in bicycle manufacture, and the value  
 which is now given to the people in exchange for their  
 Cash. Thoroughly high grade machines of drop steel  
 forgings, and weldless steel tubing are offered this season  
 as low as \$75 and by reliable American Makers.

It is the outcome of a healthy rivalry and experience in

JOHN N. GALLAGHER, Prop'r.

PHILADELPHIA, WED'Y. JULY 15th, 1891.

For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communications for publication may be left.

MR. Edward F. Felton, clerk of the Operative Builders' Association, of this city, has very generously sent us a beautifully bound copy of the by-laws and list of membership of that association. The work itself seems to have been prepared with the view of presenting the greatest amount of invaluable data possible within its covers, besides which it is illuminated by a picture of the massive building at Broad and Columbia avenue, the headquarters of the association, a well executed picture of the session hall of the association and portraits of W. T. B. Roberts, president, Chas. N. Banker, vice president, deceased, Wm. C. Merritt, and C. C. Moore. The association is in a very prosperous condition and its influence in local legislation, to the great and lasting benefit of the city and its citizens, has been so effectively exemplified during the past year, as to leave no room for doubting the wisdom of our operative builders in conceiving and perfecting its organization.

A New Mechanics' Lien Law.

AN Act securing the right of sub-contractors to file mechanics' liens and preventing interference with this right by contracts.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by the authority of the same, That no contract which shall hereafter be made for the erection of the whole or of any part of a new building, with the owner of the lot on which the same shall be erected, shall operate to interfere with or to defeat the right of a sub-contractor, who shall do work or shall furnish materials under agreement with the original contractor, in aid of such erection, to file a mechanics' lien for the amount which shall be due for the value of such work or materials furnished, unless such sub-contractor shall have consented in writing to be bound by the provisions of such contract

with the owner in regard to the filing of liens. Without such written consent of the sub-contractor, all contracts between the original contractor and the owner, which shall expressly or impliedly stipulate that no such lien shall be filed, shall be invalid as against the right of such sub-contractor to file the same.

SECTION 2. All persons contracting with the owner of ground for the erection or construction of the whole or of any part of a new building thereon, shall be deemed the agent of such owner in ordering work or materials in and about such erection or construction, and any sub-contractor doing such work or furnishing such materials shall be entitled to file a mechanic's lien for the value thereof, within six months from the time the said work was completed by said sub-contractor, notwithstanding any stipulations to the contrary in the contract between the owner and the contractor, unless such stipulations shall have been consented to in writing by such sub-contractor.

*The above having been signed by Gov. Pattison, is now the law.*

Architects Notes.

Furness, Evans & Co., 209 S. Third street, Philada., have made plans for a new recitation hall for Delaware college, Del., and for which, estimates will be asked at once, these will be in by the 14th inst.

Walter Smedley, 435 Chestnut street, Phila., in the competition for a Hospital building for the Insane and house for the poor, at Nashville, Tenn., won the second prize. The construction of the work has been awarded to W. C. Smith, of Nashville, Tenn. There were thirteen competitors.

New estimates are being made on the Clarke, Thomas & Co., factory, at Twenty-third and Ritner streets, as the plans have been somewhat modified by the architect, John T. Windrim, 132 south Third street, under the new bids, the contract will likely be made in about ten days. A full description of the structure was given in a previous number of this journal.

Daniel S. Beale architect, Lucas Building, Philada., has made plans for a hotel for the Tazewell Court-house Improvement Company, to be erected at Tazewell, Court House, Va., to be frame, stone foundation, three-stories high, with Spanish tile roof and all modern comforts on interior. Estimates are now being made on the work.

Isaac Pursell architect, 119 S. Fourth street, Philada., having furnished the plans for a large hall building and club-house, to be built on the S. E. corner of Broad and Ridge avenue, which will be erected by M. M. Owens, who will supervise the same until completed. Work will be started at once upon the structure. This building has been noted previously in this journal.

Frank R. Watson architect, 518 Walnut street, Philada., has made drawings for a new National Bank, at Atlantic City, N. J., which will be fitted with the latest improvements in the way of safes, electric appliances, etc. Also plans for a house for Edward Vare, to be erected at Fourth and Snyder avenue, which will be three-stories high, press brick, stone facings and steps

and fitted with all modern conveniences; also plans have been prepared by the same architect, for house at Frankford, for Wm Herrick, and another for John Dewees, both of which will have all modern improvements.

The Schimel Preserving Company, who proposes to erect its factory at Beach and Noble streets, has plans again on the boards for estimates for work of construction. A full description of the building appeared some weeks since in this journal.

Michael McManus, contractor, 313 North Second street, has been awarded the contract to erect the school house at Woodbine and Sprague streets, for \$39,003; also for one at Sixteenth and Cumberland streets for \$57,991, both of which have been fully described before in this journal.

It is proposed by E. R. Preistly, owner of the carpet mills, 1310 Lawrence street, and destroyed by fire on the 6th inst., to rebuild at an early day, or as soon as all the insurance matters are adjusted and plans considered. Their orders for goods are very large and pressing, hence the necessity of an early start.

Beck & Conley, contractors, 115 N Seventh street, will at once begin the erection of a five-story office and warehouse structure at 134 N. Seventh street, to be 18x49 feet and fitted with all modern conveniences. Elevator, electric work and good sanitary plumbing, gas fitting and steam heat will be introduced.

Charles F. Trego, 56 N. Thirty sixth street, has just purchased a tract of land at Poquessing and Grant avenues; also a farm adjoining on Poquessing Creek for the purpose of building operations, as the new elevated Northeastern road will run in close proximity to the site. The ground will be cut up into lots and streets, after grading takes place.

The contract to erect the large five-story store and office building, to be built by Carl Lauber, on west side of Ninth street, below Filbert, has been given to Charles B. Prettyman, builder, 1731 S. Twentieth street and 25 N. Juniper street, and he will at once begin the work under supervision of Constable Brothers, architects, who drew the plans.

The arbitration between W. M. Groff and William Jay Turner, of 63-65 Upsal street, Germantown, in reference to dividing fence between properties, has resulted in directing that a palisade fence be erected, each to pay one-half the expense; the question arose over the intrusion of pet canines, the above fence will replace an iron and hedge one.

Treasurer Thomas H. Marshall, of the Master Builders' Exchange Trade's School, is in receipt of another check for \$3,000, the second instalment of the generous contribution of Col. Auchmuty, of New York City, who has promised to contribute that amount yearly for three years in support of the Trade's School, inaugurated so successfully by the Philadelphia Master Builders' Exchange.

The officers of the Grand Castle and chairmen of the various committees held a meeting on June 27th, to perfect arrangements to erect a K. G. E. hall in Philadelphia. Sub-committees were appointed to procure information from architects and others. It is proposed to erect a building, costing not less than \$50,000, suitable for the Grand Castle offices, session, committee and banqueting rooms.

The Secretary of the Treasury has requested the following gentlemen to serve as commissioners, without compensation, to recommend to him a suitable site for the new Mint at Philadelphia, authorized by the act of March 3, 1891: E. H. Fidler, Samuel Gustine Thompson, Anthony J. Drexel, William M. Singerly, James H. Windrim, Alexander K. McClure and O. C. Bosbyshell.

An organization known as the Philadelphia Amateur Swimming Club has been organized, and at a recent meeting appointed a board of directors or governors, as follows: Prof. Edwin J. Houston, W. H. Rocap, J. W. Toy, S. Max Enstine, Joseph Delancy, Jno. F. Huneker, M. Stratton, Jr., and others. From the above, a building committee is to be selected, to take into consideration the erection of a club house upon their ground at Shawmont.

Mr. Frederick B. Esler, president of the N. E. Elevated Railway, has returned from New York, and speaks in the most flattering way of the bright prospects of the undertaking. A committee has been appointed to consider proposals for building the road and will advertise at an early day, for bids either by sections or a whole. The company's headquarters for the present are in the sixth floor of the Manhattan Life Insurance Company's Building, Fourth and Walnut streets.

P. A. B. Weidener, W. B. Elkins and others, representing the Traction and Empire lines of railways, contemplate at an early day, vast improvement in the way of erecting suitable stables and depots upon ground recently purchased by the above-named contracting parties, extending from Thirteenth to Broad and from Ritner to Wolff, covering an area of three squares of ground to be improved, much of this however, will be taken up in construction of dwellings, mills and other buildings, than those spoken of above.

A number of enterprising gentlemen, interested in real estate matters, have formed an association for the improvement of all the property along Elm avenue, between Belmont avenue and Fortieth street, by which it will be enhanced in value, beautified and made a leading locality for suburban homes. Among the present owners of property belonging to the above named association are Mr. Joseph Wilcox, Professor E. J. Houston, Charles V. McManus, John D. Baltz, William L. Springs and the Belmont Iron Works, owners of a former factory site, F. E. Paige and others. It is stipulated in the agreement that none other than ornamental houses with stone and fancy fronts, four stories high shall be erected. Those already there are to be remodelled, the fronts to recede about five feet from the present line, so as to allow of bays, porches and verandas fronting towards Fairmount Park Boulevard and Memorial Hall site. It is also proposed to make considerable changes in the buildings about and near Forty-second street and Elm avenue, and extending south from the latter avenue to Viola street. All these structures will have new fronts and interiors, with latest improvements and conveniences. The large apartment house at 4100 to 4106 Elm avenue will be altered and improved, elevators and electric work, with a restaurant will be added. Much of the credit for the success of this undertaking is due to William Trautwine, conveyancer, who lives in the vicinity at 850 North Forty-first street, and who is financially interested.

—The Emmons Powder Company, with headquarters at Cleveland, Ohio, are considering the erection of an immense plant somewhere between Marcus Hook, Pa., and Claymont, Delaware. The estimated cost of the proposed plant is \$1,000,000.

—At Reading, Berks Co., a meeting has been held for the purpose of taking action to secure the location for the proposed asylum for Chronic Insane, for which the Legislature has appropriated \$500,000. S. E. Ancona was chairman of the meeting.

—At Avondale, Chester Co., a dwelling, to cost \$4,000, will be erected by Mr. D. Connell, from plans prepared by Frank R. Carswell, of Wilmington, Del. It will be 25x52 feet, two stories high, frame and stone, slate and shingle roof and modern conveniences.

—At Media, Delaware Co., Inspector Griggs has recommended the Supplee Building as a site for the new post office. If favorable action is taken a new front will be put in by Mr. Supplee and a number of interior alterations made and new furniture of an improved pattern put in. All boxes will have combination locks.

—At Marshallton, Chester Co., the congregation of the Methodist Episcopal Church will erect a new church edifice. It will contain an auditorium 32x48 feet and a lecture room 23x29 feet. Proposals are advertised for to be in by July 22. Geo. H. Sindel is President of Board of Trustees.

—At Olyphant, Lackawanna Co., an ordinance has been passed by the Borough Council, authorizing an increase of the town's debt \$10,000, for the purpose of introducing electricity and electric lights for commercial purposes. Mr. O'Brien, president of Council, can give information.

—At Johnstown, Cambria Co., J. J. Strayer has commenced work for the erection of a three-story brick dwelling for Charles F. Kress. Messrs. Smith & Robinson, architects, have prepared plans for a double house for William Lloyd & Son, which will be of stone and brick. The same architects are preparing plans for a residence for Dr. E. H. Griswold, to be erected at East Hartford, Conn.

—At Pittsburgh, R. M. Pyatte will erect a two-story brick dwelling, to cost \$5,000. The Oil Well Supply Co. has taken out a permit to erect five one-story shops and factories, at a cost of \$21,700. Riter & Conley are the builders. Mary Elder will erect a two-story brick dwelling on Rebecca street, at a cost of \$5,000. Jos. Backer will erect three two-story brick dwellings, to cost \$3,800. S. Peranesky will erect three-story dwelling, to cost \$3,000. Jno. Irwin will erect two-story frame dwelling, to cost \$2,800.

### Architects Notes.—Continued.

Willis G. Hale architect, 1524 Chestnut street, Philada., has prepared elaborate plans for alteration and addition to residence of Mrs George H. Meyers, of Bethlehem, Pa. The structure will be of Perth Amboy brick, three-stories high and Spanish tile roof. A beautiful porch adorns the front, windows and doors will have French polished plate glass, etc., all modern comforts and conveniences will be introduced.

Hickman & Thatcher architects, 925 Chestnut street, Philada., have completed all the plans in detail, for the church to be built for the Reformed Keneseth Israel congregation, on north Broad, near Susquehanna avenue and placed them on boards for estimates. These are now in progress and the contract will be awarded soon. A full description of the church has been heretofore given in this journal.

Peabody & Stearns architects, 60 Devonshire street, Boston, Mass., have prepared elaborate plans for a country residence, for Dr. DaCosta, of Philada., to be built at Villa Nova, on the Main line of the P. R. R. The structure will be of stone, three-stories high, slate roof, with considerable ornamental architectural ornamentation on exterior, interior in hard wood of various kinds, electric work and all modern conveniences introduced.

A. W. Dilks architect, 1001 Chestnut street, Philada., has completed all plans for the building for the First National Bank of Woodstown, N. J., and has awarded the contract for building to James Johnson, 1713 Sansom street. The structure is to be 64x54 feet and a tower 69 feet high, upon one corner front, of Pompeian brick and red sandstone, inside will be in oak finish and fitted with vaults safes and electric work, operations to begin at once.

Edwin F. Bertolette architect, 257 S. Fourth street, Philada., has completed plans for the "Buck residence," Royersford, Pa., for W. C. Urner, to be 40x35 feet, three-stories high, slate roof, metal trimmings and modern conveniences, also drawings for a two-story brick school-house to be erected at Hammonton, N. J., 75x85 feet. It will contain primary and intermediate classrooms; also study, assembly and superintendent's rooms. Also plans for an European hotel, restaurant and cafe, at West Chester, Pa., three-stories high, comprising residence and banquet hall, the front to be ornamental brick, terra cotta and metal tile, for James Spence, Esq., to be fitted with all modern conveniences, including electric work, steam heat, gas fitting and best of sanitary plumbing, etc.

J. W. Offerman has prepared plans for the church to be erected by Father Sheedy, at Third avenue and Ferry street. The style of architecture will be Romanesque, the material brick, with stone trimmings, the dimensions 59x79 feet. Work will begin on the structure early in the autumn. The estimated cost is \$20,000. A new church is contemplated by the congregation of John the Baptist, at Liberty and Thirty-second streets, from plans also prepared by Mr.

Ogerman. It will be of the gothic style of architecture, with two towers. The material will be stone, and all modern improvements will be introduced. The estimated cost is \$65,000. Also plans for the Italian church to be erected at Webster avenue and Tunnel street, at a cost of \$12,000. It will be of brick and stone, handsome interior finish, seating capacity of about 800.

The president of the Board of Trustees of the Carnegie Library, J. B. Scott, has issued a circular to architects, containing directions in regard to the competitive plans which are desired from architects for the proposed Carnegie Library building, to be situated at the main entrance of Schenley Park, Pittsburg, Pa. The estimated cost of the building or buildings, is \$750,000 and the successful architect, will receive five per cent. on the cost of construction, the next six sets of drawings, to receive \$2,000 each. The Board of Trustees, states that the accommodations must be sufficient for 200,000 volumes for reference, 25,000 for circulation and that the music hall must seat 2,000 people, the stage must have a seating capacity of 400; also to accommodate an art gallery, a museum and accommodations for a general meeting of the Academy of Science and Art, the Art Society, Engineer's Society, Microscopical Society, Botanical Society, Amateur Photographers Society, and the Architects' Society. The buildings to be as fireproof as possible. The plans must be in by November 1, 1891 and work will begin as soon thereafter, as possible.

Wilson Bro's., architects, Drexel Building, Philada., have just completed the plans for the additional story to be placed on the Master Builders' Exchange, Seventh street below Market and placed them in the hands of contractors for estimates. They contemplate a front elevation in keeping with the old structure, walls being of brick, with stone trimmings, galvanized cornice, tin roof, special cooking arrangements in kitchen, electric work and steam heat, and all modern improvements; calculations are now in progress and the contract will be announced at an early day. Copies of blue prints may be seen on second floor of the Exchange building. The above architects have awarded the contract for construction of the foundation and train shed portion of the P & R terminal covering the space east of Twelfth street and from Filbert to Arch street. This will comprehend that portion allotted for the Market-place, which will be substituted for the present one and will be built with all modern devices in the way of cold storage and refrigerating appliances; also convenient elevators will be placed in different portions of the structure, to convey persons and parcels. The lower floors will be concrete work and the stall floors will be somewhat raised above the main one, to facilitate the cleaning of them daily, which will be done by flushing, immense elevators will be located in various parts of the market, to lower the produce by the carload to the market floor from the train shed, an electric plant will at once be put in operation upon the ground, as under the contract, the work of building will be continued night and day until completed. It should also be understood, that this does not in any way include any portion of the main front of the depot, at Twelfth and Market streets, as these plans are yet incomplete in detail and have not been placed for estimate or exhibit. Chas. McCaull, contractor.

Charles R. Lee, architect, 4216 Walnut Street, Philadelphia, Pa., has been engaged to prepare plans for a Baptist Church to be erected at Elm Station, on the main line of the P. R. R. The structure will be 30 x 60 feet, of stone, one story high, Gothic architecture. The interior will be finished in chestnut and sanded walls decorated with buff plaster. A Sunday school and library will be placed in the basement. Messrs. Harry Hopper and Newbold Trotter are interested in the success of the undertaking. Contracts not yet awarded.

W. L. Bailey, architect, 138 South Fourth street, has completed plans for coachman's house for Samuel B. Brown, at Haverford College, P. R. R., to be of stone, slate and shingled roof, fitted in good style with all accommodations. Estimates on work are being received.

Mr. Arthur Trescott, architect, has returned from Columbia, Tenn., where he has been engaged in the construction of government buildings for arsenal purposes. Mr. Trescott is the partner of William L. Bailey, architect, 138 South Fourth Street, Philadelphia, where they will now pursue their profession jointly. Both gentlemen are well known in the school of architecture.

A. J. Stewart, architect, 322 Huntingdon street, Philadelphia, has prepared plans for erection of a five-story factory 60 x 202 feet, to be of brick with stone trimmings, tin roof, fitted with steam power, electric wiring, freight lifts and all modern conveniences. The structure will also be erected at once under his special supervision.

Minerva Parker, architect, 14 South Broad street, Philadelphia, is preparing plans for a house and offices to be erected at Santa Barbara, Cal., for Ida V. Stambauch, M. D. They will be of frame and shingle work, with all modern conveniences.

Addison Hutton, architect, 400 Chestnut street, has prepared plans for some minor alteration to the Bell Telephone building, 406-8 Market street, which will be made at once under his supervision.

Under supervision of Geissinger & Hales, architects, 1200 Chestnut street, who drew the plans, work will at once be commenced on the Powell Bros. Mills, at Twenty-eighth and Parrish streets; a full description of this work has been given in the columns of this journal.

M. Fielding, architect, 110 South Fourth street, has made drawings for a Presbyterian church to be built at Winona and Pulaski avenues, Germantown, to be one-story high, Indiana limestone, tin roof, heated by a 36 Novelty heater, of which there will be two, tower upon corner of streets. Estimates are now being made for the work.

John D. Allen, architect, 1017 Chestnut street, has completed all the plans in detail for the alteration of the Chestnut Street Opera House, owned by Col. Jos. Bennett, and leased by Zimmerman and Nixon, the managers. These consist principally of new galleries and ten handsome proscenium boxes, new seats throughout, new decorations in French and Italian renaissance, handsome embellishment in the way of fresco work and delicate wood coloring. The box railing will be in brass grille work with some silver plating upon the same. The main entrance or arcade will be made a bower of beauty, in relief mouldings and painter's art; new electric work with all latest improvements will be introduced, all under direction of the above named architect and to be finished in time for opening in September.

H. A. Roby, architect, Torresdale, has prepared plans for additions to Eden Hall Academy, at Torresdale, on the Delaware river. Plans are on boards of contractors for estimate, and contemplate a two and a half story structure, walls to be of Trenton brownstone, slate roof, all modern conveniences, etc.

Joseph D. Austin, architect and supervisor Board of Education, Philadelphia, 713 Filbert street, has completed plans for school house for 27th Section, to be built on Chestnut below Thirty-sixth street, three stories high of Red Hummelstown stone and trimmed in lighter colors at corners, roof to be of slate, electric bells throughout, artificial stone pavements and considerable cement

work; fire escapes, lightning rods and all modern school attachments will be introduced. These plans are out for estimates on the boards of general contractors.

J. W. Offerman, 501 Market street, Pittsburgh, Pa., has prepared plans for the church to be erected by Father Sheedy at Third avenue and Ferry street. The style of architecture will be Romanesque, the material brick with stone trimmings, the dimensions 50 x 79 feet. Work will begin on the structure early in the autumn. The estimated cost is \$20,000. A new church is contemplated by the congregation of John the Baptist Church at Liberty and Thirty-second streets, from plans also prepared by Mr. Offerman. It will be of the Gothic style of architecture with two towers. The material will be stone and all modern improvements will be introduced. The estimated cost is \$50,000; also plans for the Italian church to be erected at Webster avenue and Tunnel street, at a cost of \$12,000. It will be of brick and stone, handsome interior finish, seating capacity about 800.

W. A. Fink, architect, Reading, Pa., has made plans for a block of eight fine houses to be erected by the Guardian Building and Loan Association, of Pottstown, Pa., at Franklin and South streets, on Hartman estate property. They will be three stories high, brick, stone facings, and best of modern conveniences. Dr. Charles Moore is President, and A. K. Shaner, Secretary, Pottstown, Pa.

M. L. Christman, architect, Norristown, Pa., has finished plans for an addition and alteration to the Shuler Hotel, at Pottstown, Pa. The structure will be raised to four stories, with a mansard roof, and fitted on interior with all modern improvements. Estimates are being received now for the work. The owner is Mrs. Elizabeth Shuler, widow of the former proprietor.

J. W. B. Fry, architect, 119 South Fourth street, Philadelphia, has made drawings for a large warehouse to be built for Jacob Fegely, President of the National Iron Bank, at Pottstown, Pa. The structure will be 30 x 120 feet, three stories high, of brick with stone trimmings. The contract has been awarded to Davidheiser and Wiand, of Pottstown.

Brown and Day, architects, Penn Mutual Building, 927 Chestnut street, Philadelphia, have just completed the new office building rear of 914 Walnut street, and will now begin extensive alterations to the front of same building, for the Fidelity Mutual Life Association. This will include introduction of considerable interior marble and galvanized work, as well as electric wiring and minor detail work. The same architects have just awarded the contract for alteration of 1309 Brown street, property of Jno. F. Keator, Esq., to Burd. P. Evans, Germantown. These consist of an entire new front of brick, with brown stone trimmings, and plaster work, as well as interior work, best of sanitary plumbing, etc.

PHILADELPHIA, WED'Y. JULY 22d, 1891.

*For the convenience of members of the Master Builders' Exchange, we have secured Box No. 199 at that place, where any communication for publication may be left.*

A very large sale of building lots at auction is booked for the 22d inst., by M. Thomas & Sons, at the Philadelphia Exchange, Third and Walnut streets, for Mr. Thomas P. Twibill, 608 Chestnut street. Six hundred lots will be offered, comprising what is known as "Columbus Park," bounded by 17th, 19th, McKean streets and Passunk road. A number of streets have been cut through, and various improvements made in the way of curbing, paving, grading etc. Gas and water have also been introduced, making this a very desirable site for building purposes.

**Building and Real Estate Notes.**

John J. Cassidy, builder, corner of Moyamensing avenue and McKean street, is about to begin the erection of twenty-six two-story houses on McKean street, east of Moyamensing avenue, to be of press brick, brown stone trimmings and latest modern improvements on interior.

The Emanuel Methodist Episcopal Church at Manayunk has taken title to property on north-east side of Wood street, and south-east side of Gates street, being 75 x 89 feet 8¼ inches, for a nominal consideration.

J. H. Fritzinger has the contract to erect the new building of the A. Campbell Manufacturing Company, Manayunk, which was recently destroyed by fire. The new structure will be five stories in height. The structure will have a tin flat roof with numerous sky-lights, steam power and heat with one or more freight-lifts, etc.

President McLeod of the Philadelphia and Reading R. R., has made an examination of the plans for the main building of the terminal station at Twelfth and Market streets, and expresses himself as well pleased, and at an early day they will be placed upon the boards of a number of contractors for general estimate and the contracts awarded. Wilson Bros., architects and engineers, Drexel Building, prepare all designs and supervise the entire construction of the work.

The work of demolishing the old church building at Broad street and Penn Square has

been begun and Allen B. Rorke, contractor, will at once begin the erection of the John F. Betz office building which will occupy the site, a full description of which we have given in a previous edition of this journal. Will H. Decker, architect, will supervise the construction.

The citizens of the Thirty-fifth ward have subscribed \$2500 for the improvement of Delaware avenue from Holmesburg junction to the Holmesburg pike, a distance of 3200 feet. The pavement will be Telford or macadam.

Quite a large number of mills and factories of different kinds are being enlarged, or under process of alteration, beside those now being erected as new structures entirely, among which may be mentioned one for C. H. Masland & Co., the Amber Carpet Mill at Amber and Westmoreland streets, also that of J. B. Byer & Co., at Frankford avenue and Westmoreland street, Thomas Jones, Rug and Curtain Mill at Frankford and Allegheny avenues, also the large mill of J. H. Prestly, Rudolph and Thompson streets, being rebuilt entirely. The factory of Jos. Whitehead, at Huntingdon and Cedar streets, will also be rebuilt at once. In this work, in general, will be needed steam power fittings, elevators, electric wiring, gas and water work, engines and general machinery of a varied character.

Archbishop Ryan on the 16th inst. privately laid and blessed the corner stone of the new convent at Andalusia, on the Delaware river, which is being erected by Sister Catharine. The plans for this structure were prepared by Charles M. Burns, Jr., architect, 717 Walnut street, and the structure will be erected under his supervision.

Preparations are being made to erect the great office and society building, to be built by the Order of The Iron Hall, on Broad street above Arch. The old building is being torn down, after which the plans will be placed on the boards for estimates upon the basement and foundation; then the superstructure will follow. All to be done under the supervision of the building committee and F. S. Newman, architect, of Springfield, Mass. The ground will be cleared for action in about ten days.

The property committee of Board of Education has notified the contractor for the new section of the Girls' Central Combined School, on Centre street, Germantown, that he must at once relay the cement floors in the cellar according to his agreement before final payment will be made for the building.

The contract for the erection of the A. Campbell manufacturing company's new building at the foot of Robeson street on the bank of the canal, has been awarded to John H. Fritzinger, of Manayunk. The contract price is \$22,000. The structure will be five stories high.

It is the intention of the directors of the Children's Homœopathic Hospital, 914 N. Broad street, to enlarge the building and make considerable alteration. A building 60 x 40 feet on Carlisle street is proposed with a wing extending eastward to the main building now facing on Broad street, also a new method of heating and ventilating is thought of, as well as other minor details. President of Board of Directors, E. J. Howlett; Vice-President,

Enoch Turley; Secretary, H. D. Brown; Treasurer, Wm. H. Allen; Resident Physician is Edmund H. Kase, M. D.

Jno. Core and James Beaver, both of Frankford, have bought lots in that town and intend erecting houses. The former will build four and the latter one, all to have latest and best conveniences and comforts.

J. H. Stevenson & Son, Ridge road and Diamond street, will at once begin the erection of eight two-story houses on north side of French street west of Ridge Avenue, to be press brick stone trimming and best of interior arrangements.

John B. Carey, 3806 North Broad street, is about to begin an operation of twenty-three nice two-story houses 14x28 feet on south side of Somerville street, west of Twenty-sixth, all to be of press brick stone facings and modern conveniences.

A committee consisting of Magistrate Milligan, Messrs. Franklin, McCouch, Wilson and John DuBree, of the Cameron Club, Broad and Carpenter streets, has been appointed to at once commence the renovation of the rooms at the above locality. It is proposed to finish the interior in hardwood, and purchase new carpets and furniture; also to have electric wiring introduced and other minor detail work done.

The Church of the Holy Spirit, at Eleventh and Snyder avenue, is about to put a new organ in the church, and for that purpose has appointed Messrs. Kemp, McClelland, Snyder and Armstrong a committee to purchase the instrument as well as secure the necessary funds.

W. F. Dixon, a well-known paper dealer, has secured the charter asked for at Harrisburg, Pa., for the construction of the Roxborough Railroad, to extend from that place to Plymouth, Montgomery County, Pa., a distance of about 10 miles. The road will begin at Cheltenham and Pulaski avenues, Philadelphia, and extend to the place named above. Mr. Dixon is the largest owner of stock in the concern.

The Director of Public Works has closed South street bridge for repairs, which must be done by August 10, 1891. Only pedestrians will be permitted to travel over the structure at present.

In the matter of proposals for the work upon addition to the Master Builders' Exchange, Seventh street below Market, bids were opened on the 20th inst. by the Board of Directors, and Jno. R. Wiggins, builder, found to be the lowest, amount being for construction of addition \$10,836, and for minor work \$425; total \$11,261. Bids were scheduled and referred to the Building Committee for action.

Burd. P. Evans, contractor, who was awarded the contract for the alterations of Calvary P. E. Church, of Germantown, has conditionally released the trustees from the contract in order to allow new estimates to be made, this being rendered necessary by the fact that the old walls have been condemned by the Building Inspector as being unfit for use. Isaac Pursell, architect, 119 South Fourth street, drew the plans for the new structure.

Hickman & Frotcher, architects, Penn Mutual Building, 927 Chestnut street, Philadelphia, are yet engaged with the Building Committee of the Keneseth Israel Temple, considering estimates on their proposed building on Broad street above Susquehanna avenue.

Church congregation to erect a brick church and a three-story brick dwelling at the corner of Gar-such avenue and Independence street. Henry W. Matthews and others have incorporated the Oriole Tablet Machine Company, capital \$15,000. G. A. Owens and others have incorporated the Pratt Manufacturing Company. George R. Webb and others have incorporated the West Arlington Telegraph, Telephone, Electric Light and Power Company, of Baltimore City. James A. Davis and others have incorporated the Graining and Decorating Company. Charles Markell and others have incorporated the Baltimore City Cold Storage Warehouse Company, capital stock \$100,000. Schwab Bros. & Co. have sold forty-five building sites at Oakland on the W. M. R. R. All the purchasers intend soon to erect residences thereon.

### Through Delaware.

At Wilmington, the German League has under consideration the purchase of the picnic grounds at Brandywine Springs. If purchased they will be converted into picnic grounds on a grander scale. W. Jenks Fell is the trustee of the estate.

At Newark, the board of trustees of Delaware College at their meeting, held on July 14th, accepted the plans of Furness, Evans & Co., of Philadelphia, for a new college building. Bids for this structure will be asked for in a short time.

At Wilmington the work on the foundations of the new post office building will be completed in a short time, and bids will be received for the remainder of the structure.

**Washington, D. C.**

The building at the Southeast corner of Twentieth and G streets, N. W., and occupied by the Concordia Lutheran Church, will be demolished to make way for the handsome new structure to be erected by that congregation, from plans prepared by Schulze & Goenner, of Washington. It will be of brick with stone trimmings, all modern improvements and conveniences and a seating capacity of 700. Rev. Ernst Drewitz is the pastor. The Building Committee has Dr. J. Walter as Chairman, Edward W. Koch, Secretary, and Albert Grupe, Treasurer.

A block of dwellings will be erected at Twenty-third street and Ward place by W. A. Vaughn, at a cost of \$25,000. T. F. Schneider, 933 F street, has made the plans for a handsome residence to be erected by Colonel L. Andrews, of the United States Army, at the corner of Mintwood place and Columbia road, Washington Heights. It will be of red brick with trimmings of red Portage stone, slate roof, handsome oak stairway, screens, panels, etc. The drawing-room will be in white and gold, steam heat, electric lights and all modern improvements. A two-story brick stable will be erected in the rear to harmonize in style with the residence. J. H. Merriwether will erect a dwelling on Third street, between N and O streets, N. W. It will be of press brick, Hummelstown stone, modern improvements; estimated cost, \$3000. A. P. Clark, Jr., 605 F street, N. W., has prepared the plans for a Presbyterian Church to be erected at Kensington, on the B. and O. Railroad. It will be of stone, frame and shingle, with high shingle roof. The cost will be about \$5000. The contract for the erection of the Metzgerott Music Hall, on Twelfth street, near F street, has been given to W. S. Player, who has begun to demolish the building on the site. The contract does not include steam heating plant, plate glass, terra cotta work, electric work, painting, decorating, gas fixtures, etc. The plans have been drawn by Fava, Naef & Co., Corcoran Building. The estimated cost is \$80,000. The same builder, W. L. Player, will erect a dwelling for his own use on M street, between First and North Capitol streets, of Indiana limestone, brick, copper cornice, stone steps, interior trimmings of oak, cabinet mantels, electric bells, etc. The estimated cost is \$6000. The plans have been drawn by E. J. Snort. A. P. Clark, Jr., has made plans for alterations to the residence of John Walker, on B street, between Fourth and Fifth streets. The same architect has on hand plans for an addition to the Garfield Hospital. It will be four stories high, 32 x 85 feet, of red brick and Hummelstown brownstone. Steam heat and various other improvements will be introduced. The estimated cost is \$20,000. Mullett & Co. have prepared plans for a new front for the residence of Dr. H. M. Newman, on Pennsylvania avenue, near Twenty-fourth street. T. W. Sweeney will erect a dwelling on Massachusetts avenue, near Tenth street, from plans prepared by C. A. Didden. It will be of press brick and Warsaw blue stone, slate roof, copper cornice, terra cotta frieze, iron slips, cabinet mantels, tile work, etc. The cost will be \$4000.

## EXCELSIOR RANGES.

\*24 Sizes and Varieties.\*

For 30 years the standard of excellence in Philadelphia, and now better and handsomer than ever. No first-class house is complete without one, 75,000 now in use in Philadelphia and vicinity. Ventilated oven, oven-door pedals, grates that give perfect control of fire at all times. Single oven, double oven and hot air ranges at moderate prices. Specify the "Excelsior Ranges" if you want the best. Send to the Manufacturers,

All Responsible Dealers  
supply them.

isaac A. Sheppard & Co., 4th STREET AND  
PHILADELPHIA. MONTGOMERY AVENUE.

For their pamphlet "Perfect Cooking" giving full description.

## MEN WHO BUILD HOUSES

Need to Buy Ranges.

If they themselves occupy them of course the ranges should be good ones. If they intend selling or renting them good ranges in the kitchen will help the Builder or Owner to sell or rent to better advantage. In either case

## Does it Pay

to put in cheap ranges of no particular reputation, when a mere trifle in the way of additional expense would provide the

"Excelsior" or the  
"Fidelity"?

## FIDELITY RANGES.

7 and 8 Inches, Right and Left Hand.

Just the thing for small Houses. No brick-work. Plumbing reduced to a trifle, Hot Water in abundance. The latest and the best of their class.
